New Orleans Daily Crescent.

PUBLISHED EVERY MORNING, EXCEPTED, OF NEW ORLEANS.

EDITOR AND PROPRIETOR, WILLIAM H. ADAMS.

BY NIXON & ADAMS.

OFFICE, No. 75 CAMP STREET.

TERMS:

[illegible] will be regularly served to subscribers in the city at [illegible] per week, payable to the carriers.

[illegible] per annum—first insertion, in advance, [illegible] subsequent insertion, 50 cents.

[illegible] at intervals, will be charged $1 per square for every insertion.

[illegible] not marked, will be published one month, or [illegible] accordingly; no advertisement or subscription will be stopped until all arrearages are paid, at the option of the proprietors.

A liberal discount will be made to regular advertisers.

THE DAILY CRESCENT

[illegible] which renders it a desirable medium for advertisers. As a Family Paper it circulates largely, reaching many hundreds of homes at an early hour, and being read before the approach of business hours, consequently articles of novelty and use may be advantageously published in its columns.

THE WEEKLY CRESCENT

[illegible] at $3 per year, invariably in advance. Its circulation extends throughout Louisiana, Mississippi, Arkansas, Texas, and other States, rendering it a valuable advertising medium. Advertisements in [illegible] insertion.

TUESDAY MORNING, FEBRUARY 15, 1859.

[illegible], 97 Camp street.—The gifts daily carried from Judson's porcelain donation depot vary in value from fifty cents to a hundred and fifty dollars, many of them of that minor value are but rare in the midst of the articles or lots of articles distributed daily, of a value exceeding the investment of $2 50 that is required and daily cup and saucer by buying which the purchaser becomes entitled to the privilege of selecting an envelope from the case. The envelope contains a card numbered with the numbers of gift lots, which are marked so that they may be seen by all. This enterprise is of the most magnificent and expensive description, and the visitor has only to enter the store to become intoxicated with the idea is by his fortune. The rush has continued unabated for weeks, thus establishing Judson's donation enterprise as the greatest hit of the season.

Fine Arts.—A gallery of paintings has been opened at 48 St. Charles street, nearly opposite the St. Charles hotel. An advertisement states that it contains "not nearly all paintings by modern European artists, and also specimens of the old Italian masters."

[illegible] Cotton Press.—Mr. Philos B. Tyler, the patentee of this valuable machinery, elsewhere announces that he has secured an extension of seven years on the patent, and that during two weeks he may be conferred with on cotton press business. Mr. Tyler may be seen at the Orleans hotel.

Firemen's Charitable Association.—A called meeting of the Directors of this Association will be held this evening, of Thursday, the 19th inst., at the Hall of Louisiana Hose Company. The special business of the meeting will be the consideration of the matter of the coming celebration of the 4th of March.

Opera.—On Thursday evening next Rossini's grand opera "Semiramide" will be produced, on the occasion of the benefit of M. Eugene Prevost, leader of the orchestra.

Memorial Sunday School Teachers Convention.—The reader will find advertised in the columns of this paper the announcement of the approaching session of the Sunday School Teachers National Convention, which is to meet in Philadelphia on the 22d instant.

Louisiana State Bank.—Notice is given that on Tuesday, 22d inst., Washington's birthday, this bank will be closed.

Orleans Theatre Notice.—We refer the general public to Mr. Charles Parsinge's notice relative to the Orleans theater, that each one may form his own conclusions.

Machinery and Machine Fittings.—At the store of Messrs. D. C. Lawler & Co., No. 73 Camp street, an extensive stock of machinery and machine fittings may always be found on hand. They advertise various articles this morning to which we refer all interested in machinery matters.

AUCTION SALES THIS DAY.

B. Rogers & Co. will sell at 10 o'clock, boots, shoes and brogans, clothing, corset jeans, embroideries, dry goods, etc., at No. 55 Old Levee street.

Amos Edwards sells at 7 o'clock, books, stationery, etc., at No. 59 St. Charles street.

☞ Northwest Sunday School Teachers' Convention will be held at Philadelphia, February 22d, 1859.—The Convention will assemble in JAYNE'S HALL, at 8½ P. M.

Delegates who propose to attend, are requested to send their names, by mail, to the Chairman of the Committee on Entertainment, Mr. JOHN W. SEXTON, No. 409 Market street, not later than February 20th, in order that places of entertainment may be provided in advance.

The Committee cannot promise to provide for delegates who do not give this timely notice.

GEO. H. STUART,
Chairman of Committee of Arrangements.
PHILADELPHIA, Feb. 1st, 1859. fe15 2p1t

☞ Wood's Patent Sewing Machine.—We have been often asked which is the best Sewing Machine in use, and to satisfy ourselves have spent some time in examining those on hand, and now give our opinion to our readers for their benefit.

