Hotel For Rent.

THE UNIVERSITY HOTEL in Oxford, Mississippi, will be rented to a good landlord, for one or more years, on reasonable terms. The Hotel is completely furnished, and contains thirty-six rooms, all elegantly furnished. There is a large Brick Stable on the premises. For particulars apply to the under-signed at Oxford, Mississippi.

PRICE & BARRINGEN,

Nov. 20, 1851.—22-3m. Proprietors.

FEVER AND AGUE, and Bilious Complaints Although long known as a sovereign remedy for chronic cases of Hepatic derangement, the proprietors of Dr. M'Lane's Liver Pills were not prepared for the following gratifying evidence of its capacity and curative powers in Ague and Fever, and Bilious complaints:

"MARION, BUENA VISTA, Nov. 29, 1847.

"Messrs. Kidd & Co.—About one year ago I was labouring under a very severe attack of Ague and Fever, but by the use of Dr. M'Lane's Liver Pills I was soon restored to perfect health. I believe them to be the best medicine for Bilious complaint that has ever been offered for sale in this section of the country. JAMES SHARPE."

For sale by JAMES JONES & CO.

June 7, 1851—n49-1y.

ARE YOU INSURED?
Are You Insured in a Responsible Office?

THE season of the year has arrived when every prudent man will see that his BUILDINGS or THEIR CONTENTS are insured in a responsible office.

THE PROTECTION INSURANCE OFFICE, OF HARTFORD, CONN.,

has now done business in the Southern and Western portions of the country for

TWENTY-SIX YEARS,

and is confidently believed to present very superior inducements for Insurance, second indeed to no office in the United States.

Policies issued by N. E. GOODWIN,

Columbus, Oct. 18, 1851—16-1m. Agent.

J. B. WALSCHUD,
40, *Dauphin Street, MOBILE.*

SOLE agent for Lenchie & Newton's New Patented Silver-string Piano Fortes. These Pianos are now used, in the North, in preference to all other instruments, on account of the improvement by the STRINGS, which are made after the new method of *Galvano-plastic*, having a finer pure bell-like tone, they keep free from any rust, and stay in tune much longer than the steel string instruments, and therefore would be particularly well suited in the country, where the instrument cannot be tuned so often.

Just received 6 new silver string Pianos, 7 Octaves, which are offered for sale on *moderate and accommodating terms*, and warranted for several years.

Also, Guitars, Violins, Flutes, Accordeons, Music, &c. Old Pianos taken in exchange.

Pianos and other instruments tuned and repaired.

March 21, 1852. 39-1y.

COME ON—THERE IS ENOUGH FOR ALL!!!—The following letter is published by the proprietors, that the public may perceive the constant demand which exists for Doctor McLane's celebrated Worm Specific. We have, however made such arrangements as will enable them to fill all orders promptly.

"SARAHVILLE, EXS, March 18, 1847.

"*Dr. McLane*—Dear sir—The Vermifuge you left with me last fall, has long since been sold, and I could have sold a great deal more if I had had it. Since my return from the East, I have been called upon nearly every day to write to you, requesting an immediate supply. I have already tried your Vermifuge in my own family, and found it to be the best I have ever used. E. F. MORRISON."

THIS is a truly wonderful remedy for indigestion, Dyspepsia, Jaundice, Liver Complaint, General Debility and Nervous Consumption, curing after Nature's own method, by Nature's own agent, the Gastric Juice.

Half a teaspoonful of Pepsin infused in water, will dissolve or digest, five pounds of roast beef in about two hours *out of the stomach*. For sale by

JAMES BLAIR, Agent.

June 7, 1851—49-tf

BULL'S SARSAPARILLA.
To the Public.

THE introduction of DR. JOHN BULL'S unequalled SARSAPARILLA, has formed an era in the medical world. Its rise, progress, and the many wonderful cures it has effected, since it was introduced to the public, have been a subject of great astonishment, and even commanded the admiration of the American people. When the history of this truly wonderful medicine is known, together with the extraordinary encomiums made by Dr. Bull, to make it the most valuable compound of Sarsaparilla known to the world, its rapid and unprecedented rise and progress will no longer be a theme of astonishment.

