The Great Medical Annual.

Hostetter's United States Almanac for 1868, is distributed, gratis, throughout the United States and all civilized countries of the Western Hemisphere. It will be published about the middle of January, and all who wish to understand the true philosophy of health should read and ponder the valuable suggestions it contains. In addition to an admirable medical treatise on the causes, prevention and cure of a great variety of diseases, it embraces a large amount of information interesting to the mechanic, the merchant, the farmer, the planter and professional men; and the calculations have been made for each meridian and latitude, render it most suitable for a correct and comprehensive NATIONAL ALMANAC.

The unsurpassed, wide, and extraordinary sanitary effects of HOSTETTER'S STOMACH BITTERS, the most intrinsically valuable and attractive of more than half the Christian world, are fully set forth in its pages which are also interspersed with valuable receipts, humorous anecdotes, and other instructive and amusing reading matter, original and instructive. Among the Annuals to appear with the opening of the year, this will be one of the most useful, and may be had for the asking. Send for copies to the Central Manufactory, at Pittsburgh, Pa., or to the nearest agent for HOSTETTER'S STOMACH BITTERS. The BITTERS are sold in every city, town and village of the United States.

DODD'S NERVINE AND INVIGORATOR

This Medicine is a NERVE TONIC. It stops the waste of vitality, tones the Nerves, and quietly regulates the system. Sleeplessness, Irritability, Loss of Energy, Loss of Appetite, Dyspepsia, Constipation, Incol Weakness, and a general Wreck of the mental and bodily functions, are the common indications of Nervous Disease. Dodd's Nervine and Invigorator is a complete specific for all these troubles. It is also the best, as it is also the most agreeable.

REMEDY FOR FEMALE COMPLAINTS

Never offered to the public. Prostration of Strength, Hysterics—retained, excessive, irregular or painful menses—yield to its magic power.

TO MOTHERS!

Mothers! we also recommend the NERVINE for use in the diseases which afflict children while Teething, as certain to afford quick and grateful relief. The simplifying syrups, of which Nervine is the principal ingredient, are imperfect to life, impede the functions of the stomach and bowels, and seriously impede the healthy growth of your offspring. To cure Wind Colic, regulate the bowels, soften the gums and relieve pain, the NERVINE will always be found safe and efficient.

DON'T USE ANYTHING ELSE!

Dodd's Nervine contains no OPIUM or other poisonous ingredient. For sale by all druggists.

HORRIBLE ACCIDENT.

A coke conflagration stunned regulating a gas leak, corner of 42d Street and 6th Avenue, New York. He went into the excavation, and then fell dead. An explosion of the gas took place, and the man was so much burned that Vegetable Universal Liniment was applied freely, and in three days the man was about the business in the Manhattan Gas Works as well as ever. His name is Samuel F. Waters. This is one of the wonderful cures made by Dr. Tobias's celebrated Vegetable Universal Liniment. It is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Inward Strains, Pains in the Limbs, Chest and Back; also internally, for Colds, Cramps, Diarrhoea, Dysentery and Cramp. It is perfectly innocent to take internally, and is the best family medicine in the world. Orders are received all over Europe for it. Thousands are labeled. Physicians recommend it. Wistar's Balsam of Wild Cherry.

Coughs, Colds, Bronchitis, Asthma, Croup, Whooping Cough, Quinsy, and the numerous as well as dangerous diseases of the *Throat, Chest and Lungs,* prevail in our changeable climate at all seasons of the year; few are fortunate enough to escape their baneful influence. How important then to have at hand a certain antidote to all these complaints. Experience proves that this exists in *Wistar's Balsam* to an extent not found in any other remedy; however severe the suffering, the application of this soothing, healing and wonderful Balsam at once relinquishes the disease and restores the sufferer to wonted health.

Case of a Gentleman over Seventy Years of Age.

SOUTH BOROUGH, MASS., May 12, 1866.

For several years past I have been in enfeebled health, my disease being of a pulmonary nature. For the last five or six winters I have been a good deal afflicted with a severe Cough. The last winter I was attacked more violently than ever, and for several weeks was confined to my room, some of the time in a very critical state, so much so that my friends and physician supposed that my days were numbered. At this juncture I commenced taking WISTAR'S BALSAM OF WILD CHERRY, the effect of which was truly wonderful. After the third dose had been taken I felt sure that I was recovering great relief, and the use of a whole bottle cured my cough and brought me back to a good state of health, considering my naturally feeble constitution. I intend to continue the BALSAM, and think it a very valuable preparation.

Yours, JOHN WHITCOMB.

Oxygenized Air,

A CURE FOR

CATARRH,

AND DISEASES OF THE THROAT AND LUNGS,

APPLIED BY

Dr. C. L. BLOOD,

No. 9 Montgomery Place,

BOSTON, MASS.

CHRONIC CATARRH.

Why entertain this loathsome disease when relief can be obtained? We meet those every day who suffering from Catarrh to such an extent, that the Air Passages in the head are in a partly decomposed condition,—the nose and throat filled with such a mass of corrupt matter that they are objects of disgust to themselves, and of pity to those with whom they associate.

