M'ALISTER'S ALL HEALING OINTMENT.

AB OUT the year 1817, I was living in the north part of the state, pursuing the occupation of a farmer. One day while chopping in the woods, I very accidentally dropped my foot nearly off, instead of the tree. During this misfortune I employed myself in perusing fragment leaves of an old volume, printed in England some hundred of years ago. Among these scattered leaves I read of a herb which had been analyzed by some of England's ancient Alchemists, possessing properties and qualities never before found in any plant that was ever discovered.

This one herb, under the force of the Retort and Crucible, developed more than ten distinct properties. This fact struck my mind so forcibly, that it was impossible to get rid of it. Something seemed to tell me that Providence, whose special care is extended towards all his creatures, had never concentrated into one small herb so many medical qualities, as various and complicated, although perfectly identical as the human blood, without a wise and good purpose. Here was to be found the acids, the alkalie the oils, the water, the air, the salts, the soda, &c., all combined, concentrated, and chemically united into one single element of power, forming a substance more allied and affinity to the human blood than was ever before discovered in the works of nature. Laboring under these impressions for several years I became uneasy, discontented, and unwilling to confine myself longer to the duties of a farmer. Every thing seemed to point my mind to one object viz: the preparation of this herb into a medicine. I then determined to return to the city of New York. I did so, and immediately inquired for the herb I was not to be found. I then sent to Europe and there found it under another name.

Having prepared the article to my satisfaction, I gave it away to all who would use it. Hundreds, I might say thousands, took it into their families and used it some for one thing and some for another, and all from the very first to the very last, pronounced it of unrivalled excellence and power.

The first case that came under my observation, was a man that had lost the use of his arm for some years. The ointment restored his arm completely in a few days. This surprised me as much as it did the patient. After him there came a man with sore eyes, produced by gunpowder—a very bad case indeed—One box only sufficed to make a perfect cure. And I would remark that hundreds have been cured of sore eyes, who never found any relief but in this ointment.

The next came a woman who was suffering excruciating pain from the ague in the face. Her physician (thinking it the tooth-ache) had extracted seven of her teeth. But the difficulty still remained as bad as ever. The application of the All Healing Ointment was attended with immediate cessation of pain. Her husband, however, began to swell, and the surface was covered over with pimples or eruption like prickly heat. In one day this all disappeared. About the same time, a lady made application with it for the headache of long standing, and a falling of the hair. The Ointment cured her headache, and restored her hair. Since this, I have known the Ointment to cure cases of ten, twenty and forty years standing. I hesitate not to say, that it is almost an infallible remedy for this complaint.

About this time there were two cases, one of Consumption, and the other of Scrofula, which had baffled the skill of every physician who prescribed. It was wonderful to witness the effect of the Ointment on these persons. No one would believe it unless they had personally witnessed it. But it did the work properly. There was no half way business, for they recovered their health in a few months.

Rheumatism, Fever, Quinsy, Sore Throat, Cutaneous Eruptions, Diseases of the Spine, and Nervous Complaints were treated with unheard of success. But in Chest diseases, such as Asthma, Pain and Oppression, I believe there is no better remedy. Also the common diseases, such as Ulcer Sores, Scald Head, Humors of the Skin, Inflamation, Piles, Sore Eyes Sprains, Bruises, and Burns, it seems to be a perfect antidote. People would come into the store smiling, wishing to know if I was really the Seventh Son, or whether the Ointment that I gave them was indeed All-Healing in its nature. For said they, not one single application has failed to cure.

Liver Complaint, particularly, was treated with great and universal success. It produced such good results in all cases, that it has been noised abroad, and I was offered sums of money for a receipt, to make it for private use merely. Every man spoke well of it, as it had done so much good.

Notwithstanding all, I have been careful not to recommend it, except in cases I knew it would do good. I was never willing to lend myself to any thing without first testing its merits. This I endeavored to do on every occasion, and when I acted as one of the Sick Committee in the Lodge of I. O. of O. F. I then tested it upon Brothers in the most critical conditions, and had abundant opportunity of proving its worth.

And, in conclusion, I would remark that I have placed this Ointment before the people of the United States during the last nine or twelve months, and so general has been the satisfaction, and so great the amount of good done, that more than half a million of boxes have already been sold. I do really believe there never was a medicine which gained such wide spread, universal and unanimous satisfaction as the All-Healing Ointment. From all parts of the land there have come up one deep, sincere and universal voice of approbation saying 'M'Alister, thy tongue hath dropped the word of truth and love, while health forever attend thy footsteps."—And were I now to give all the good sayings of the people, their unqualified approval, their thankfulness and gratitude, their joy at recovering from disease and sickness would fill a volume.

