Mrs. Mansberg was in Yankton last week. Jarvis Davis has moved on Cal. Howard's place. The Red Cross has been established in the Redmen's hall. John and Charles Fritz have enlisted and are now located in some training camp in the east. Mrs. Dutton and daughter, of Salem, spent Christmas week visiting her daughter, Mrs. A. Thomas. Preaching in the Yankton church every third and fourth Sunday of the month. Sunday school every Sunday morning at 10 o'clock. Mr. Streeter, one of the settlers on the St. Helens logged off land, whose horse was hurt on his place last week, is most unfortunate in losing a very good horse. Mrs. Steve Lampa is boarding eight of the Yankton school children who live two miles from the school. The distance is considered too far for them to go from their homes to school. The district decided to board the children near the school. Mr. Markanan, the owner of the Slater place, has made many improvements besides the clearing of the land, which Mr. Paulsen is doing for \$100 an acre. The grove of firs is being taken down and by this time next year will be a green field of clover. Mr. and Mrs. Eastes, who came from Los Angeles last August and purchased the land next to the Yankton railroad crossing, are satisfied to remain in Yankton for a while. Mrs. Eastes is a very good seamstress and will carry on the dressmaking business at her home in Yankton. The Yankton Grange gave a good oyster and chicken supper last Saturday evening, and as many came out who were not members of the grange an open meeting was held. New officers were installed. Jarvis Davis is now grand master. A number of new settlers in the neighborhood have expressed a desire to join the Grange. Application blanks can be obtained from Jarvis Davis or L. Tarbell.

RED CROSS DRIVE STILL CONTINUES

Membership is Being Increased—Full Reports Not Received. The drive to secure members for the Red Cross still continues, although with less effort than in the closing days of the year. According to H. P. Ross, a full and complete statement has not been received from all the county points, though every day information comes as to new members having been secured. At Warren a large number of members have recently been taken in. Through some misunderstanding the campaign supplies and instructions did not reach that place until after the holidays. When the matter was straightened out, the Red Cross people went to work with a vim and have accomplished wonderful results. The amount of money received from membership fees in St. Helens, Mr. Ross thinks, will be more than \$700, and the total for the county will probably reach \$3,000. This is \$1,000 short of the quota allotted to the county and as stated efforts are being made to bring the amount up to the sum asked for. Don't hurry if you are going in the wrong direction.

WHEN you have anything worth while to sell you must let the people know it in order to create a desire to purchase the article.

The best way to let people know about it is by advertising. Advertising and goods to sell, go hand-in-hand. You cannot do without advertising what you can do with it. Perhaps right now you have goods tucked away somewhere because you merely failed to let the people know you had them. Let the people know what you have to offer, by advertising consistently and conservatively. The cost of advertising is a legitimate part of any business. Advertising increases your volume of business. The greater volume of business you do the greater your purchasing power. Perhaps more business can be tended to with your present force; this means more business without additional "help" cost.

Don't stifle your business life by failure to advertise. Remember you can't stand still very long. The current will make you move backward, unless you put advertising energy behind your business to offstand the pressure.

Marshall Field, John Wanamaker and many others have found newspaper advertising profitable. You cannot find one logical argument against their judgment. It is generally agreed that without advertising their institutions would not have been as well known as they are today.

Advertise, increase your volume of business and if necessary move into larger quarters.

Advertising for advertisers who want to advertise because advertising pays—not merely because they wish to help support their local newspaper—can be purchased from the St. Helens Mist.

Will be more than pleased to show you why advertising, conservatively and consistently used in the St. Helens Mist is a good advertisement. Phone today. Now's the time. Your phoning does not obligate you in any way. To call on you is a pleasure.
