DR. HOOFLAND'S CELBRATED GERNAN BITTERS

PREPARED BY

DR. C. M. JACKSON,

AT THE

GERMAN MEDICINE STORE,

No. 120 Arch St., Philadelphia.

Their power over the above diseases is unrivalled if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had retired.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and smaller glands, exercising the most searching powers in weakness and debility, and all disorders of the digestive organs, they are without, safe, certain and pleasant.

READ AND BE CONVINCED.

The Hon. Charles B. Benedine, Editor of the "Camden Democrat," the best paper in West Jersey, says, July 21:—

"HOOFLAND'S GERMAN BITTERS."

"We have seen many flattering notices of this medicine and the source from which they came, induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action, upon diseases of the liver and digestive organs, and the power it exerts upon nervous prostration is really surprising. It calms and strengthens the nervous, bringing them into a state of repose and makes sleep refreshing.

"If this medicine were more generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous system the great majority of real maladies originate. We speak from what we know in a healthy condition, and can now bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are indisposed to give a trial—if will then recommend itself. It should, in fact, be in every family. No other Medicine can produce such evidence of merit."

[*From the Boston Bee.*]

The editor said, Dec. 22d—

"*Dr. Hoofland's Celebrated German Bitters* for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience and to the afflicted we advise their use."

"Spirit's Weekly," one of the best literary papers published, said Aug. 25—

"*Dr. Hoofland's German Bitters,* manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in the complaints of female weakness. As such a case, we would advise all mothers to obtain a bottle and thus save themselves much sickness. Persons of debilitated constitutions will find these bitters advantageous to their health, as we know from experience the salutary effect they produce upon the weak systems."

Judge M. M. Noah, a gentleman with great scientific and literary attainments said, in his "New York Weekly Messenger," January 6, 1850.

"*Dr. Hoofland's German Bitters.*—Here is a preparation which the leading Journals in the Union appear to be unanimous in recommending and the reason is obvious. It is made after a prescription furnished by one of the most celebrated practitioners of modern times the late Dr. Christopher Wilhelm Hoofland, Professor of the University of Jena, Private Physician to the King of Prussia, and one of the most learned and eminent physicians ever produced. He was emphatically the enemy of humbug and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He especially recommended it in Liver Complaint, Dyspepsia, Nausea, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the Stomach, the Liver and the Intestines. We have seen letters from Philadelphia to the reputation of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances we feel warranted, not only in calling the attention of our readers to the present Proprietors (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States, the editor says of

DR HOOFLAND'S GERMAN BITTERS.

"It is seldom we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized and which have met the hearty approval of the faculty itself."

Evidence upon evidence has been received like the foregoing, from all sections of the Union, the last three years and the strongest testimony in its favor is, that there is more of it used in the practice of their regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will sooner win its way into public favor than a quack nostrum.

That they will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specially upon the stomach and liver—it is preferable to calomel in all bilious complaints, the effect is immediate. They can be administered to female or infant with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicine to attain to induce counterfeiters to put forth a spurious article at the risk of the lives of those who are innocently deceived.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON on the wrapper, and the same blown in the bottle, *without which they are spurious.*
