THE

UNION PACIFIC

Rail Road Company

THEIR FIRST MORTGAGE BONDS

As an Investment.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the company now offer to the public. The first question asked by prudent investors is, "Are these bonds secure?" Next, "Are they a profitable investment?" In reply to which:

1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The Government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees it. One fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific, and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with locomotives, cars, &c., and two trains are daily running each way. The materials for the remaining 92 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are several times greater than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a bona fide property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government and for which it takes a second lien as its security. This amount upon the first 517 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the stock (which is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than Government's, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to re-invest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. Stocks.

10th. At the current rate of premium on gold, they pay

OVER NINE PER CENT. INTEREST.

The daily subscriptions are already large, and they will continue to be received in New York by the COMMERCIAL NATIONAL BANK No. 7 NASSAU ST., CLARK, DODGE & Co., BANKERS, No. 51 Wall St., JOHN J. CISCO & SON, BANKERS, No. 53 Wall St., and by BANKS AND BANKERS generally throughout the United States, of whom maps and descriptive pamphlets may be obtained. They will also be sent by mail from the Company's Office, No. 20 Nassau Street, New York, on application. Subscribers will select their own Agents in whom they have confidence, who alone will be responsible to them for the safe delivery of the bonds.

JOHN J. CISCO, Treasurer,
NEW YORK.

A CARD FROM THE

AMERICAN WATCH CO.,

—OF—

WALTHAM, MASS.

THE Company beg leave to inform the public that they commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce 75,000 Watches a year, and make and sell not less than one half of all the watches sold in the United States.

The difference between their manufacture and the European, is briefly this: European Watches are made almost entirely by hand, and the result is of necessity a lack of that uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative must vary. But it is a fact that, except watches of the higher grades, European watches are the product of the higher grades, European watches are the product of the cheapest labor of Switzerland, and the result is the worthless Ancres, Lepines and so called Patent Levers—which soon cost more in attempted repairs, than their original price. Common workmen, boys and workmen, buy the rough seperate parts of these watches from various factories, polish and put them together, and take them to the nearest watch merchant, who stamps and engraves them with any name or brand that may be ordered.

HOW AMERICAN WATCHES ARE MADE.

The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All the Company's operations, from the reception of the raw materials to the completion of the Watch, are carried on under one roof and under one skillful and competent direction.—But the great distinguishing feature of their Watches is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust the hundred machines to reproduce every part of that watch, and it follows that every succeeding watch must be like it.

The Company respectfully submit their watches on their merits only. They claim to make

A BETTER ARTICLE FOR THE MONEY

by their improved mechanical process than can be made under the old-fashioned handicraft system.—They manufacture watches of every grade, from a good, low priced, and substantial article, in solid silver hunting cases, to the finest chronometer; and also ladies' watches in plain gold or the finest enamelled and jeweled cases; but the indispensable requisite of all their watches is that they shall be GOOD TIMEKEEPERS. It should be remembered that, except their single lowest grade named "Home Watch Company, Boston," ALL WATCHES made by them

ARE FULLY WARRANTED

by a special certificate, and this guarantee is good at all times against the Company or its agents.

NOTICE.

NOTICE is hereby given that application will be made to the Legislature of Vermont, at its next session, for a Charter for a Great Fish & Turnpike Road commencing at the point of rocks near the dwelling of William Jones in Sunderland, running easterly to the east line of said town.

76-3w GILBERT BEADLEY

Sunderland, August 26th, 1867.

NOTICE.

NOTICE is hereby given, in pursuance of an act of the Legislature of this State, passed at its last session, that the Bennington Bank will redeem its outstanding bills, at the counter of the Batchellerville National Bank of Manchester; that the charter of the said Bennington Bank terminated by expiration on the 18th day of November, A. D., 1866, and the following is a copy of the said Act of the Legislature:

An Act Relating to the Redemption of Bank Notes.

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. After the expiration of the charter of any Bank chartered by this State, or after the termination of the existence of any such Bank agreeably to the laws of this State, such Bank may cause notice to be published in all the weekly newspapers of the County where such bank is located, for one full year, setting forth that said bank will redeem its outstanding bills, the day of the expiration of the Charter, or the date of the termination of its existence, and a copy of this act. And upon due publication of such notice, neither such Bank nor its officers shall be liable to any action for the non-redemption of any of its outstanding bills unless the same shall have been duly presented and payment thereof demanded within the year aforesaid at the banking house of such Bank.

Sec. 2. After the expiration of the charter or after the termination of the existence of any such bank as aforesaid, such bank shall cease to be subject to the operation or liable to the provisions of the sixty-third section of chapter eighty-nine of the General Statutes.

Sec. 3. This act shall take effect from its passage.

Approved Nov. 19, 1866.

CAUTION

To Females in Delicate Health,

DR. DOW, Physician and Surgeon, No. 7 ENDICOTT ST., BOSTON, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Flour Albus, Suppression, and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days. So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

QUICK CURES and LOW PRICES.

Twenty Thousand Patients Cured Annually.

DR. J. TELLER continues to be confidentially consulted on all forms of private diseases, at his old established Hospital, No. 5 Beaver street, Albany, N. Y.—Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other physician can, and his facilities are such (being in correspondence with the most eminent physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offers inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America. In Syphillis, Gonorrhœa, Gleet, Stricture, Enlargement of the testicles and spermatic cords, Bubo, Ulcerated Throat, sore nose, tender shin-bones, Cutaneous eruptions, Boils, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's medicines, and have been tested in more than 20,000 cases annually, with immense success.

YOUNG MEN.

Young men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy.—The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book for everybody.—Startling disclosures. Dr. Teller's great work for the married or those contemplating marriage—200 pages—full of plates—price 25 cents. Sent to all parts, under seal, post paid. 50,000 copies sold the past year. The single married and the married happy. A lecture on Love, or how to choose a partner—a complete work on Midwifery. It contains hundreds of secrets never before published. Warranted to be worth three times the amount asked for it. 25 cents in specie or postage stamps, inclosed, will secure a copy by return mail. Dr. Teller has devoted a life-time to the cure of those diseases upon which his books treat.

TO THE LADIES.

Dr. TELLER still remains the only agency in America for the sale of Dr. Vichol's Italian Female Monthly Pills.—The sale of more than 20,000 boxes, establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.

CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons, see directions which accompany each package, for the guidance of patients.—On the receipt of $1 (the price per box,) these pills will be sent by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.

N. B. Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world.
