NEWSPAPER GRUMBLERS.

MEN WHO KNOW ALL ABOUT IT.

No Sheet so Poor But its Worth to the Reader is Greater Than its Cost.

Clark W. Bryan in The Writer: Of making of newspapers there is no end. Of grumblers, chronic and otherwise, there never will be an end. So true is this last assertion that it has long since passed into a saying that every man thinks he can make a newspaper better and more perfect than any one else. It would be idle to attempt to deny that there are many feebly-prepared newspapers, some unworthy of the name; but it may be safely maintained that, as a whole, the newspaper makers of the day do their work creditably and as impartially and successfully as it can be done under surrounding circumstances. Nine-tenths, yea, nineteen-twentieths, or even ninety-nine one hundreths, of the grumblers on this subject have not the faintest conception of what it costs in time, labor, besom and brains to make even a fairly good daily or weekly journal. The supposition—to use a quaint but oft quoted expression—that "it is as easy as rolling off a log" to make a newspaper is a severely fallacious one.

It is a very easy matter to open a paper or magazine and find places to criticise and condemn; to find something omitted that the individual reader thinks ought to have been there; to inveigh against the use of so much space for this thing and that; to mar vel at the manner of arrangement of printed matter; to dissent from positions assumed and statements made; to call this "trash," and that "rot," and the other hireling work. "Bosh" and "rot" have their places in all walks of life, and may not be entirely eliminated from the newspaper. Work for hire will also be had, and in many cases the editorial room will be influenced by the leanness or fullness of the money drawer in the counting room, but as clean a moral bill of health, it is safe to say, may be given to a justly-searching public from the editorial room as from any other of the arenas of professional or commercial life.

The faults of the newspaper are hung on its outer wall, are apparent at a glance, glaringly open to public inspection and subject to the distribes of censur-loving mortals; and this, too, in prominence that often keeps merit out of sight, or allows the latter to be passed by on the other side of hasty reading or cursory examination.

"What is one man's meat is another man's poison," may be pertinently quoted in this brief discussion. Newspapers are made for the million, and not for the individual. When the grumbler finds one that just fills the bill of his expections, it will need to be made to order, or, perhaps, he will make one himself, if the latter be the case it would be worth the trouble and expense of a long journey to see the result.

Whatever may be said to the contrary, it is undeniably true that conductors of the newspapers of our day not only keep well up with the procession of human event and accomplishment, but lead the van, as it is meet and right for them to do. Indeed, it will be difficult to formulate a newspaper nowadays that shall not contain something of interest and value, and worth the small sum the purchaser pays for it. If it is a penny paper, a cent's worth can be got out of it, if in no other way, in simply grumbling at it. If it costs two cents, a derived benefit may be had from a mathematical calculation as to what might have been omitted to make it worth only one cent. If the price is three cents or more, a comparison of the relative cost of the mechanical expenditure with that of the literary effort may be found both instructive and useful. In the course of many years' reading of all kinds of papers, I have never seen a sheet so poor that I could not get its cost out of a single calculation as to the relative quality of the white paper and the brains spread over it. I rarely see a paper in which I cannot find something that I had never come across before. It may be news, it may be running comment or editorial discussion on political, religious, commercial or literary topics. It may be the feature of scissors and paste pot, without which no paper is handsomely or completely equipped. It may be a glance at the advertisements and business notices. It may be a birth, a marriage or a death, of personal or broader interest. When all these points are covered, the paper is a relex, imperfect though it be, of the ways of the world, in which every one is interested.

The newspaper, as it is, needs no apology. Its best examples are marvels of excellence, and none so poor—not even the chronic grumblers—that they may not do them reverence. Its poorest may be improved, are being improved steadily, healthfully and promptly. The journal of today, broadly speaking, does itself credit, and is leaving the searcher out of its foibles and failings with less and less to carp at, as the great army of paper-makers and paper-readers move forward together toward the goal of human accomplishment.

There was a terrible epidemic of dysentery and bloody flux in Pope county, Illinois, last summer. As many as five deaths occurred in one day. Messrs. Walter Brothers, of Walterburg, sold over 360 bottles of Colic, Cholera and Diarrhoea Remedy during this epidemic, and say they never heard of its failing in any case when the directions were followed. It was the only medicine used that did cure the worst cases. Many persons were cured by it after the doctors had given them up. Twenty-five and 50 cent bottles for sale by H. M. Parchen & Co.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by R. S. Hale & Co.