CAUTION EXTRA.

A man by the name of CLAPP has engaged with a young man of the name of S P. Townsend, and uses his name to put up a Sarsaparilla, which they call Dr. Townsend's Sarsaparilla denominating it GENUINE, Original, etc. This Townsend is no Doctor, and never was; but was formerly a worker on railroads, canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived, and purchase none but the GENUINE ORIGINAL OLD Dr. Jacob Townsend's Sarsaparilla, having on it the Old Dr's. likeness, his family coat of arms, and his signature across the coat of arms.

PRINCIPAL OFFICE, 102 NASSAU ST., N. Y. CITY.

OLD DR. JACOB TOWNSEND

THE ORIGINAL DISCOVERER OF THE

Genuine Townsend Sarsaparilla.

Old Dr. Townsend is now about 70 years of age, and has long been known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL "TOWNSEND SARSAPARILLA." Being poor, he was compelled to limit his manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value. It has reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful

HEALING POWER.

Unlike young S P Townsend's, it improves with age, and never changes, but for the better; because it is prepared on SCIENTIFIC PRINCIPLES by a SCIENTIFIC MAN. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the Old Dr's Sarsaparilla. The Sarsaparilla root, it is well known to medical men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Sarsaparilla are so *volatile*, that they entirely evaporate and are lost in the preparation, if they are not preserved by a *scientific process*, known only to those experienced in its manufacture. Moreover, these *volatile principles*, which fly off in vapor; or as an exhalation, under heat, are the very essential medical properties of the root, which give to it all its value.

The Genuine Old Dr. Jacob Townsend's

SARSAPARILLA,

Is so prepared, that all the inert properties of the Sarsaparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way, it is made the most powerful agent in the

Cure of Innumerable Diseases.

Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing wonders in the cure of

CONSUMPTION, DYSPEPSIA, and LIVER COMPLAINT, AND IN RHEUMATISM, SCROFULA, PILES, COSTIVENESS, ALL CUTANEOUS ERUPTIONS, PIMPLES, BLOTCHES, and all affections arising from

IMPURITY OF THE BLOOD.

It possesses a marvellous efficacy in all complaints arising from indigestion, from Acidity of the Stomach, from unequal circulation, determination of blood to the head, palpitation of the heat, cold feet and hands, coldchills and hot flashes over the body, it has not its equal in Colds and Coughs; and promotes easy expectoration and gentle perspiration, relaxing stricture of the lungs, throat and every other part.

But in nothing is its excellence more manifestly seen and acknowledged in all kinds and stages of

FEMALE COMPLAINTS.

It works wonders in cases of Fluor Albus or Whites, Falling of the Womb, Obstructed, Suppressed, or Painful Menses, Irregularity of the menstrual periods, and the like; and is as effectual in during the forms of Kidney Diseases.

By removing obstructions, and regulating the general system it gives tone and strength to the whole body, and thus cures all forms of

Nervous Diseases and Debility,

and thus prevents or relieves a great variety of other maladies, as Spinal irritation, Neuralgia, St. Vitus' Dance, Swooning, Epileptic Fits, Convulsions, &c.

It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflamation, purifies the skin, equalizes the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration; relaxes all strictures and tightness, removes all obstructions, and invigorates the entire nervous system. Is not this then

The Medicine you pre-eminently need?

But can any of these things be said of S. P. Townsend's inferior article? This young man's liquid is not to be

COMPARED WITH THE OLD DR'S,

because of one GRAND FACT, that the one is INCAPABLE of DETERIORATION, and NEVER SPOILS,

while the other does; souring, fermenting, and blowing the bottles containing it into fragments, the sour, acid liquid exploding, and damaging other goods! Must not this horrible compound be poisonous to the system!—WHAT! PUT ACID INTO A SYSTEM ALREADY DISEASED WITH ACID? What causes Dyspepsia but acid? Do we not all know that when food sours in our stomach, what mischiefs it produces! flatulence, heartburn, palpitation of the heart, liver complaint, diarrhœa, dysentery, colic, and corruption of the blood?—What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum., Erysipelas, White Swellings, Fever Sores, and all ulcerations internal and external? It is nothing under heaven, but an acid substance, which sours, and thus spoils all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid, which insinuates itself between the joints and elsewhere, irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deranged circulations, and nearly all the ailments which afflict human nature.

Now is it not horrible to make and sell, and infinitely worse to use this

SOURING, FERMENTING, ACID "COMPOUND" OF S. P. TOWNSEND,

and yet he would fain have understood that Old Dr. Jacob Townsend's Genuine Original Sarsaparilla, is an IMITATION of his inferior preparation!!

