HUNT'S REMEDY.

THIS REMEDY WAS ORIGINALLY PRESCRIBED by an eminent physician for a case of Dropsy in New South Wales. Some time, and almost all of a most malignant and pathetic kind, was added with a severe attack of general dropsy, which in a few days threatened his life. The ordinary remedies had all proved ineffectual, and under their use the patient was fast falling into an alarming state. The dropsy was general and extensive, legs swollen to an enormous size and the water increasing rapidly. He was entirely unable to lie down in bed, and was forced to remain night and day in a sitting posture. This state of things continued until by the advice of the physician, supplied to the present remedy was tried. In consequence of its peculiar nature it was necessary to prepare it with great care, and in order to insure this it was intrusted to the family of Mr. Hunt to procure and compound it.

The remedy was administered, and almost from the moment of its reception a decided improvement became manifest. The kidneys were immediately affected and roused to action; the swelling of the legs rapidly subsided, the lungs were freed and resumed their healthy and agreeable action; the flesh of limbs resumed its elasticity, "making" remaining, and he was rapidly convalescing when unfortunately, prompted by this rapid improvement, he gave up the remedy for a short time.

It was unfortunate, for the curative process was arrested, the kidneys flagged in their action, again becoming torpid, the water increased with frightful rapidity and he once again found himself in a very alarming state. The remedy was again had recourse to, and by its persevering use the disease was a second time subdued. But this was a more aggravated and severe case, and it took all the virtues of the Remedy, combined with care and time, to eradicate the affection of the disease. But through a persevering use of it a permanent cure was effected, and he resumed his active out-door occupation, within a short time, a well man.

This was the manner in which the Remedy was brought into notice, and since then for a period of twenty five (25) years the medicine has been prepared after the same approved formula by Mrs. Hunt, and used by our first physicians in their private practice, for this and similar complaints.

It has been well and favorably known and extensively used throughout that time by all classes, both with and without the advice of physicians, and has been the means of saving from a lingering and frightful disease, and untimely death, many of our most estimable and well-known citizens.

HUNT'S REMEDY.

The only known Remedy for Bright's Disease, and has cured every case of Dropsy in which it has been given; Irritation of the Neck of the Bladder, Inflammation of the Kidneys, Ulceration of the Kidneys and Bladder, Diabetes, in Structure, and for Enfeebled and Delicate Constitutions of both sexes, attended with the following symptoms: Loss of Power, Loss of Memory, Difficulty of Breathing, Weak Nerves, Wakefulness, Painful and Dragging Sensation in the Back or Loins, Flushing of the Body, Eruptions on the Face, Pallid Countenance, Lassitude of the System etc.

HUNT'S REMEDY.

Has been before the public for more than twenty years, and has been the means of saving from lingering and frightful disease and untimely death hundreds of our most estimable and well known citizens.

This Medicine was Never Known to Fail.

Provided that until the Minister of Finance shall, by public notification in all the newspapers published in Honolulu, that he has adhesive stamps sufficient to supply the wants of the Public Postage Stamps of the Kingdom, may be affixed by the parties to all instruments liable to a Stamp Duty of less than One Dollar.

SEC. 4. All persons using adhesive Stamps or Postage Stamps, shall immediately deface and cancel the same by writing across them their names and the date of cancellation, or by some other means deface the same so that they may not be used a second time.

SEC. 5. Every instrument requiring to be Stamped shall be stamped fairly, and so that the Stamp cannot be used for another instrument on the same paper.

SEC. 6. Every instrument containing distinct matters or made for more than one consideration, shall be stamped on each matter or consideration.

SEC. 7. All consideration money shall be set out in words at length in all instruments, and all other considerations affecting the liability of an instrument to Duty shall be set out fully.

SEC. 8. All instruments, except those for which adhesive stamps may be used, may be stamped by the Registrar of Public Accounts within three months after the execution thereof without penalty being charged; but if stamped after the said space of three months the instrument shall be liable to, and the person presenting the same, shall pay a penalty of one hundred per cent. of the value of the duty. Provided, however, that instruments executed in foreign countries may be stamped within three months after their arrival in this kingdom without the payment of any penalty.

SEC. 9. No instrument requiring to be stamped shall be recorded by the Registrar of Public Conveyances, or be of any validity in any Court of this Kingdom unless the same shall be properly stamped. Provided that instruments improperly stamped may be received in evidence in Courts of Record if the unpaid duty and penalty be paid to the clerk of the court, and on such payment being made the clerk of the court shall forward the instrument to the Registrar of Public Accounts to be properly stamped.

SEC. 10. The Registrar of Public Accounts shall, in all cases, assess the duty payable upon instruments presented to him to be stamped, and on payment of the same he shall affix stamps denoting the amount paid and shall also denote the day of payment.

SEC. 11. If the Registrar of Public Accounts shall think an instrument presented to be stamped is not liable to duty, he shall affix a stamp thereon denoting such fact.

SEC. 12. If the Registrar of Public Accounts shall be in doubt as to whether an instrument is liable to stamp duty, or as to the amount of duty payable, he shall refer the matter to the Minister of Finance.

SEC. 13. Any person dissatisfied with the assessment made by the Minister of Finance may, on paying the duty within twenty one days and depositing with the Minister of Finance the sum of ten dollars for costs, appeal to the Supreme Court on a case which he may require the Minister to furnish, and the Court shall decide the question at the next ensuing term thereof. If the decision of the Minister is sustained, the sum deposited for costs shall be paid to the clerk of the court, otherwise shall be returned to the appellant.

SEC. 14. When the consideration for a conveyance consists of periodical payments for a definite period duty shall be charged on the total amount of such payments.

SEC. 15. If such payments are for a period not terminable with a life then duty shall be paid on the total amount of the payments for twelve years after the execution of the deed.

SEC. 16. When the consideration is a life annuity duty shall be paid on the amount of the payments for seven years after the execution of the deed.

SEC. 17. When property sold for one consideration shall be conveyed by separate instruments to a purchaser the consideration shall be apportioned as the purchaser may think fit.

SEC. 18. When a purchaser who has not obtained a conveyance shall sell to another and the property shall be conveyed direct to the latter, duty shall be charged on the consideration from the sub-purchaser to the first purchaser.

SEC. 19. When the consideration for any conveyance or other transfer of property consists of goods or other lands, the duty shall be calculated upon the market value of such goods or lands to be ascertained in such manner as the Minister of Finance may direct.

SEC. 20. Where property is conveyed subject to a mortgage the amount due upon such mortgage shall be stated in the body of the conveyance, and duty shall be calculated and paid upon the amount so due and the amount expressed to be paid in addition.

SEC. 21. In case of the sale of a sugar plantation, rice plantation, sheep or cattle, then duty shall be charged and paid upon the whole amount paid for the plantation or run improvements, stock and growing crops.

SEC. 22. The Registrar of Public Accounts may impress stamps upon blanks and furnish them to the Courts, Executive Departments, Collectors of Customs, Members of the Bar and others as the public convenience may, from time to time, require upon receiving the amounts of such stamps. Provided, however, that the Collector General of Customs and other public officers required to use stamps in the execution of their duties shall be entitled to receive them without such payment, they giving receipts therefor and being bound to account for the use and proceeds of the same to the proper department in their returns as required by law.

SEC. 23. The Minister of the Interior may stamp all instruments which are now by law liable to stamp duty if executed before this Act shall come into operation, and if presented to him for that purpose before the expiration of one month after that date; but all instruments not so presented within such time shall be liable to and shall be charged with the duties payable under this Act.