A gentleman who had suffered great annoyance and pain from barber's itch, and had been treated by the best physicians, without relief, says that two bottles of Dutard's specific cured him and left his face perfectly smooth without a scar. It never fails in skin diseases. Sold by R. S. Hale & Co., wholesale and retail agents, Helena.

Cure For Piles.

Itching piles are known by moisture like perspiration, producing a very disagreeable itching after getting warm. This form, as well as blind, bleeding and protruding piles, yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, allaying the intense itching and effecting a permanent cure. Fifty cents. Address The Dr. Bosanko Medicine company, Piqua, O. Sold by R. S. Hale & Co.

HOME TESTIMONY

HELENA, Oct. 7, 1887.

I was suffering from an unusually bad cough, my lungs were sore and congested, and I consulted one of the best physicians in Helena, whose prescriptions failed to relieve me. I became alarmed, and at the suggestion of a friend purchased a bottle of Acker's English Remedy for coughs, and after taking it according to directions was completely cured. I therefore cheerfully recommend it. JACOB SWITZER.

I had a racking cough and inflamed throat and bought a bottle of Acker's English Remedy upon the recommendation of a friend, and was entirely cured by it. I consider it a never failing remedy for a cough. A. D. EDGAR.

Acker's English preparations are for sale in Helena only by R. S. Hale & Co.

Sold by druggists or sent by mail on receipt of price, 50 cents and $1 per box. Sold by R. S. Hale & Co., Helena.

Cholera in Michigan.

Dr. F. D. Larke, of Rogers City, Mich., says the epidemic of last year in Presque Isle county, in which so many persons lost their lives, was choleric dysentery instead of cholera as first reported. He used Chamberlain's Colic, Cholera and Diarrhoea Remedy and says it succeeded, where all other remedies failed. Not a single case was lost in which it was used. This remedy is the most reliable and most successful medicine known for colic, cholera morbus, dysentery, diarrhoea and bloody flux. 25 and 50 cent bottles for sale by H. M. Parchen & Co.

Excursion to Washington.

On October 1st, 2nd and 3rd the Union Pacific will sell excursion trips to Washington, D. C., at the rate of $76.65 for the round trip from Helena, Montana. These tickets will be good to reach Washington as late as Oct. 8th and good returning until Nov. 24th. Stop-overs will be allowed at any point west of the Missouri river, returning within final limit. All tickets issued by the Union Pacific will be made good to return via either the Northern Pacific or the Manitoba railways if so desired.

The Value of Hot Water.

"The soothing effects of hot water are not fully appreciated," said a physician the other day. "I recommend it to many of my patients who suffer from insomnia, produced by nervous irritation of the stomach, and also for certain forms of indigestion. Many of them object to it at first, but soon come to like it and are generally much benefited by it." This reminds us that the elegant Pullman sleepers on "The Burlington's" Vestibuled trains between Chicago and St. Paul and Minneapolis, are supplied with hot water from the engine, by a very ingenious device. Do not imagine, however, that this line keeps its patrons in hot water. On the contrary, no pains are spared to give travelers the very best accommodations and the most courteous treatment. It is the great line to all points east, south and north. For tickets, rates, and any information, apply to local ticket agent, or address W. J. C. Kenyon, Gen. Pass. Agent. C. B. & N. R. R., St. Paul, Minn.

It is astonishing how rapidly the feeble and debilitated gain strength and vigor when taking Ayer's Sarsaparilla. For what are called "broken-down constitutions," nothing else has proved so effective as this powerful and perfectly safe medicine.

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. R. S. Hale & Co., druggists.

The Verdict Unanimous.

W. D. Suit, druggist, Bippus, Ind., testifies: "I can recommend electric bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of rheumatism of ten years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my twenty years' experience, is electric bitters." Thousands of others have added their testimony, so that the verdict is unanimous that electric bitters do cure all diseases of the liver, kidneys or blood. Only a half dollar a bottle at R. S. Hale & Co.'s drugstore.

Cough! and Cough! and Cough!!!

What is the reason you will cough and keep coughing and still keep trying inferior medicines when Beggs' Cherry Cough Syrup will positively relieve your cough at once? This is no advertising scheme, but an actual fact and we guarantee it. For sale by all druggists. R. S. Hale & Co., wholesale and retail agents.

Good thirty days. Stopover privileges will be allowed within limit of ticket.

The use of calomel for derangements of the liver has ruined many a fine constitution. Those who, for similar troubles, have tried Ayer's Pills testify to their efficiency in thoroughly remedying the malady, without injury to the system.

The many remarkable cures Hood's Sarsaparilla accomplishes is sufficient proof that it does possess peculiar curative powers.