We have seen one of the above named Machines, and have tried it in all manner of work required in a family, and it gives satisfaction in every instance, doing its work very rapidly, easily, and stronger than the usual hand work. It is much harder to rip seam done on this Machine than that done in the ordinary way. It is neat and tasty, being very nicely finished, and in all appearances, beyond the possibility of getting out of repair by ordinary use. It is very strong and durable, and we are well aware that Machines of this description have stood for years of constant use. It has already proved itself and demonstrated its strength in one family to pay its cost, and we think it a very profitable investment, to say nothing of its convenience and the hours of needle work that it saves a mother. We most emphatically pronounce this the best Sewing Machine in use, and the greatest labor-saving invention of the day.

Messrs. WHITNEY & LYON, who are the proprietors of these Machines, have a salesroom at 345 Broadway, New York.

[Chicago Herald.

M. S. HEDRICK, Agent,
fe8 2p4mW 20 Camp street

☞ Rheumatism Cured, either Inflammatory (acute) or Chronic—no matter how severe the case, or of how long standing. Call for Dr. MORTIMORE'S REMEDY, which has already cured about TWENTY THOUSAND cases; to be had at No. 51 and 151 Chartres street, New Orleans, La., of J. WRIGHT & CO. fe11 2p3mW

☞ The Great English Remedy—Sir James Clarke's Celebrated Female Pills!—Prepared from a prescription of Sir J. Clarke, M. D., Physician Extraordinary to the Queen.

This well known medicine is no imposition but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and, although a powerful remedy, they contain nothing harmful to the constitution.

To Married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

These Pills have never been known to fail, where the directions on the second page of the pamphlet are well observed.

For full particulars get a pamphlet, free, of the agent.

N. B.—$1 and 5 postage stamps, enclosed to any authorized agent, will insure a bottle, containing over fifty pills, by return of mail.

General Agent for the United States JOB MOSES, 1 Rochester N. Y. J. WRIGHT & CO., New Orleans, Wholesale Agents, and sold by all respectable Druggists. fe8 2ply&W

☞ A new Sewing Machine, superior to all others, has been invented, and is now ready to be introduced to the public by the Grover & Baker Sewing Machine Company. It has been examined by competent judges, and is pronounced to be superior to anything ever invented; in fact, it is the wonder and admiration of every one. Nothing can be more simple, and a child eight years of age can work it with ease. It sews faster than any other machine, and is found to supersede all others. There is none of the trouble of keeping it in working order that there is by machines of other makers. It does not require the operator to have several pages of printed instructions in order to work it, as is the case with the Wheeler & Wilson machine. There is no leather pad, which is so very troublesome, as in the Wheeler & Wilson machine. It does not require the thread all to be rewound into a complicated little spooler, as is required by the Singer and Wheeler & Wilson machines, as it sews from the original spools just as they are purchased from the stores. The reputation of the machines formerly made by the Grover & Baker Company, is well-known all over the world. Warehouses at the principal cities in New Orleans, and throughout the Union, bear testimony to the superior qualities of the Grover & Baker machines.

It gives us pleasure to introduce such useful machines into every family, the benefits of which have established a perfect machine, suitable for family sewing, at the low price of Fifty Dollars.

All of the leading patterns of the Grover & Baker machines can be purchased at the Southern depot of the Company, No. 11 Camp street, where gentlemen will receive all required information. fe2 2p2mW

DIED.

At the Quarantine Station, on the 12th instant, ANDREW SMITH, aged 6 months and 13 days, son of Dr. John and Eliza Jane Thorp.

☞ Five Hundred Dollars Reward.—The undersigned having received letters from several merchants of New Orleans, informing him that several unprincipled persons are engaged in bottling and selling a mixed and poisonous liquor under his trade mark—"Schiedam Aromatic Schnapps," put up in bottles with labels, wrappers, and fac similes of his autograph, or a close imitation thereof, and believing that many others in different cities in the West are engaged in the same felonious business, in defiance of the perils and penalties attached thereto, and to put a stop to the pirating of his trade mark, he now offers a reward of FIVE HUNDRED DOLLARS for such evidence as will lead to the detection and conviction of any person or parties implicated in the crime.

The reward will be paid to any person that may have been innocently employed in the manufacture of such counterfeits, or as a wrapper, labeler, printer, engraver or bottle maker, upon their legal conviction of the guilty employer. And such persons are hereby cautioned against engaging or continuing in such criminal employment after the present notice. They are also hereby informed that all orders for bottles or moulds, engraved blocks or printers' work, to be used in the preparation of such counterfeits, are felonious, even though they bear the name of the undersigned, unless the articles so ordered are to be delivered at his principal depot, 22 Beaver street, New York. And all persons thus engaged in aiding and abetting the manufacture or sale of such counterfeits, after the present notice will be held amenable to the law.

