## THE JEWELER.

Cats' eyes, when large and of purplish tints, are still used.

A pretty lace brooch is a crescent of pearls carrying a cornelian ball.

The eagle has been introduced into England, imbedded with diamonds with ruby eyes, as a chatelaine pin.

Enamel tapes, blue, crimson and lavender, are used to form chatelaine pins for watches enameled in the same color.

A horseshoe brooch with a watch hanging in it is a novel combination. The horseshoe is of diamonds and can be detached.

A lacepin for a woman of sporting tastes has a long round bar. A horse with a mounted figure at full run has two legs on one side and two on the other, apparently in the act of jumping.

Watches are coming more and more into favor. A new design is a jeweled swallow holding in its beak the bow of a diamond incrusted watch. This idea is carried out with other animals.—Jewelers' Circular.

## THE DOCTOR.

Barley water and linseed tea are said to be excellent for the voice.

If you wish to avoid wrinkled, scrawny necks, avoid high, close collars.

Continual worrying, as well as giving way to paroxysms of anger, will permanently injure the health.

Sir Benjamin Richardson, an eminent London physician, gives it as his opinion that bicycling, long persisted in, will inevitably injure the spine, the lungs and the circulation of the rider.

## HOW DO YOU DO

when you buy shoes or clothing? Don't you go to the place (if you can find it) where they tell you that you may wear the articles out, and then, if you're not satisfied, they'll refund the money? Why not do the same when you buy medicine?

Dr. Pierce's Golden Medical Discovery is sold on that plan. It's the only blood-purifier so certain and effective that it can be *guaranteed* to benefit or cure, in every case, or you have your money back.

It's not like the ordinary spring medicines or sarsaparillas. All the year round, it cleanses, builds up, and invigorates the system. If you're bilious, run-down, or dyspeptic, or have any blood-taint, nothing can equal it as a remedy.
