PLANTERS VISITING NEW ORLEANS
Are requested to call at the
SOUTHERN MACHINERY DEPOT,
And see in operation a
Portable Steam Engine,
Which, for Ginning Cotton, Grinding Corn, etc., cannot be surpassed. They also can examine a simple, efficient and
Portable Saw Mill,
got up expressly for plantation use; together with all the labor-saving Machinery of the day.
D. C. LOWBER & CO.,
j-7 2MiW 98 Magazine street.

FAIR AT ODD FELLOWS' HALL—
A Fair will be held at Odd Fellows' Hall, on TUESDAY and WEDNESDAY EVENINGS, the 8th and 9th inst., for the Benefit of the CARROLLTON METHODIST CHURCH. It will be a pleasant and agreeable entertainment now that most of the places of amusement are closed, and the luxuries and delicacies provided by the ladies for the occasion, it is hoped will draw crowded houses.
The object is to cover the Church from debt and pay their ministers the present year.
j-7 3t

NOTICE—WILLIAM HENRY HOLMES, Esq., HOLDS my full Power of Attorney, authorising him to act for me, during my absence. JAMES MUSHAWAY.
New Orleans, June 5, 1858.

j-7 2t 23 and 25 Common street.

BLADON SPRING WATERS—
Messrs. JAMES CONNER & CO., the proprietors of the Bladon Sp. Ind. in Choctaw county, Alabama, respectfully inform the public that the Hotel is now open for visitors to the Springs.
Steamers leave Mobile for Bladon four times a week, and everything is in readiness.
The virtues of these waters have been fully tested for many years, and can be confidently recommended for the cure of Rheumatism, Scrofula, Skin Diseases, Dyspepsia, diseases incident to Females, Dropsy and General Debility.
The Bladon waters are especially recommended to all sufferers from Mercurial diseases; Ulcerated sores and sores on the Liver Complaint, affections of the Bowels, Kidneys, and all diseases arising from impure blood. The water acts as an alterative, regulating the organs affected to healthy action and healing functions.
The proprietors are permitted to refer to the following gentlemen who have spent the summer at the Springs and experienced physicians of Mobile and New Orleans, who have prescribed the water to their sick patients to them with unfailing success:
Dr. J. O. Nott, Mobile. Dr. W. Stone, New Orleans.
Dr. H. S. Levert, " Dr. Wolerstradt, "
Dr. J. F. Barnes, " Dr. Rushton, "
Dr. L. B. Morris, " Dr. Peabody, "
Dr. A. H. Cole, " Dr. Graham, "
Further information can be obtained from our Agents,
EYRE & PROVAN, Mobile,
No. 136 Canal street,
At whose establishment a constant supply of the water can always be had in quantities to suit purchasers. j-7 2m

GRATIAS, COMMAGERE & CO.,
j-7 20 Customhouse street.

POINT CLEAR HOTEL—THE ABOVE Hotel, which is beautifully situated on the eastern shore of Mobile bay, will be opened for guests between the 20th and 25th of June. A demand for accommodations has induced the proprietors to erect a new building which, when completed, will contain thirty-two rooms, and altogether, will accommodate, comfortably, FOUR HUNDRED PERSONS.
Point Clear is distinguished for its natural advantages and healthful locality, having a free and undisturbed gulf breeze, and now superior Salt Water Bathing within one hundred paces of the Hotel.
Good music is secured, stable accommodation provided, and a variety of amusements offered.
The splendid new steamer "Crescent" will leave Mobile every afternoon for Point Clear (except Sundays), and will arrive down on Sundays and Thursdays, at 10 o'clock A. M.
F. H. CHAMBERLAIN.
Mobile, June 6, 1858. j-7 6t

TO PLANTERS, BUILDERS, etc.

SOUTHERN FIRE-PROOF ROOFING.