We wish it understood because it is the absolute truth, that S P. Townsend's article and Old Dr Jacob Townsend's Sarsaparilla are heaven wide apart, and infinitely dissimilar; that they are unlike in every particular, having not one single thing in common.

It is to arrest frauds upon the unfortunate, to pour balm into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom, and vigor into the crushed and broken, and to banish infirmity that OLD DR JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

GRAND UNIVERSAL CONCENTRATED REMEDY

within the reach, and to the knowledge of all who need it, that they may learn and know, by joyful experience, its

Transcendent Power to Heal.

FOR THE REMOVAL AND PERMANENT CURE OF ALL NERVOUS DISEASES,

arising from an impaired, weakened or unhealthy state of the Nervous or Vital system.

The astonishing and unprecedented results which have been achieved by this new and wonderful discovery of the mysterious powers of Galvanism and Magnetism, has induced the proprietor to extend the knowledge of its virtues, that the thousands who are now suffering beyond the reach of relief, may become partakers of its acknowledged benefits and be restored to the enjoyment of health and happiness.

DR CHRISTIE'S GALVANIC BELT

has been pronounced by many distinguished physicians both in Europe and the United States, to be the *most valuable medicinal discovery of the age.* It is a beautiful instance of Art aiding Science to produce the highest beneficial results, and it is believed that few inventions have ever been so perfected and so entirely successful in their results.

It is used with perfect and certain success in all cases

OF GENERAL DEBILITY

from whatever causes it may arise, strengthening the weakened system, and invigorating the body. Rheumatism acute or chronic, Fits, Cramp, Epilepsy, Lumbago, Paralysis, Palsey, Indigestion,

DYSPEPSIA,

Tremors, Stiffness of Joints Palpitation of the Heart, Apoplexy, Neuralgia, Pains in the Chest and side,

LIVER COMPLAINT,

Diseases of the Kidneys, Spinal Complaint, and Curvature of the Spine, Hip Complaint, Spasms and all

Nervous Diseases

arise from one simple cause—

A Derangement of the Nervous System

No drug has, or can have, any effect on them except to increase the disease, for drugs but weaken the system; while under the strengthening, life-giving, vitalizing influence of Galvanism, health succeeds disease, and the patient is restored to health and vigor solely by the outward application of Dr CHRISTIE'S GALVANIC BELT

The peculiarity and great beauty of Christie's Galvanic and Magnetic curatives consist in the fact that they cure disease by outward application instead of the usual mode of drugging and physicking the patient till exhausted Nature sinks under the infliction.

THEY STRENGTHEN THE WHOLE SYSTEM,

a power possessed by no other remedial agent except GALVANISM.

Since their introduction into the U. States more than

50,000 Persons

including children, and ladies of all classes, have been the recipients of their benefits. To illustrate its nature suppose the case of a person afflicted with that bane of civilization—DYSPEPSIA. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties after the action of the stimulant has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a dyspeptic sufferer even in the worst symptoms of an attack and simply fix the belt around the body, using the magnetic fluid as directed. In a short period a insensible perspiration will set on the nervous element of the belt, thereby causing a Galvanic circulation which will pass to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation thro' the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. *A few days is often amply sufficient to eradicate the disease of years.*

To Dr. CHRISTIE:—Three months since I purchased from your agent, in Montgomery, your *Galvanic Belt, Necklace, & Fluid*, for my wife, who had been afflicted with a most excruciating Neuralgic affection of the head, back of the neck, teeth, and jaws, for nearly two years. In vain did I resort to medical advice, nothing even gave her temporary relief except morphine and quinine; now, however, I am happy to say she is perfectly restored and blessed with excellent health.

Very sincerely and respectfully,

I had not much confidence in them, but determined to give them a fair trial, and I now have the heartfelt pleasure to tell you that *I am entirely cured* of both complaints, and am now in better health than I ever was since I recollect. The following is an extract from a letter received from Messrs Moseley & Tucker, well known Druggists, Mobile, Alabama.

