REFRIGERATORS—APROVED GALVANIZED IRON REFRIGERATORS on practical and scientific principles. The best and most convenient article in use for preserving provisions, meat, fish, game, butter, milk, etc. They are so arranged that the ice water runs slowly through each shelf, and being confined from the effects of the dog air, keeps them at the coldest temperature, and at a comfortable influence to be of same throughout the whole apparatus. This is effected by the delegates from the ice, which is liquid as all other refrigerators. They are made to order, in the best and most piece of furniture; can be placed in any room, and have a water tap by which perfectly pure water can be had at all times, without additional cost. These Refrigerators are an improvement. They have been in successful use about two years, for the accomodation of those who have thus to use, or their families, will, since and use over the ice water supplied before the public. The improvements recently added by which the most perfect ventilation is insured, a great saving of ice has been obtained, more fruitful air insured and durability effected, certainly place them far in advance of anything ever offered for public patronage.

GALVANIZED IRON

Has been substituted for the shelving, in lieu of the thereby enabling us to offer them at a price far below that of porcelain, and consequently cost of lost of degreasable ulter which has heretofore been most objectionable in other refrigerators. In addition to the above improvements we have added to our convenient arrangements and unequaled price, also, they are more serviceable, as it is now extended long Ice's cotton from more durable than any other metal, as it is not affected by acid, salt, etc.

READ THE FOLLOWING!

DOCTOR JAMES'

Or Sea Customhouse street, New Orleans, La.

Would respectfully intimate to strangers and citizens who have unfortunately contracted upon themselves that most loathsome and appalling foes, that they can obtain the consolation of hope and the prospect of a speedy cure without mercury or any other poisonous drug.

Dr. JAMES, 82 Customhouse street, is acknowledged chief of his specialty.

Thousands can testify to the great success of Dr. JAMES in the treatment of

SYPHILIS, GLEET, GONORRHŒA, STRICTURE, SEMINAL WEAKNESS, IMPOTENCE, OR Diseases of the most horrible class, where the blood has become poison-ed, producing blotches on the face, Pimples, Ulcers, Blotches, Blisters, Pains in the Head and Bones, Ulcerated Throat and Nose, Scrofula; together with an endless number of sufferings, are earnestly advised to apply while they may yet be restored to health.

Alas! how many have been lost, not only by delay, but by the more fatal treatment of mercury, which, day by day, with the life destroying drug, which, while it does not exclude the disease, undermines the constitution, and finally poisons the blood, and the victim of life be cleared, yet how many have lost forever the use of organs so essential to human happiness.

Persons, therefore, cannot be too careful or cautious how they treat so nice a most delicate organs when weakened or inflamed by disease, as the irritative substance may, by neglect or bad treatment, be forever lost.

Dr. JAMES' long practice in New Orleans and principal cities of the Union, and without his unbounded success, he deems a sufficient guarantee of his skill and ability. He, however, who may be unacquainted with Dr. J.'s fame, he may appeal to a few of the many almost daily

OPINIONS OF THE PRESS.

Way is it—Hundreds of persons have been, from time to time, lingered of mental reason why it was that our friend and physician, Dr. James, No 82 Customhouse street, had gained such astonishing celebrity in his profession. We work, we ponder, we speculate, we ponder such interrogatories, but accounted fruitless from the fact that most of them were unpassable strong, to be our city. We, therefore, in the absence of a satisfactory reason, ascribed it to the doctor having applied himself assiduously for years, for the purpose of thoroughly perfecting himself in one particular branch, had succeeded in accomplishing what he aspired to, and, and now, by an extensive practice, enjoying the fruits of his long and studious application in the cure of those diseases which he advertises to treat.

N. O. Delta.

DR. JAMES.—Of all the medical practitioners who have chosen a special class of human affliction for their study, or to which to devote their life, he has been more uniformly successful, or who has become more justly celebrated, than Dr. James, whose arrangements are at No. 82 Customhouse street. Years ago, with a full practical knowledge of medicine in general, he studied out one of those hydras of human infirmity which general practitioners so rarely cope with successfully, and by assiduous study, surpassed the research into the remotest penetralia of the particular branch of his science, and the most careful and extended practice, he made him all the requisite knowledge, in direction, and made to both sexes, in all parts of the world, now know him or remember him with the sincere gratitude. For Dr. James's Medical Institute, the only one in the Southern States, or the United States, but exists throughout Europe. As a general thing, he is intuitive, and those who may come within the range of his treatment may call upon him with the full hope, but the assurance, of being restored to health and happiness.

N. O. Crescent.

DR. JAMES' DISPENSARY.—We recommend a careful perusal of Dr. James' advertisement in another column, to those afflicted with the diseases mentioned therein. We have seen many notices and testimonials of the speedy and safe cures effected by his remedies, and from his long experience and successful practice in N. Orleans, we have much confidence in recommending all who need his services to apply to him by letter or otherwise.

Galveston News, May 5.

Dr. James' success has won for him a wide spread reputation. [Gazette and Comet, Baton Rouge, La. m15 6t&1W

m15 CHAS. M. WATERMAN, Mayor.

☞ Whereas, the present urgent indebted-ness of this Company, and the terms of the contract with Messrs. J. T. Grant & Co., for the completion of seventy miles of road, rendered it absolutely necessary that the Company should realize at once the installments of its stock remaining due and unpaid on the 1st January, 1858, and without this realization, where payments have not been made, or some satisfactory arrangement entered into for the adjustment of all such indebtedness by the subscribers or holders of the stock certificates upon which there remains unpaid installments; therefore, be it

Resolved, By the Directors of the Southern Pacific Railroad Company, that the said Directors proceed, on the 15th day of February, 1858, between the hours of 10 A. M. and 4 P. M. at the Company's office, in the city of New Orleans, to sell at public auction, to the highest bidder, for cash, all the shares of the subscribers to the capital stock of the Company upon which installments are past due and unpaid—said shares to be transferred on the books of the Company, to the purchaser or purchasers thereof, as provided by the 6th section of the charter of this Company.

Resolved, That if the proceeds of sale, in any case, shall not be sufficient to pay the amount due by the subscribers whose stock is sold, with interest and charges thereon, the President of the Company is authorized to institute suits against the delinquents, and to prosecute the proper legal proceedings to collect the deficit from such delinquent subscribers, or to compromise, sell or dispose of the same, in any manner, or on such terms, as discretion, and make such transfer thereof as he may deem proper in the premises.

Resolved, that the President shall give a proper public notice, that a sale has been made of all such shares, and of the terms and time same paid thereon; and also have a Circular Letter addressed to each Subscriber whose name appears on the stocks of the Company, notifying him of the sale of his shares, and the balance shall exist, and thereby all future sales and transfers may be assigned by the mere delivery of the Certificates of Stock, which may be outstanding.

OFFICE SOUTHERN PACIFIC RAILROAD COMPANY,
New Orleans, February 19, 1858.

☞ Sir: In accordance with the above resolu-tions, passed by the Board of Directors of this Company, I beg leave to inform you that all Stock in your name, upon which Installments were due, and unpaid, was sold at public auction on the 15th inst.

This Stock has been purchased by some gentleman who have a large interest in the road, and they have instructed me, that should any stockholder wish to pay the amount due on his stock within one month from this date, to permit him so to do, and to save to him his Certificate of Stock.

Official information has been received, that the twenty miles of the Road, required by our Charter to be completed by the 15th of this month, was finished and the cars running thereon on the 15th inst.

Very respectfully, your obedient servant,

feb22 4aW GEO. S. KERGER, President.
