SHARON SPRINGS PAVILION.
SCHOHARIE COUNTY, N. Y.
THIS spacious House, which, since the improvements and additions made to it during the past winter, is believed to be one of the most commodious and comfortable of the largest class of Hotels in the State, is now ready for the reception of company, and will be opened on the 25th day of May inst. To accommodate the large and increasing number of people who spend the season at Sharon Springs, the subscribers have, since last fall, greatly extended their premises, by annexing to the Pavilion an entirely new building, which embraces twenty-six spacious apartments, besides making large additions and improvements to the interior and business parts of the house.—Blinds have been added to the windows—the beautiful promenade grounds in front of the Pavilion have been laid out and tastefully planted with shrubs and flowers—the bath rooms have been overhauled and new furniture provided, furnishing every convenience to those who wish to enjoy either a cold or warm bath. No expense or effort has been spared to supply the deficiencies of past seasons, and every exertion will be used, to receive the visitors of the coming season in a manner not to be surpassed at any other place of fashionable resort in the United States.
To those who have not heretofore visited the Sharon Springs it is sufficient to say, that the qualities of the water (an analysis of which is given below) are very nearly identical with those of the far-famed White Sulphur Springs of Virginia, except that by the concurrent testimony of all medical men who are acquainted with both, the Sharon are esteemed the most potent—situated upon an elevated region of country, the Pavilion commands one of the most extensive views, and is placed in the midst of the most picturesque scenery in the State of New York. From its elevated position it has the advantage of a continually dry, cool and refreshing atmosphere. Pleasant excursions to the villages of Cherry Valley and Cooperstown, the Otsego Lake, and other points equally interesting from their scenery and their history, offer themselves on every hand—whilst a Billiard room and four spacious Ball Alleys, leave no means unprovided within doors for exercise or amusement.
Of the White Sulphur Water of Sharon Springs, it can be said it is not surpassed by any thing of the kind in the known world, for the cure of rheumatic, cutaneous, bilious and dyspeptic complaints, and for the cure of erysipelas, salt rheum, scrofula, liver complaint, bronchitis and general debility, as has been certified by some of the most eminent medical professors.