Twenty-six years since, Dr. Bull, then a boy, came to Louisville, and was employed for a number of years in studying the business of an Apothecary, with Messrs. Byers & Butler, and the celebrated Jos. Cecil, Jr. After leaving the services of Dr. George, Dr. Bull was employed by Dr. F. Scorch, an old and celebrated German physician of the city, and who was for many years a Surgeon in the Grand Army of Napoleon. Dr. Scorch, during his life, made a fluid Extract of Sarsaparilla for the especial use of the physicians of this city, and which was considered at that time by far the most superior article made. Dr. Bull was employed by Dr. Scorch, in compounding this celebrated Sarsaparilla; and he then conceived the idea, and nearly fully determined (seventeen years since) to introduce at some future period, for the consideration of the afflicted, a preparation of Sarsaparilla.

Since that time, his mind has been constantly employed in studying the ingredients, and experimenting to find a complete, safe, and valuable compound of Sarsaparilla, such a one as would be acknowledged by physicians as undoubted in its efficacy, and hailed by the afflicted with demonstrations of joy.—By close and unremitting study he at last succeeded in gaining the desired end. His Extract having been several years before the public, and its merits completely tested, he confidently appeals to the thousand certificates of its wonderful cures, and hence for its great superiority over all other similar compounds, it is therefore a matter of no surprise, that the question is frequently asked: "How does Dr. Bull's Sarsaparilla continue to advance rapidly in the favor and confidence of the public, when all other similar preparations, which have preceded his, have been cast aside as unworthy of the slightest notice?" Though it is not required, yet this question is easily answered. Dr. Bull has not worked alone for pecuniary preferment; gain has not been sole object; he has had a higher and a nobler aim constantly in view—that of relieving the suffering of his fellow creatures. Unlike those who compound a good article for a short time, that they may gain a reputation, and having attained the object of their wish, reduce their worthless mixture, in order to accumulate wealth, Dr. Bull has continued to use the costly ingredients, which his study and long experience enabled him to discover, and which has been of such invaluable service to suffering humanity.—He seeks to gain an unspotted reputation, not only for himself, but also for his renowned Sarsaparilla; and it is a fact worthy to be recorded, that every gallon of the Sarsaparilla sold by Dr. Bull is made with his own hands, and under his immediate superintendence. For several years past, he has been daily experimenting in administering his mixture, without charge, to patients pronounced incurable; and, to his eternal fame be it recorded, his efforts have been crowned with the most wonderful success. His Sarsaparilla has now gained such a wide a broad reputation, and been established upon such a solid basis, that he is firmly satisfied of its undoubted merits, and confidently challenges the combined Medical skill of Europe and America to produce, out of Sarsaparilla, a superior preparation to his Fluid Extracts.

Dr. Bull would here like to introduce a few of the many testimonials of the wonderful effects of his Sarsaparilla; but to publish the one quarter of the astonishing cures effected by the use of this truly great Medicine, would require a volume of five hundred pages, and the Doctor has to be satisfied by offering the opinions of a few distinguished men, believing that these opinions will be sufficient to induce all who are afflicted to give Bull's Sarsaparilla a trial.

TESTIMONIAL.

REV. E. W. SEHON—REV. E. STEVENS.

The following is a verbatim copy of a certificate now in the possession of the proprietor of Bull's Sarsaparilla. Rev. E. W. Sehon is widely and generally known as an eloquent and accomplished Pastor of the Methodist E. Church, and Rev. E. Stevenson has been known as one of the most talented and zealous members that the Kentucky Conference could boast of for many years, and at this time is filling the high and responsible station of agent for the M. E. Book Concern. Can the world produce better, or more satisfactory testimony in favor of any medicine?

LOUISVILLE, May 26, 18.

We have used John Bull's Sarsaparilla, and have known it to be used, with entire satisfaction; and we have no hesitation in stating that we believe it to be a safe and valuable medical compound, and calculated to produce much good and relieve much suffering, and therefore would cheerfully and most earnestly recommend it to the afflicted. E. STEVENSON.

Testimony like the following, renders superfluous all comments on the efficacy of Bull's Sarsaparilla:

From Dr. L. P. YANDELL, Professor of Chemistry in the Louisville Medical College:

"I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound and one that promises well in chronic diseases, to which it is applicable." L. P. YANDELL, M. D.

Louisville, June 6, 1848.

Better testimony than was ever offered in favor of any Medicine.

From Dr. Jas. M. Moore.