"There is a Dr Hartwell (Doctor of Divinity) in Marion in this state, who has used Dr Christie's Galvanic Bracelets for the purpose of curing a nervous spasmodic affection of the hands and arms. Upon the least excitement, mental or physical, his arms become in violent motion, which was perfectly unconstrollable. He tried the GALVANIC BRACELETS, with the magnetic fluid, and with such success, that since that time (four months ago) he has not had a single attack, although he has traveled to Cincinnati, and there took an active part in the exciting scenes of a Baptist Convention. THIS Medicine has acquired a very extended and established reputation wherever it has been used, based entirely on its own merits, which its superior efficacy has alone sustained. The unfortunate victim of hereditary disease, with swollen glands, contracted sinews, and bones half carious, has been restored to health and vigor. The scrofulous patient, covered with ulcers, loathsome to himself and his attendants, has been made whole. Hundreds of persons, who had groaned hopelessly for years under cutaneous and glandular disorders, chronic rheumatism, and many other complaints springing from a derangement of the secretive organs and the circulation, have been raised as it were from the rack of disease, and now, with regenerated constitutions, gladly testify to the efficacy of this inestimable preparation. The testimony of those who have been cured by its use, with their residences, has been published from time to time; and were it desirable, a mass of the most overwhelming testimony could be brought forward, proving most conclusively its inestimable value. The afflicted, and those who have not used this medicine, are invited to make a trial of its virtues, and appropriate to themselves the benefits which it alone can bestow.

CANCEROUS ULCER CURED, OF SEVEN YEARS' STANDING.

This cure was effected in July, 1844; there have been no symptoms of a return, and her health still continues good, July, 1848.

MESSRS. SANDS:—Gentlemen—I consider it but an act of justice to you to state the following facts in reference to the great benefit I have received in the cure of an obstinate CANCEROUS ULCER on my breast. *New York, July 25, 1844.*

I was attended eighteen months by a regular and skillful physician, assisted by the advice and counsel of one of our most able and experienced surgeons, without the least benefit whatever. All the various methods of treating cancer were resorted to; for five weeks in succession my breast was burned with caustic three times a-day, and for six it was daily syringed with a weak solution of nitric acid, and the cavity or internal ulcer, was so large that it held over an ounce of the solution. The doctor probed the ulcer and examined the bone, and said the disease was advancing rapidly to the lungs, and if I did not get speedy relief by medicine or an operation, the result would be fatal. I was advised to have the breast laid open and the bones examined; but finding no relief from what had been done, and feeling I was rapidly getting worse, I almost despaired of recovery, and considered my case nearly hopeless.

Seeing various testimonials and certificates of cure by the use of SANDS' SARSAPARILLA, in cases similar to my own, I concluded to try a few bottles, several of which were used, but, from the long deep-rooted character of my disease, produced no very decided change. Considering this as the only probable cure for my case, I persevered until the disease was entirely cured. It is now over eleven months since the cure was completed; there is not the slightest appearance of a return. *I attribute my recovery wholly and the cure entirely effected by* SANDS' SARSAPARILLA, *as I took no other medicine of any kind during the time I was using it, nor have I taken any since.*

Please excuse this long deferred acknowledgment, which I think it my duty to make. Your valuable Sarsaparilla [illegible] and I am myself under lasting obligations to you. I can say many things I cannot write, and I do most respectfully invite ladies afflicted as I have been, to call upon me, and I will satisfy them fully of the truth as stated above, and many other things in reference to the case.

NANCY J. MILLER, 218 Sullivan-street.

LIVER COMPLAINT.

The following is an extract from a letter received from Rev. William Galusha:—

MESSRS. SANDS:—I have been afflicted with a severe pain in my side, occasioned by a diseased liver, for the last twenty years, suffering at times what I thought can never be cured; but since taking your Sarsaparilla I have been greatly relieved, so much so that I have been able to attend to my business, and preach occasionally, for the last fifteen months. I wholly discarded all other medicine, and thoroughly tried the Sarsaparilla, which I can recommend in truth and sincerity to all those who are in any way afflicted with any species of scrofulous complaints. There have been some remarkable cures effected by its use in this vicinity. Mrs. I. Shaw, by the use of six bottles, was restored to better health than she had before enjoyed for ten years; and Mrs. W. Stevens, who had been severely afflicted with Erysipelas, was entirely cured by the use of a few bottles. Yours truly, WM. GALUSHA. *Berkshire, Vt., Oct. 22, 1845.*

CURE OF A SCROFULOUS AFFECTION OF THE EYES.

MESSRS. SANDS:—Gentlemen—My little daughter, aged one year old, was attacked with a scrofulous humor on her face, which soon after extended into her eyes, causing almost total blindness in one of them, and disfiguring her whole face. I employed two physicians to attend her, who exhausted their utmost skill to give her relief, but it all proved unavailing, and really one of them remarked to me that he had known of some striking cures effected by SANDS' Sarsaparilla, and advised me to try it. I obtained one bottle, which she commenced using, and before it was all used up it had effected an entire cure. It is now over four years since she was cured, and there has been no reappearance of the disease, and we are satisfied that it is a perfect cure. It gives me great pleasure to add that I can recommend it to every sufferer from any similar complaint. Respectfully yours, GEORGE ROBINSON. *South Kingston, R. I., October 11, 1847.*
