TALK ON 'CHANGE.

Matters and things moved along quietly and calmly yesterday. The shady side of the streets was preferred for talking purposes. The talk was, that the weather is at hand, and in a short time we shall hear of rapid strides in planting, and the talk will be of the stand for cotton. There has been considerable talk of damage to the seed cane, and from many sections of the State the talk is of a gloomy character for this year's crop. This is an opinion prematurely, entirely yet. If there are planters who do not [illegible] yet, and commence already to cry [illegible] we can only say that they may have a [illegible] of cheer, and cry abundance. About a year [illegible] the same talk, and that there would be [illegible] sugar raised. The most serious enemy to the prospects at present is the water. The accounts from above are much more favorable—that is, all the way of last month to now below the mouth of the Ohio.

We learn that Upper Red river is low, with the water still receding from above Shreveport. Also, in the bayou Bodo, Cuddo and Bisteneau. There will be considerable system detained above the raft, unless [illegible] rise in Upper Red river takes place. It would [illegible] many writers on political economy to observe the quantity of cotton shipped every week up the Ouachita and Red rivers. If it is a paying business for planters to buy corn at 90 to 100 cents per bushel, and pay freight on the same, besides paying their [illegible] per cent. and interest, why, they talk differ from some other folks.

We observe that the last of the sugar crop is coming rapidly to market—the fear of crevasses will cause every hogshead out of the sugar-houses. We [illegible] some loaded yesterday on the levee which looked as though it was well drained. There are complaints of great losses in weight, and the new chemical compound (bi-sulphite of lime) comes in for a good share of complaint. From personal use of the compound, and the talk of many folks, it is assumed that a pound of sugar made under the new process, does not go so far in sweetening tea, coffee as a pound made under the old mode. We believe such is a fact, and have particularly watched the sugar dish since the introduction of the new compound, and we estimate the difference to be twenty-five per cent. in favor of the old process, when the molasses line was deemed of sufficient note to be used in the sugar-house. Now, then, the great loss in weight, which has occurred in almost every shipment hence, has a counterpart in the deficiency of the strength of the article used in every family. In fact, some of the sugar has been talked of as being [illegible] in strength and vitality fully fifty per cent. This is some of the talk about sugar.

The mails were delivered at a very late hour yesterday. We suppose contraction and retrenchment are the order of the day in expenditures. If so, our [illegible] community had better make up a subscription, and aid the Government in the services of more clerks in the Post-Office Department.

There was nothing later from Europe last evening.

NO CREVASSES.—A note from the Directors of the Opelousas Railroad informs us that no crevasse has occurred at Bonnet Carre, as reported, and the passengers by that road came down on Monday night. The originator of a report calculated to needlessly alarm a community is simply a miscreant.

CHURCH'S NIAGARA yet remains on exhibition over the store of Messrs. Bloomfield, Steel & Co., 60 Canal street. The painting is appreciated in this city, as witness its inability to get away from its admirers who have so long kept it here.

THE DRAWS FOR GAIN is the motive which induces the daily crowds to visit that famous temple of fortune at 97 Camp street, and make investments; and the great inducements offered are well worthy such attention. See Col. Judson's advertisement for particulars.

GOOD PAYMAY.—By reference to the notices elsewhere, it will be seen that the Banks will remain closed next Friday, and that notes falling due that day will be payable the day before.

M. O., F. AND G. N. R. R. CO.—The result of the election of officers in this Company, held yesterday, is already published in another part of this morning's Crescent.

A NEW SEWING MACHINE, which combines all the excellences of all other machines in beautiful, simple and efficient form, has been invented by the Grover & Baker Company, and put up in a style and at a price which renders it at once desirable and within the means of all who can afford to practice the economy of purchasing one of these admirable labor savers. The annex above and describes the machine in question—"simple, beautiful and efficient," but to be understood in all their convincing force they must be demonstrated by actual inspection of the article, as can be done by calling at the Company's Southern Depot, No. 11 Camp street, where they may be examined and purchased. We ask attention to the advertisement in this paper.

The Great English Remedy—Sir James Clarke's Celebrated Female Pills!—Prepared from a prescription of Sir J. Clarke, M. D., Physician Extraordinary to the Queen.

This well known medicine is no imposition but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and, although a powerful remedy, they contain nothing hurtful to the constitution.

To Married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

These Pills have never been known to fail, where the directions on the second page of the pamphlet are well observed.

For full particulars get a pamphlet, free, of the agent.