Mr. John Bull—I have no hesitation in saying that I believe your Sarsaparilla to be the best article ever manufactured, for the cure of Scrofula, and many other cutaneous and glandular affections, having used it with entire success in a number of the above cases.

Louisville, Dec. 26, 1847. J. M. MOORE, M. D.

Consumption, Liver Complaint, Female Irregularities and Complaints, Sick and Nervous Headache, Low Spirits, Night Sweats, Exposure or Imprudence in Life Chronic Constitution Diseases and is a spring and summer drink and general tonic for the system and a gentle and pleasant purgative, far superior to Blue Lick or Congress water salts or Sedlitz powders

GOOD TESTIMONY

The Louisville Courier thus speaks of Bull's Sarsaparilla:

We have been shown by Mr. John Bull, proprietor of that world-renowned preparation, "Bull's Fluid Extract Sarsaparilla," an original, genuine and beautiful letter addressed to him by the accomplished lady of one of the most eminent old physicians in the West, giving a detailed account of one of the most astonishing cures on record, performed alone by the use of "Bull's Sarsaparilla."

This most excellent and charming lady had long suffered from prolapsus uteri, fluor albus, piles, and chronic diseases of the stomach and digestive organs, and derangement of the whole system, attended with distressing cutaneous eruption, sick headache, and violent attacks of cramp. After exhausting all of her husband's skill, and applying to many celebrated medical gentlemen, both at home and abroad, and also using great quantities of "Townsend's Sarsaparilla," without the slightest relief, she was induced to use "John Bull's Sarsaparilla," and what was the happy result. After the use of a few bottles, a perfect and wonderful cure—the lady restored to perfect health and to her usual flow of spirits.

Such letters as the one we speak of must afford Mr. Bull more real gratification than could the possession of countless wealth, and whether he accumulates wealth or not by the sale of his truly valuable medicine, being its author's glory and honor enough, and he can say to the world, without fear of contradiction, "I have no my poverty relieved more human suffering than did Stephen Girard or John Jacob Astor with their millions."

This medicine, when used according to directions,

Will Cure without Fail!

Scrofula or King's Evil, Cancers, Tumors, Eruptions of the Skin, Erysipelas, Chronic Sore Eyes, Ringworm or Tetter, Scald Head, Rheumatism, pains in the Bones or Joints, Old Sores and Ulcers, Swelling of the Glands, Syphilis, Dyspepsia, Salt Rheum, Diseases of the Kidneys, Loss of appetite, diseases arising from the use of Mercury, Pain in the side and shoulders, General Debility, Dropsy, Lumbago, Jaundice, Costiveness, Sore Chest, Pulmonary Affections, and all other diseases tending to produce Consumption, Liver Compant, Female Irregularites and Complaints, Sick and Nervous Headache, Low Spirts, Sweats, Exposure or Imprudence in Life, Chronic Constitution diseases, and is a spring and summer drink, and general tonic for the system, and a gentle and pleasant purgative, far superior to Blue Lick or Congress water, Salts, or Sedlitz powders!

Manufactured at Dr. JNO. BULL'S Laboratory, 81 Fourth st., Louisville, Ky.

Drugs, Medicines, Chemicals, Patent Medicines, Toilette Bottles, Perfumery, Oils, Crandles, Varnishes, Sand Paper, Paints, Paint Brushes, Wines,

and every thing appertaining or connected with the DRUG BUSINESS. We also offer our services and attention to the manipulating portion of our business, and by strict and careful attention, hope to give satisfaction in this branch of our trade.—Our Stock in trade was selected with care, and every attention paid to the quality of our articles, and no pains spared on our part to get every thing of the purest quality, free from admixture or *adulteration.* [june 7-'51.

DALLEY'S *ANIMAL GALVANIC* is claimed by its inventor, to possess properties which—to the Farmer and Owner—and those having charge of Horses and Cattle, are of the utmost importance! This opinion is not a mere *ipse dixit* of the Proprietor, but based upon various, and faithful trials and applications.

The great properties of DALLEY'S ANIMAL GALVANIC, are few but positive!

Its prominent feature, and which no other article excepting DALLEY'S (world renowned) PAIN EXTRACTOR possesses, is,—to conquer inflammation!

In its action it is powerful, and possesses the properties of forcibly and rapidly drawing from the blood, and ejecting all impure matter, cleansing the wounds to which it is applied thoroughly, giving them a healthy tone, and consequently, effecting a rapid cure.