All communications to be addressed to me, to the care of Messrs. BUNNELL & BALLIEFF, New Orleans.

UDOLPHO WOLFE,
22 Beaver street, New York.
ja15 2p1m

☞ Dr. Hostetter's Bitters have received the warmest encomiums from the press and people throughout the Union. As a valuable tonic for the cure of Dyspepsia, Flatulence, Constipation and a general nervous debility, it cannot be approached. Every day new cases of its great effect are chronicled through our principal public journals. There is nothing equal to the enjoyment to that which the afflicted experience when using this valuable specific. Its mild tone, its sure and vigorous action upon a disordered stomach, and the cleansing of the entire human body should recommend it to all classes of our community. All that will be necessary to convince the skeptical of its healthy effects is to purchase a bottle and be convinced.

For sale by Druggists and dealers generally everywhere.
ja14 fy&2t&W

☞ Coughs, Colds, Influenza, Bronchial and Pulmonary affections are frequent during this month. This balsamic and soothing remedy has an affinity for the Lungs. When once the system is charged with Woodman's Cherry Expectorant, it acts the part of an Invincible Sentinel, ever on the watch to check the very bud of organic disease, and banish it forever from the system. At bedtime a few teaspoonfuls of this potent remedy give refreshing repose during the "silent watches of the night," and when the "new born day" is ushered in, you will find yourself solidly and substantially refreshed.

Sold by J. WRIGHT & CO., 21 and 151 Chartres street, and O. O. WOODMAN, corner Common and Magazine streets.
fe13 3p6t&1tW

☞ The artificial lightning that flashes through the Atlantic Cable, bears less resemblance to the lightning of heaven, than CHISTADORO'S HAIR DYE bears to the natural coloring matter of black and brown hair. Quick as a flash it darkens the gray, red or sandy tints of the head, the lips and the chin to an ebony hue, while it leads a healthy luster to them. It contains no caustic, and ten minutes once in six or eight weeks is all the time required for its application.

Sold everywhere, and applied by all Hair Dressers.

To the Debilitated.

They say a word to the wise is sufficient for them, so we recommend to all those who have by folly injured their constitution, to lose no time, but at once apply to the great remedy, viz:

Ridley's Buchu.

Are you weak and prostrate? Are you a burthen to yourselves? Is your health and strength gone? Do you feel that you want some balm of Gilead? If so get the Buchu, and you will rise triumphant to health and strength.

Save Your Children!

Every one who has a family of dear children must know how liable they are to accidents, and the numerous injuries they sustain, notwithstanding the greatest possible care, from cuts, scalds, bruises, and a thousand other injuries. How their little cries rend the heart! What mother, under these appalling circumstances, but would give almost a portion of her heart's blood to secure the little one from torture? We can tell her at once how it can be done. Have on hand a box of DALLEY'S MAGICAL PAIN EXTRACTOR. Apply it, and all pain will cease—all inflammation will subside, all trouble will be at an end—all tears will cease! Is this good news? Is it consolatory? If so, take care and remember DALLEY'S MAGICAL PAIN EXTRACTOR. Be sure and have it about you.

Winer's Canadian Vermifuge

Has established its superiority over every other preparation for worms, by the rapidity, number and thoroughness of its cures; although literally a vegetable compound, its remedial action is much more summary than that of the Vermifuges containing Mercury. It has the merit of inverting efficacy and of perfect harmlessness, so far as the human system is concerned.

Lea & Perrins'

CELEBRATED

WORCESTERSHIRE SAUCE

Pronounced by Connoisseurs

—To be—

THE ONLY GOOD SAUCE,

AND APPLICABLE TO EVERY VARIETY OF DISH.

Extract of a letter from a Medical gentleman at Madras, to his brother at Worcester, under date of May, 1851:

"Tell LEA & PERRINS that their SAUCE is highly esteemed in India, and is, in my opinion, the most palatable as well as the most wholesome Sauce that is made."

Extensive Frauds

The only Medal awarded by the Jury of the New York Exhibition of Foreign Sauces, was obtained by LEA & PERRINS for their WORCESTERSHIRE SAUCE. The world-wide fame of which having led to numerous FORGERIES, purchasers are requested to see that the names of LEA & PERRINS are upon the WRAPPER, LABEL, STOPPER and BOTTLE.

LEA & PERRINS will proceed against any one infringing, either by manufacturing or vending spurious Sauce, and have instructed their correspondents in various parts of the world to advise them of any infringements. Sole Wholesale Agents for the United States.

JOHN DUNCAN & SONS,
415 Broadway, New York.

A stock always in store. Also, orders received for direct shipment from England. ea16 2ply

The most recherche and elegant designs, just out. BLACK SILK TIES, 40c. each. fe14 2p4t

The Southern Oil Company,

OFFICE—No. 72 CAMP STREET,

New Orleans.

