HOW CAN THE LONG LINE BE THE SHORT ?

A line may be a very long one and yet be the shortest between given points. For instance the St. Paul, Minneapolis & Manitoba Railway has over 3000 miles of road; magnificently equipped and managed, it is one of the greatest railway systems of this country; for the same reasons it is the traveler's favorite to all points in Minnesota North and South Dakota and Montana. It is the only line to Great Falls, the future manufacturing center of the Northwest; to the fertile fee lands of the Milk River Valley; and offers a choice of three routes to the Coast. Still it is the shortest line between St. Paul, Minneapolis, Fargo, Winnipeg, Crookston, Moorhead, Casselton, Glyndon, Grafton, Ferrus Falls, Wahpeton, Devil's Lake, and Butte City. It is the best route to Alaska, China and Japan; and the journey to the Pacific Coast, Vancouver, Tacoma, Seattle, Portland and San Francisco will ever be remembered as the delight of a lifetime once made through the wonderful scenery of the Manitoba-Pacific Route. To fish and hunt; to view the magnificence of nature; to revive the spirit; restore the body; to realize the dream of the home seeker, the gold-seeker, the toiler, or the capitalist, visit the country reached by the St. Paul Minneapolis & Manitoba Railway. Write to F. I. WHITNEY, G. P. & T. A., St. Paul, Minn., for maps, books and guides. If you want a free farm in a lovely land, write for the "Great Reservation" read it and resolve to accept the golden