In case of swellings, if well rubbed on, it checks an subdues all inflammation in a very short time, and consequently, a speedy cure must naturaly follow

Its penetrating power is immense! hence, in various cases it has been successfully used in the cure of Bone-Spavin.

It stands to reason, however, that in cases where the Ointment has first to penetrate a hard substance before it can reach the sub-stratum of the disease, that a longer and more thorough application is necessary, than where the diseased locality can at once, by direct application, be brought under the influence of the Ointment—as in cases of Sores, Galls, Humors, Bruises, Broken Knee, &c., &c.

In all of such disease, it acts with electric rapidity Broken Knees it effectually cures without scar, or discoloration of the hair,—so that the injury cannot afterwards be traced.

BLAKE'S
PATENT FIRE AND WATER PROOF PANT OR ARTIFICIAL SLATE.

For the claims of Mr. Blake, as Patentee, to the exclusive disposition of this article, and for the numerous and reliable testimonials of its Valuable Qualities, they refer to the circular of Mr. Blake, containing information sufficient to convince the most skeptical of its Great Value; also, the opinion of the Hon. Daniel Webster as to the validity of Mr. Blake's Patent, and setting forth the liability to *legal prosecution* which all persons will incur in *preparing, selling, using and selling* the above named paint in violation of his right.

For themselves they would not act as agents for this article, or recommend it to their friends, had they not confidence in the numerous and highly respectable certificates, from men of science and practical experience favorably known throughout the country. Possessing these *Essential Properties* in addition to those of ordinary coarse paints, such as Yellow Ochre, Spanish Brown, Venetian &c., and requiring much *less Oil*, and hence greatly diminishing the cost; they would recommend the use of this paint, in their stead.

Its natural shades of Slate and Chocolate, if desired, can be changed by adding of other highly colored paints without affecting its quality. For preserving either Brick or Wood work, this Paint is superior to any other, forming a more durable and suitable ground-work, becoming hard like Slate, adding much to the health of brick houses, and the durability of the walls, by protecting them from external moisture. Especially is it superior to any other for Hulls of Vessels.

Tin roofs wel coated with this article, are the cheapest and best fire proof roofs in use.

Shingled roofs would be materialy protected from fire, and rendered more durable if covered with the same.

COLUMBUS, April 5, 1851. n40-tf.

From the President of Amherst College, the Celebrated Professor Hitchcock.

EDWARD HITCHCOCK, L. L. D.

From the widely Celebrated

Professor Silliman M. D., L. L. D., Professor of Chemistry, Mineralogy, &c., Yale College, Member of the Lit. Hist. Med. Phil. and Scientific Societies of America and Europe.

From one of the Physicians in Maine

quiry to the circular which the Agent below named, will always be pressed to furnish free, wherein are full particulars, and indisputable proof of these facts.

"James C. Ayer—Sir: I have used your Cherry Pectoral in my own case of deep-seated, Bronchitis, and am satisfied from its chemical constitution, that it is an admirable compound for the relief of laryngial and bronchia difficulties. If my opinion as to its superior character can be of any service, you are at liberty to use it as you think prope.

"I deem the Cherry Pectoral an admirable composition from some of the best articles in the Materia Medica, and a very effective remedy for the diseases it is intended to cure."

New Haven, Ct., Nov. 1, 1840.

MOSES PAGE, M. C., President of the Senate, states he has used the Cherry Pector with wonderful success, to cure an inflamation of the lungs.

Saco, Me., April 26, 1849.

Dr. J. C Ayer, Lowell—Dear Sir: I am now constantly using your Cherry Pectoral in my practice, and prefer it to any other medicine for pulmonary complaints. From observation of many severe cases, I am convinced it will cure coughs, colds, and diseases of the lungs, that have put to defiance all other remedies.

I invariably recommend its use in cases of consumption, and consider it much the best remedy known for that disease. Respectfully yours,

I. A. CUSHMAN, M. D.

Professor Alexander C. Barry's TRICOPHEROUS
Or Medicated Compound.

