How the Days Follow Each Other.

The maritime powers of the world have agreed to make London the time center, and the 180th degree of longitude from London (or Greenwich) as the point where the day changes. This meridian, therefore, leads the day. Its passage under the 180th, or midnight, celestial meridian marks the beginning of a new day for the earth; hence today becomes tomorrow. We have a new date for the month and a new day for the week in the transition.

It is here, then, that Sabbath was born just to the west of Honolulu until it has made a circuit of the globe. Honolulu and New Zealand are only about thirty degrees apart in longitude, but they are a whole day apart as regards any particular day, because the point at which the day changes lies between them. Sabbath was born on the 180th meridian, and is a long way off from Honolulu.

It is morning there, too, but it is Saturday morning, while in New Zealand it is not yet day, but the Sabbath dawn is breaking. It is clear, then, that if it is Friday (near midnight) at Honolulu to the east of the line, and Sabbath (near 1 a. m.) to the west of it, a ship which sails from Honolulu to New Zealand, or from east to west, must sail out of Friday into Sabbath, and thereby skip the intervening Saturday, and gains a day; and vice versa, a ship which sails from New Zealand, where Sabbath has begun, to Honolulu, where Friday has just ended, and Saturday begun, or, from west to east, must lose a day. —Goldthwaite's Geographical Magazine.

London gas is 58 cents per 1000.

COURT AT KOHALA.

Japanese Sentenced for Inciting Laborers to Riot.

All the criminal cases at the Kohala term of court have been cleared up, and those in attendance there are back in Honolulu again. That is why Chester A. Doyle and Walter Jones are once more on the streets here.

The case in which the Government took the most interest was that of the Portuguese Gaspar and seven Japanese charged with inciting Japanese laborers to resist officers of the law. In the trouble resultant upon their action, one Japanese was killed and a constable was wounded. Though not entirely recovered, he was able to appear in court and testify.

The prisoners were defended by Paul Neumann and C. W. Ashford. Gaspar was fined $500 and sentenced to twenty-four hours' imprisonment; the Japanese luna was fined $200 and given a like sentence, and the other six laborers were each fined $75 and given a day in jail. The case was appealed.

The Japanese charged with murder was allowed to plead guilty to murder in the second degree, and given a twenty-years' sentence. The native charged with burning a school-house was sentenced for two years.

THE ALAMEDA ARRIVES.

Rough Weather Caused the Delay of the Steamer.

The Alameda arrived shortly after 8 o'clock last evening, seventeen days from Sydney. The report of her voyage, as made by the purser, is as follows:

Discharged Sydney pilot October 1st at 5 p. m.; stopped for Auckland October 5th at 5 p. m.; discharged Auckland pilot October 6th at 2:45 p. m.; stopped off Apia October 11th at 7 a. m.; sailed from Apia October 11th at 3:30 p. m: stopped for Honolulu pilot October 15th at 6:47 p.m. Between the latitudes of 32 deg. S. and 21 deg. S. encountered heavy NE gales, with a rough sea. Hove to thirty hours. At Apia struck a heavy swell rolling into the harbor, which caused an extra delay in loading.

"Many of the citizens of Rainsville, Indiana, are never without a bottle of Chamberlain's Cough Remedy in the house," says Jacob Brown, the leading merchant of the place. This Remedy has proven of so much value for colds and croup in children that few mothers who know its worth are willing to be without it. For sale by all Dealers. BENSON, SMITH & CO., Agents for H.
