VINELAND.
FARM AND FRUIT LANDS, in a mild and beautiful climate. Thirty miles south of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.

The soil is rich and productive, varying from a clay to a sandy loam, suitable for Wheat, Grass, Corn, Tobacco, Fruits and Vegetables. This is a great fruit country. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become the resort of taste. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.

Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.

Openings of all kinds of business. Lumber Yards, Manufactories, Foundries, Stores, and the like; and Steam Power, with room, can be rented.

For persons who desire mild winters, a healthful climate and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.

Letters answered and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.

Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.

From Report of Solon Robinson, Agricultural Editor of the Tribune: "It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies."

FOOT-ROT IN SHEEP, CAN BE THOROUGHLY CURED, by Using Whittemore's Cure For Foot-Rot: It has been thoroughly tested, and is in fact just what it is represented to be, a Positive Cure. Hundreds of Certificates like the following are being received.

Dear Sir:—Having thoroughly tried your Cure for Foot-rot in Sheep, I would say for the benefit of Sheep Rasers that they should lose no time in procuring a Bottle, as it certainly will Cure the Foot-rot in less time, and with less trouble, than any preparation of Blue Vitriol or any thing else I have ever used.

PIANO FORTES.
J. BAUER & CO., AGENTS.
WAREROOMS,
650 BROADWAY, NEW YORK,
99 Clark St. and Crosby's Opera House,
Washington St., Chicago, Illinois.

Read the following commendatory letters from distinguished Artists.

Wm. Knabe & Co.—*Gentlemen:*
I have great pleasure in certifying that I have tried your Square Pianos and find them equal, if not superior, to any in this country. Among the great qualities which distinguish them, is the evenness of tone, the easy and agreeable touch and volume of tone. Wishing you all the success which you so highly deserve, I am, sirs,
Yours, very truly, S. THALBERG.

Wm. Knabe & Co.—*Gentlemen:*
Having had lately an opportunity to try and test your new scale Grand as well as Square Pianos, I cannot refrain, besides reiterating all I had occasion to say at a former period, from congratulating you on the important improvements you have introduced in the manufacture of Pianos. Your instruments combine all the qualities which are required to make a Piano as perfect as possible, and fully deserve the great popularity they have gained all over the country.
Yours truly, L. M. GOTTSCHALK.

Wm. Knabe & Co.—*Gentlemen:*
I cannot but congratulate you upon the immense progress and improvements which you continually make on your Pianos, which, in my opinion, rank among the very best in the country. M. STRAKOSCH.

Wm. Knabe & Co.—*Gentlemen:*
Our Opera Troupe are at present using four of your justly celebrated Pianos, and as the exponent of the views and opinions of the various artists, permit me to say: I consider them as *unsurpassed in brilliancy and excellence*, and pre-eminent, without a rival in this country or in Europe. Their superior quality of tone, combining great depth and powerful volume, with a rich and peculiarly clear and even treble, together with magic elasticity of touch and action, render them superior to the other instruments, which rarely, if ever, combine those most essential requisites. Profoundly impressed with the many valuable qualities of these Pianos, I most cheerfully endorse the high and meritorious encomiums everywhere pronounced upon them.
E. MUZIO,
Musical Director of the Italian Opera.
New York, Dec. 15th, 1864.

Wm. Knabe & Co.—*Gentlemen:*
Your Agent, Mr. Bauer, asked me to give him my opinion as to the merits of your Piano—Grand and Square. My opinion "on the square" is that they are *all grand*. Yours truly, ROBERT HELLER.
New York, Dec. 12th, 1864.

Wm. Knabe & Co.—*Gentlemen:*
I have carefully examined your new scale Grand and Square Piano Fortes, and I must say that they please me *exceedingly*, both with regard to touch and tone, and I can confidently recommend them as being equal to any in this country or Europe, and you have permission to make use of my name if of service to you.
Yours, respectfully, GEO. W. MORGAN,
Organist of Grace Church.
New York, Dec. 12th, 1864.

Wm. Knabe & Co.—*Gentlemen:*
It affords me great pleasure to testify to the great excellence of your Piano Fortes. As regards volume and quality of tone, delicacy of touch, durability and finish, I believe they will compare favorably with those of our most celebrated makers, wishing you a continuance of the success which you so eminently deserve, I am
Very truly, yours, W. K. BASSFORD.
