COMMUTATION OF QUIT RENTS.—FINANCE DEPARTMENT, New York City, March 7, 1853.—It is provided by section 8, title 4, of the ordinance respecting the Sinking Fund, that "whenever any person or persons may desire to commute any quit-rent due the corporation, it shall be the duty of the Comptroller to calculate such commutation at the rate of six per cent, and upon the production of evidence that the same and all arrears of rent have been paid into the treasury, it shall be the duty of the Mayor and Clerk to execute a release of such quit rent." There are daily applications for commuting on single lots, where the quit rent was reserved on a larger tract by persons who desire to sell and give a title free from incumbrance; and the rule of the office, as I learn, has been not to commute unless all the owners of the original parcel join in the commutation. The counsel to the corporation has given an opinion that there is no legal objection to a separate commutation, unless there has been some special arrangement between the former owners as to the payment of the quit rent. I have determined, therefore, to commute according to the provisions of the above ordinance, on receiving satisfactory evidence that the amount to be paid for the release is not less than the amount charged on the portion of land to be released by any prior arrangement between the owners. A. C. FLAGG, Comptroller.