This Company are now prepared to furnish consumers with their SUPERIOR

MACHINERY OIL,

At 25 per cent Below the Cheapest Lubricating agent in use.

The Oil is CHEMICALLY PURE; is ENTIRELY FREE from GUM and ACID, and at

35 DEGREES BELOW FREEZING POINT

Retains its Perfect Limpidity.

DIRECTIONS FOR USING THE LUBRICATING OIL.

This Oil being of a penetrating nature, the tendency is to collect any dust or dirt that may have secreted itself, or accumulated in the various defects or imperfections in the machinery. Therefore, where other Oil has been used, the machinery should be thoroughly cleaned; and it may be necessary again to clean it off, after applying our Oil.

Where machinery is kept clean, the Southern Oil Company's Lubricating Oil will be found superior to any now in use. In the use of any Oil, it is important to keep your machinery clean.

It is proper that it be distinctly understood that the Oil manufactured by this Company is the first ever made from Rosin that was suitable for Machinery—all previously used for that purpose has been mixed with other lubricating agents, and even then failed to compare favorably with good Lard Oil. The improvements introduced in the machinery of the Southern Oil Company works, and the improved method adapted of expelling entirely the acid and gluten (contained in all oil heretofore obtained from Rosin) enables them to submit their Oil pure, and rely solely on its merits. It is now offered to the public with a full knowledge on the part of the Company of its being what they represent: and in all cases, when procured of their agents, it is guaranteed to perform what is promised.

In addition to these assurances on the part of the Company, the Oil has been thoroughly tested for the past three months by some of the best practical engineers and machinists in the South—most of whom are well known in this city and throughout the State, and who fully endorse, over their own signatures, its superiority over most other oils.

A portion of these testimonials are submitted, and we ask a careful perusal by all parties interested. On the score of economy, we appeal direct to the interest of consumers—while being of Southern product and manufacture, it cannot fail to attract the attention and secure the hearty encouragement of every one friendly to Southern enterprise.

N. O., Jackson and Great Northern Railroad, New Orleans, Jan. 7, 1859.

I have been using the Machinery Oil furnished me by the Southern Oil Company, on the boxes of the cars on this road for the past two months—running side by side with the best lard oil—and in every respect thus far, it gives entire satisfaction, keeping the boxes cool and free from gum.

On two cars I put new brasses on the 12th of December—one car with the Rosin Oil, and the other with Lard Oil. On examination this day I find the Rosin Oil the cleanest, and in other respects fully equal.

After further test I will take pleasure in reporting further results.

[Signed] S. T. VAN LOON,
Master Machinist.

Depot N. O., O. and G. W. Railroad, Algiers, Nov. 11, 1858.

To Southern Oil Company—Gentlemen: I take pleasure in being able to state that I find the Machinery Oil which you sent me to be used on the axle boxes of our cars, to work well, so far as the limited time I have had it in use has permitted me to test it.

Our boxes packed with it have run 240 miles at an average speed of 25 miles an hour without the use of any additional oil, and remaining perfectly cool.

I am at present engaged in making further tests relative to its comparative cost with other lubricators.

Yours respectfully,
A. B. SEGER,
Vice-President and Superintendent.

Depot N. O., O. and G. W. Railroad Co., Jamsa 10, 1859.

To the Southern Oil Company—Gentlemen: Our experiments during the past month in the use of your Machinery Oil for our boxes, show a saving of 25 per cent. on the expense of Lard Oil, when used for the same purpose, while it answers equally as well.

We shall adopt it as exclusive use for that particular purpose, at once. Yours respectfully,

[Signed] A. B. SEGER,
Vice-President and Superintendent.

Pass Christian, October 6, 1858.

Dear Sir: I went to Mobile on Monday, and visited the works of the Southern Oil Company, and had explained to me fully the process by which they refine the Oil, and "expel entirely the pyrollignous acid and ammonia, and impart the alkaline property so essential to all lubricatory oils."

This is precisely what all Rosin Oil makers heretofore have failed to do, and what has caused the well-founded prejudice against the Oil; as without the features which I have mentioned, (quoted above) the Oil would possess no value for lubricating purposes, while with the discoveries made, and system now in use at the Mobile Works, I believe the Oil will prove far superior to any other Oil for lubricating purposes, more especially in cold climates. " " " " " "

I cordially congratulate the Company and the country upon the achievement, which will be a new source of wealth to both.

Your obedient servant,
S. H. GILMAN.

New Orleans, January 15, 1859.

Southern Oil Company—Gentlemen: During a recent visit of about two months in the different sugar parishes of this State, I have met with several planters who were using your Rosin Oil on their sugar mills, and all of them spoke of it in the highest terms as a lubricating Oil.

My own observation, also, has convinced me that it is not affected by variations of temperature, and is free from all the gummy and dirty properties which are always found in the use of all other lubricating Oils.
