SEA SHORE RESIDENCE FOR SALE, at Mississippi City.

This delightful spot, situated on the sea shore, about 2 miles from the steamboat landing, with good dwelling, kitchen, store room, carriage house, stables, furniture, horse, cows, carriage, etc., is now offered for sale.

This place is now in a high state of cultivation, with a good vegetable garden; three to four hundred fruit trees in full bearing, viz: plum, peach, nectarine, apricot, pear, fig and other kinds, with a fine prospect of an abundant crop.

The yard is shaded with remarkably fine oaks and magnolias, the whole premises under good fence, cedar posts, 300 by 1,800 feet.

There is a good wharf and bath house in front of, and about 200 yards from the house, at a whole place in good order, and can be immediately occupied. Sickness in this coast is seldom known. It is offered for sale only because the owner's occupation prevents his residing there. For terms, etc., apply to

MEDICAL HOUSE, No. 82 Customhouse street, near Royal street—For the cure of Old Chronic, Mercurial, Syphilitic and all Private Diseases, without Mercury, hindrance from business, or exposure to friends, and a cure guaranteed in all cases.

The unparalleled success which has attended Dr. James' practice in all parts of the United States and Europe—the many remarkable cures he has effected, which were pronounced incurable by the most eminent physicians, justifies him in offering his services to the confidence of the unfortunate. The following are some of the diseases he performs "Private," and of which, in conjunction with newly discovered Remedies, Dr. James performs radicals, namely: Syphilis, primary, secondary and tertiary, Stricture, Urethral Discharges, Gleet, Gonorrhœa, Nocturnal Emissions, Periodical Affections of females, however complicated they may be, Venereal Affections of the Bladder, Inflammation of the Bladder and Kidneys, Rheumatism, Hydrocele, Cancers, Ulcers, Tumors and all Diseases of the Skin.

Dr. James would advise the unfortunate victims of those who have privately and improperly injured themselves in that secret and solitary habit which ruins the body and mind, unfitting them for either business or society, viz: Constitutional Debility or Impotency. The following are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of Back and Limbs, Pains in the Head, Dimness of Vision, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervousness, Irritability, Symptoms of Consumption, and Spasms, the fearful effects on the mind are more to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Foreboding, Aversion to Society, Self-Distrust, Love of Solitude, Timidity, etc., are some of the evils produced.

All persons afflicted with any of the above symptoms should not fail to call on Dr. James and be at once restored to perfect health; let the false delusion of quacks, who have ruined many, save yourself from the awful and dreadful consequences of this terrible malady.

Weakness of the organs immediately cured, and full vigor restored.

Remember, "The Medical House of Dr. James" is 82 Customhouse street.

Private and separate rooms reserved. Hours of attendance from 8 A. M. to 8 P. M.

Consultations strictly confidential.

P. S.—Recent cases of Gonorrhœa cured in twenty four hours, or no pay.

" 82 Customhouse street.

REFRIGERATORS—IMPROVED GALVANIZED IRON REFRIGERATORS, on Chemical Philosophic principles. The best and most convenient article in use for cooling and preserving meats, milk, butter, fruit, wines, etc. They are so arranged that the ice water runs slowly through each shelf, and being confined from the effects of the hot air, keeps them at the coldest point, causing the refrigerating influence to be felt throughout the whole apparatus. This is effected by the drippings from the ice, which is lost in all other refrigerators. They are open on the front and top, make a neat piece of furniture; can be placed in any room, and have a water jar, by which perfectly cold water can at all times be had without additional trouble. These Refrigerators are no experiment. They have been in successful operation for upwards of ten years to the gratification of those who have them in use, as their certificates will show, and are now the most approved before the public. The improvements recently added by which the most perfect ventilation is insured, a great saving of ice has been obtained, insuring frigid air produced, and thoroughly effected, certainly place them far in advance of anything ever offered for public patronage.

GALVANIZED IRON

Has been substituted for the shelving, in lieu of zinc, thereby combining to offer them entirely free from oxydation and corrosion, and consequently void of that disagreeable odor which has heretofore been most object
