"To-morrow, and to-morrow, and to-morrow,
Creep on in petty space from day to day
And all our yesterdays have lighted fools
The way of dusky death."

Procrastination is the thief of health as well as the thief of time. There are few things in which procrastination is so much indulged as in letter writing. We mean to write, but "to-morrow and to-morrow creep on" and we neglect it. This is bad enough when the correspondence is social or business in its character, but when it concerns the vital issue of health it is infinitely worse.

This touches *you*, if you are one of the women who have felt inclined to take advantage of Dr. Pierce's offer of a consultation by letter, *free*. You have studied the evidence which shows how other women have been cured. You cannot doubt but that Dr. Pierce's Favorite Prescription does cure diseases peculiar to women; irregularity, ulcerations, inflammations, bearing-down pains. You cannot doubt it, because of the force of the testimony of hundreds of thousands of weak women made strong, and sick women made well, and you mean to write—to-morrow.

Write to-day. Your letter will be read in private, its contents guarded as a sacred confidence, and an answer promptly mailed you in a plain envelope without any printing upon it. Address Dr. R. V. Pierce, Buffalo, N. Y.

"When I wrote you about my ailments I was living in Richland, Iowa," writes Mrs. M. Wethe, of 645 South Liberty Street, Galesburg, Ill. "I took six bottles of Dr. Pierce's Favorite Prescription, four of the 'Golden Medical Discovery' and four vials of Dr. Pierce's Pleasant Pellets. Before I had taken four bottles of the 'Favorite Prescription' I was a new woman. I cannot make you describe my heartfelt gratitude, but will confirm the truth of all I say to those who write (inclose stamped envelope for reply)."

Dr. Pierce's Pellets are a natural aid to beauty. They clear the complexion.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's catarrh cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly upon the blood and mucus surfaces of the system. They offer $100 for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, Ohio. Sold by all druggists, 75c. Hall's family pills are the best. w