THE efficiency of this justly celebrated embrocation for invigorating, beautifying and imparting a gloss and silken softness to the hair, is now so widely known and acknowledged, that it has gained by its merits a reputation which is not for a day, but for al time. It is the province of science to subdue and control these physical evils which refined civilization has brought in its train; for so long as warm rooms and tight hats with the combined agency of other influences exist, wil thousands of unhappy victims be troubled with bald heads and grey hairs, to say nothing of the various cutaneous diseases to which the head is subjected. It was to relieve these evils that Professor Barry introduced his invaluable remedy, and among the thousand and one who have been his competitors, he now stands alone on that pedestal of success, hewn out of Barry's Tricopherous, and sustained by the favor and universal patronage of a discerning and intelligent public. For restoring the hair to its original growth, or preventing it from falling out, the compound has been pronounced by all medical men to be a sure remedy. For eradicating scurf, dandruff, and curing diseases of the skin, glands, muscles, stings and bruises, the Tricopherous will always be found a sale, speedy, and unfailing cure; and so long as

"Fair tresses man's imperial race ensnare,
And beauty draws us with a single hair,"

will Barry's Tricopherous be essential to the toilet of every lady and gentleman who desire to give a soft, glossy and luxurisnt appearance to the natural drapery of reason's throne. Sold in large bottles, price 25 cents, at the principal office, No. 137 Broadway, New York; and sold by the principal merchants and druggists throughout the U. States and Canadas, Mexico, West Idies, Great Briton and France.

October 11, 1851.—15-1y.

DALLAY'S GENUINE EXTRACTOR will subdue the pain and inflamation from the severest burns or scalds, in from one to twenty minutes—and that it will heal the wounds without scar and effectually cure *Fever Sores—Piles—Salt Rheum—Inflamatory Rheumatism—Sore and Inflamed Eyes—Cuts—Wounds—Bruises—Old and Inveterate Sores—Scald Head—Corns and Bunions—Erysipelas—Sprains—Swellings—Felons—Chilblains—Bites of Insects—Swelled and Broken Breast—Sore Nipples—Eruptions*—and all other inflamatory and cutaneous diseases, where the parts affected can be reached.

Don't be incredulous about the many diseases named, to be cured by only one thing—but reflect, that the few, but positive properties which the Dalley Salve alone contains, and as heretofore enumerated—one to four—can reach no less than the afore diseases, but many more not enumerated.

THE LIVER COMPLAINT.—Dr. M'Lane the inventor of the best remedy for that fearful disease, which has ever been offered to the public thus describes the symptoms which indicate a disordered state of that important organ:

"SYMPTOMS OF A DISEASED LIVER.—Pain in the right side, under the edge of the ribs, increased on pressure. Sometimes the pain is in the left side—The patient is rarely able to lie on the left side.—Sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for a rheumatism in the arm. the stomach is afflicted with loss of appetite and sickness—the bowels in general are costive, sometimes alternative with lax. he head is troubled with pain, accompanied with a dul, heavy sensation in the back part. here is generally a considerable loss of memory, accompanied with a painful sensation of having left no done something which ought to have been done. A slight dry cough is sometimes an attendant. The patient complains of weariness and debility—he is easily startled—his feet are cold or burning, and he complains of a prickly sensation of the skin. His spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it In fact, he distrusts every remedy."

Have you any or all of these symptoms? Call and purchase a box of Dr. M'Lane's Pills, at.

MCLANES VERMIFUGE.—The effects of this truly extraordinary medicine are most satisfactory in all cases in which it has been tried No other medicine has ever produced such effects so instantaneously. It has only to be administered, and relief folows as a matter of course. It has been used in the practice of the best physicians of our country, and by them pronounced equal if not superior to any medicine ever offered for the expulsion of worms. "It is the very medicine which was wanted," is a remark addressed to the proprietors daily. Read the folowing:

"This may certify that we have sold Dr. McLane's merican Worm specific, or Patent Vermifuge, the past year, and it has given unbounded satisfaction. It is no imposition on the community, but is what the author recommends it to be—a universal specific for those afflicted with worms.

DISSOLUTION.

THE copartnership heretofore existing between J. J. SHERMAN & G. W. SHERMAN, was this day dissolved by mutual consent. J. J. Sherman may be found at all times at the old stand, and is fully authorized to close the business of the old concern.

Geo. H. Harris having bought out the interest of J. J. Sherman, the concern will be conducted in future under the name and style of

Sherman & Harris,

who will keep a general assortment of Staple and Fancy Dry-Goods, and hope to merit a continuance of the patronage heretofore extended to the old concern. J. J. SHERMAN,
