AN ACT

Granting a Franchise to the Honolulu Gas Company.

Be it Enacted by the King and the Legislative Assembly of the Hawaiian Islands, in the Legislature of the Kingdom assembled:

Section 1. That a franchise be and the same is hereby granted to George Lucas, M. G. Elmore and W. W. Hall, their successors and assigns, under the name of the Honolulu Gas Company, to supply the city of Honolulu and its citizens and residents with illuminating gas for and during the period herein after expressed.

Section 2. Gas Works—They shall have the right to erect at some place in said Honolulu which the Privy Council may approve, not less than half a mile from the Bell Tower, gas works for the manufacture of illuminating gas, and the right to maintain and operate the same during the continuance of this franchise.

Section 3. Pipes and Mains—They shall have the right to lay down their mains and distributing pipes and supply pipes in all or any of the streets, alleys and public grounds of the city of Honolulu, as they may deem necessary or expedient, provided, however, that they cause no unnecessary interruption to the use of such streets, alleys or grounds in laying the same, and at such reasonable depths as will not interfere with the ordinary use thereof, and to restore the same after laying such mains and pipes, to as good order and condition as they were in before. Provided, however, that nothing herein contained shall be construed to be inconsistent with or repugnant to any of the laws of this Kingdom, the rules and regulations of the Fire Department, and the authority of the Minister of the Interior over the roads and bridges of the city of Honolulu.

Section 4. Branches Pipes and Mains—They shall have the right during the continuance of this franchise to dig up, remove, replace or repair such mains and pipes as they shall find necessary or expedient, also, to lay connecting pipes in any or all of said streets and grounds, for the purpose of supplying dwellings, stores, offices and any and all buildings, public and private, and street lamps for lighting the streets of said city, as may be necessary or expedient, and to replace and repair and remove the same, in all cases restoring such streets, alleys, or grounds to the same, or as good condition, as they were in before, and to conform to any change of grade made by the Minister of the Interior of the Hawaiian Islands, during the existence of this franchise.

Section 5. Lamp Posts and Lamps—They shall have the right to erect lamp posts and lamps for lighting the streets, alleys and public grounds of said city, at such places as may be designated by said Minister of the Interior, whenever mains or distributing pipes shall be laid opposite or contiguous thereto.

Section 6. Annexing Mains—They shall have the right at reasonable hours and times, to enter all buildings using gas of the company for the purpose of repairing and adjusting gas meters and pipes therein, and take account of gas consumed and for any and all purposes connected with the use of gas in such dwellings or buildings.

Section 7. Price of Gas—They shall have the right to charge, receive and collect from all consumers of gas, for gas furnished by them to such consumers, such price as they may from time to time fix and determine, not exceeding four dollars per thousand cubic feet, and a reduction shall be made for all gas used by the Government of one-third of the price charged other consumers.

Section 8. Service Pipes, Etc.—Said Gas Company shall have the right to charge consumers, or intended consumers, of gas for making connections with their mains and pipes and for such lengths of supply pipes as may be reasonable to convey gas from the main or distributing pipe to the building or lamp post as the case may be, a reasonable and uniform price to be fixed by said company.

Section 9. Discontinue Connections—Said Gas Company shall have the right at their discretion, to cut of the supply of gas from any consumer who shall refuse or fail to pay the proper bills of said company for gas consumed within such time as said company may fix for the payment of the same, but such cutting off of the gas from such consumer shall not prevent the said company from suing and recovering such unpaid bill or bills in any court having jurisdiction thereof.

Section 10. Right to Incorporate—Said George Lucas, M. G. Elmore and W. W. Hall may accept this franchise and erect and maintain said works as individuals, company, a private company or copartnership with the right to admit and receive therein such other person or persons as they may see proper, or may at their discretion become incorporated under the laws of the Hawaiian Islands, and convey or transfer to such corporation the franchise hereby granted.

Section 11. This franchise shall vest in said George Lucas, M. G. Elmore and W. W. Hall, their successors, associates and assigns, the right to construct and maintain gas works in the city of Honolulu, for the term of twenty-five years from and after the passage of this Act, provided, that they, their associates or assigns shall within nine months from and after the passage thereof, commence work thereon, and complete the same within eighteen months thereafter; and a failure to comply with the provisions of this Section shall operate as a forfeiture of this franchise, but no other penalty, forfeiture or liability on the part of said company shall be incurred for said failure.

Section 12. Quality of Gas—The gas furnished by said company for the purpose of lighting the said city of Honolulu shall be of standard quality of not less than fifteen candle power.

Section 13. This Act shall take effect and become a law from and after the date of its approval.

Approved this 11th day of July, A. D. 1884. KALAKAUA, REX.