The undersigned offers to the public a Fire-Proof Roofing material possessing the following advantages over everything of the kind which has heretofore been discovered:
It is cheaper than SLATES, does not require heavy timbered and expensive roofs, is much more durable, NO REPAIRS, and when finished has the appearance of STONE.
It is invaluable for repairing OLD ROOFS. Old Shingle Roofs can be covered without removing the Shingles. It supercedes the necessity of valley or hanging gutters.
OLD METALIC ROOFS may be made perfectly tight and secure. Tin roofs in the country at 10 years, and in towns at 5 years, have continued to leak in spite of all efforts, can be made perfectly tight.
It is incombustible, is impervious to water, is not affected by the atmosphere or by the sun, and is a non-conductor of heat.
It can be applied to any species of roofs, flat or inclined; may be applied to the side of houses, taking the place of weather-boarding or cement, and will give a building so covered the external appearance of being constructed of stone.
For the roofs of cars, steamboats and steamboats, it is invaluable, and would render railroad ties imperishable when coated with it, as they would no longer be exposed to the atmosphere or the water.
Planters and Builders can be furnished with the "Southern Fire Proof Roofing," with plain instructions how to apply it.
SUGAR HOUSES,
COTTON GINS,
RAILROAD CARS and DEPOTS,
BRIDGES,
MILLS,
WAREHOUSES,
all can be covered and made perfectly Fire and Water-Proof with our Roofing.
We are prepared to make contracts, which we will superintend, or furnish the material to any part of the country, with instructions how to use it.
We are prepared to negotiate with builders and others for the purchase of the right of States, Parishes, Counties and Territories.
Office of the Company, No. 88 ST. CHARLES STREET, basement of the Masonic Hall.
GLENNON, COLEMAN & CO.

All communications addressed to Box O 186, New Orleans, will meet with prompt attention.
☞ Wanted—Agents in all parts of the country. m15 6m&W

REFRIGERATORS—IMPROVED GALVANIZED IRON REFRIGERATORS on practical and scientific principles. The best and most economical article in use for cooling and preserving meats, milk, butter, fruit, wines, etc. They are so arranged that the ice water runs slowly through every shelf, and keeps every article from the taint of the ice, and keeps them at the coldest point, causing the refrigerating influence to be the same throughout the whole apparatus. This is effected by McDOWELL'S Patent, in which he has all other refrigerators. They are open on the front and top, make a neat piece of furniture; can be placed in any room, and have a water box to wash vegetables, etc., in, and are at all times be had without additional ice. These Refrigerators are no experiment. They have been in successful operation for upwards of ten years to the production of those who have been using them, and their certificates will show and are now the most approved before the public. The improvements recently added by which the most perfect ventilation is insured, a great desideratum if ice has been obtained, more frigid air produced and durability effected, certainly place them far in advance of anything ever offered for public patronage.
GALVANIZED IRON
Has been substituted for the shelving, in lieu of zinc, thereby enabling us to offer them entirely free from oxidation and corrosion, and consequently void of that disagreeable odor which has heretofore been most objectionable in other refrigerators. In addition to their being so vastly superior to others, owing to their convenient arrangements and unequaled principle, they are more serviceable, as it is now conceded that Galvanized Iron is more durable than any other metal, as it is not affected by acid, salt water, etc.
For sale by
m 6 2m FLINT & JONES, 44 and 46 Royal street.

FOWLER'S PATENT STEAM BOILERS
have now been extensively used for the last two years, and for economy in fuel have proved to be far preferable to the ordinary boilers. They combine the following advantages, viz: Economy in fuel, never require cleaning, occupy a small space, are simple in construction, and do not cost as much as the ordinary cylinder or flued Boiler, and not half as much as other fuel saving, but at the same time, complicated Boilers.
Planters and others interested can see these Boilers in operation at the following places in the city:
Levee Steam Cotton Press, Louisiana Cotton Press, Carondelet Railroad, Hope Foundry, Commercial Iron Works.
Numerous certificates can be seen at the office of the patentee, and circulars, with a plan of the Boiler, will be sent to any part of the country on application to
D. H. FOWLER, 171 Baronne street.
Manufacturer of Low Pressure Boilers, Steam and Cylinder Boilers, Steam Pipes, Fire Fronts, Grate Bars, Valves, Chimneys, etc., etc.
☞ All work done at this establishment will be guaranteed equal, in point of workmanship and material, to any in the country, and at the lowest prices. m26 6m&W
