MAXWELL MAKES GREAT RECORD

Wherever roads run the Maxwell car makes a record, whether it be in America, Canada, Australia or in Africa. The latest world's record attained by a Maxwell stock touring car was for gasoline economy in South Africa.
The De Volkstem of Johannesburg just received by mail has the following regarding the Maxwell record:
"The most remarkable demonstration of gasoline consumption that ever took place in Africa was held September 6 under the direction of Mr. Jonnes of Connock's garage. A stock Maxwell car on which was attached a red one-gallon tank, sealed by the municipal department of weights and measures of this city, ran to Pretoria, 36 miles, at an average speed of 18 miles an hour.
"The gasoline consumption amounted to 44.9 miles on one gallon.
"This makes the best record for this territory and the Maxwell deserves all honor for the low consumption."
Road and economy records of the Maxwell cars have awakened the public to the idea of conserving the country's supply of gasoline.

THE WHINERS
I don't mind the man with a red-blooded kick,
At a real or a fancied wrong;
I can stand for the chap with a grouch, if he's quick
To drop it when joy comes along;
I have praise for the fellow who says what he thinks,
Though his thoughts may not fit in with mine,
But spare me from having to mix with the ginks
Who go through this world with a whine.
I am willing to listen to a sinner, or saint,
Who is willing to fight for his rights,
And there's something sometimes in an honest complaint
That the soul of me really delights.
For kickers are useful and grouches are wise,
For their purpose is usually fine,
But spare me from having to mix with the guys
Who go through this world with a whine.