Chronic Catarrh usually affects the head, fauces and bronchial tubes. It is invariably caused by humoral or inflammatory blood, by which the mucous membrane is made sore or inflamed, producing a copious effusion of viscid matter. If it be produced by Scrofula in the blood it is almost certain to end in Consumption, unless speedily cured, because it is impossible to entirely prevent the matter from running down the bronchial into the air vesicles, and such is the excoriating, or scalding property of the matter, its contact with the delicate linings of the air-cells at once causes irritation, and invites the humoral properties of the blood to deposit therein Tubercles and Ulcers.

Catarrh almost always attends Consumption, and frequently leads to it.

In Oxgenized Air we have a positive cure for this disease. The remedy is taken by inhalation,—breathed directly into the lungs, and through them carried into the blood; thus as soon as the blood will carry it, it reaches all parts of the system, decomposing the impure matter in the blood and expelling it through the pores, and through the natural channels from the system. Thus you see that the cause of the disease is removed, and the disease itself must follow.

In this same manner we treat and radically cure Bronchitis and Consumption. Let no one suffering from these diseases despair of relief. If you are too far away to visit our office and see us personally, write a description of your symptoms, and forward to the address below.

Send for our circular, which gives a full description of these diseases.

Out of the many thousands of testimonials received we publish the following:—

DR. C. L. BLOOD,—*Dear Sir:* I desire to give you my testimony in regard to the value of your scientific system of treating Catarrh and diseases of the Respiratory organs. I have used your remedy, "Oxygenized Air," in my practice for the last year with complete success. I have cured the worst forms of Catarrh, and a majority of the cases of Bronchitis and Consumption in their advanced stages. I unqualifiedly pronounce "Oxygenized Air" the greatest boon ever yet conferred upon our suffering race, and hope the day is not far distant when every intelligent physician will adopt your system in the treatment of all forms of chronic affections.

Fraternally your, L. M. LEE, M. D.

No. 199 Westminster St., Providence.

DR. C. L. BLOOD,—*My Dear Sir:* I have tested your remedy, "Oxygenized Air" in advanced stages of Catarrh, Bronchitis and Consumption, and the results have been, in the highest sense, satisfactory: so positive am I of its wonderful power to arrest the progress of the above named diseases, that I am conscientiously advise all who may be suffering from them to place themselves under the treatment at once. Respectfully yours,

525 MILES

OF THE

UNION PACIFIC RAILROAD,

Running West from Omaha,

Across the Continent

ARE NOW COMPLETED.

This brings the line to the eastern base of the Rocky Mountains, and it is expected that the track will be laid thirty miles further, to Evans Pass, the highest point on the road, by January. The maximum grade from the foot of the mountains to the summit is but eighty feet to the mile, while that of many eastern roads is over one hundred. Work in the rock-cuttings on the western slope will continue through the winter, and there is now no reason to doubt that the entire grand line to the Pacific will be open for business in 1870.

The means provided for the construction of this Great National Work are ample. The United States grants its Six Per Cent. Bonds at the rate of from $16,000 to $48,000 per mile, for which it takes a *second lien* as security, and receives payment to a large if not full extent of its claim in services. These Bonds are issued as each twenty-mile section is finished, and after it has been examined by United States commissioners and pronounced to be in all respects a first-class road, thoroughly supplied with depots, repair shops, stations, and all the necessary rolling stock and other equipments.

The United States also makes a donation of 28,000 acres of land to the mile, which will be a source of large revenue to the Company. Much of this land in the Platte Valley is among the most fertile in the world, and other large portions are covered with heavy pine forests and abound in coal of the best quality.

The Company is also authorized to issue its own First Mortgage Bonds to an amount equal to the issue of the Government and no more. Hon. E. D. Morgan and Hon. Oakes Ames are Trustees for the Bondholders, and deliver the Bonds to the Company only as the work progresses, so that they always represent an actual and productive value.

The authorized capital of the Company is One Hundred Million Dollars, of which over five millions have been paid in upon the work already done.

Earnings of the Company.

At present, the profits of the Company are derived only from its local traffic, but this is already much more than sufficient to pay the interest on all the Bonds the Company can issue, if not another mile were built. It is not doubted that when the road is completed the through traffic of the only line connecting the Atlantic and Pacific States will be large beyond precedent, and, as there will be no competition, it can always be done at profitable rates.

It will be noticed that the Union Pacific Railroad is, in fact, a GOVERNMENT WORK, built under supervision of Government officers, and to a large extent with Government money, and that its bonds are issued under Government direction. It is believed that no similar security is so carefully guarded, and certainly no other is based upon a larger or more valuable property. As the Company's

First Mortgage Bonds

are offered for the present AT 90 CENTS ON THE DOLLAR, they are the cheapest security in the market, being more than 10 per cent lower than U. S. Bonds.—They pay

Six Per Cent. in Gold,

or over NINE PER CENT. upon the investment. Subscriptions received in Manchester by

and by the Company's advertised Agents throughout the United States. Remittances should be made in drafts or other funds par in New York, and the bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A NEW PAMPHLET AND MAP, showing the Progress of the Work, Resources of construction, and Value of Bonds, may be obtained at the Company's Offices or of its advertised Agents, or will be sent free on application.
