**AUTOMOBILE SHOW
FEBRUARY 7 TO 13**

Portland, Ore.—The ninth annual Portland Automobile Show will be held in the new city auditorium here from February 7 to 13, inclusive.
Reduced rates to the show have been granted by the railroads from points in Oregon and the northwest.
In connection with the automobile show this year there will be held also a big truck and tractor show to emphasize the forward strides made by the motor truck and the tractor during the past year.
Thus the show will be of particular interest to every farmer who is thinking of buying a motor truck to add to the efficiency of his farming methods, as well as to the prospective purchaser of a passenger automobile.
Great stress will be laid upon the practical side of the automobile at the coming show. The keynote will be utility and practicability. The automobile has long ceased to be a luxury to be enjoyed only by the very rich, and has become a business and commercial necessity. The passenger automobile has freed the farmer from isolation, has brought him miles nearer his buying and selling markets, and has saved him many working hours through the ground covering ability of his car.
Similarly, the motor truck and the farm tractor are increasing the amount of work he can accomplish at actually decreased expense.
All the latest motor car, truck and tractor models will be seen at the show. The committee in charge has issued a special invitation to dealers and all persons interested to take advantage of the special reduced railroad round-trip rates during the show to visit the show.
