General Directions.

Send only good articles. The freight and other expenses eat up poor goods. Put everything in good order. An attractive look secures examination, and often makes a sale where a dirty package or a slovenly appearance fails. Pack securely, so that the motion will not allow the contents to change about. Use plenty of *clean dry* fine cut straw with eggs. Mark plainly with paint—a stencil-plate is best—and note contents on the box or bbl., stating the amount, also. Send a letter at the same time stating what is sent, the route, time, &c. An invoice or list should also be inclosed in bbl. or box. Always state the number of packages. Secure for yourself a reputation or the goods, put up in best shape, so that your mark is in demand.

BEANS AND PEAS.

Receipts for the week 300 bbls. beans, or 238 less than last week, same week last year, 514 bbls. Shipment of beans past week, 131 bbls. The latter were sold at $3, as to within a day or two, 86 bbls. going at that price. A few even exceeded $3; sold early last week, but allow the rents to change about. Use plenty of clean dry