E. R.—$1 and 4 postage stamps, enclosed to any authorized agent, will insure a bottle, containing over fifty pills, by return of mail.

New Lafayette Benevolent Association of New Orleans—General Meeting—Pursuant to Art. VIII of the Constitution, the regular quarterly meeting of the above Association will be held at their Hall, No. 325 Old Levee street, between Dauphine and St. Philip streets, on MONDAY next, the 25th inst., at 7 o'clock P. M., precisely. The members are requested to be punctual, as important business will come up for consideration. By order of the President:

ANTHONY SAMBOLA, Secretary.

Regenerations Cured, either in Summary period or Chronic—no matter how severe the case, or of how long standing. Call for Dr. MORTIMORE'S REMEDY, which has already cured about TWENTY THOUSAND CASES; to be had at No. 21 and 23 Chartres street, New Orleans, La., of J. WRIGHT & CO. feb1 2p3m;aW

A New Sewing Machine, superior to all others, has been invented, and is now ready to be introduced to the public by the Grover & Baker Sewing Machine Company. It has been examined by competent judges, and is pronounced to be superior to anything ever invented; in fact, it is the wonder and admiration of every one. Nothing can be more simple, and a child eight years of age can work it with ease. It sews faster than any other machine, and is bound to supersede all others. There is none of the trouble of keeping it in working order that there is in machines of other makers. It does not require the operator to have several pages of printed instructions in order to work it, as is the case with the Wheeler & Wilson machine. There is no leather pad, which is so very troublesome, as in the Wheeler & Wilson machine. It does not require the thread all to be rewound into a complicated little spooler, as is required by the Singer and Wheeler & Wilson machines, as it sews from the original spools just as they are purchased from the stores. The reputation of the machines formerly made by the Grover & Baker Company, is well-known all over the world. Hundreds of the first families in New Orleans, and throughout the South, bear testimony to the superior qualities of the Grover & Baker machines.

In order to place these useful machines into every family, the manufacturers have introduced a perfect machine, suitable for family sewing, at the low price of Fifty Dollars.

All of the leading patterns of the Grover & Baker machines can be purchased at the Southern depot of the Company, No. 11 Camp street, where purchasers will receive all required information. feb 2p3mAW

Ask any one who has ever used Dr. McLane's celebrated LIVER PILLS, prepared by Fleming Bros., what they think of them? Ninety-nine in a hundred will tell you they are the best pills for liver complaint, sick headache and dyspepsia that they have ever used. Read the following from one of our most respectable citizens:

NEW YORK, August 3, 1852.

I do hereby certify that I have been suffering from a pain in my side and breast for a long time, and after trying many remedies came to the conclusion that my liver was affected. I immediately commenced using Dr. M'LANE'S CELEBRATED LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, and the few that I have taken have already given me more relief than all the other medicines I have taken put together. I went to a chiroyeant to consult him; after examining me carefully he advised me to continue the use of Dr. McLane's Pills, that they would effectually cure me. W. W. PHILLIPS, No. 2 Columbia Place.

Purchasers will be careful to ask for Dr. M'LANE'S CELEBRATED VERMIFUGE, manufactured by FLEMING BROS., of Pittsburgh, Pa. All other Vermifuges in comparison are worthless. Dr. M'Lane's genuine Vermifuge, also his celebrated Liver Pills, can now be had at all respectable drug stores. None genuine without the signature of FLEMING BROS. Sold by SCOTT, ♁ MEAD, 111 and 113 Chartres street, New Orleans, Wholesale Agents for the South. a18 2p6aW

Fever and Ague.—This trying and proving disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short space of time, and rendering him physically and mentally useless, can be defeated and driven from the body by the use of Dr. J. HOSTETTER'S RENOWNED BITTERS. The great success it has met with, and the beneficial results following its use, have established it as a permanent "institution." We would advise our readers to procure this valuable specific, and if an absent friend is afflicted with the Fever and Ague, or any other nervous disease, to hasten and procure this much favored and greatly desired article. A trial is all that is needed to prove its many excellent qualities.

Sold in New Orleans, wholesale and retail, by J. WRIGHT & CO., 21 and 113 Chartres street, sole agents for the Southern States, and to whom all orders should be addressed, and by druggists everywhere. a18 2p6aW

The Manly Moustache, if whitened by time or reddened by nature, becomes instantly dark as silk, under the operation of CRISTADORO'S HAIR DYE. A few moments suffices to metamorphose a head of hair which offends the eye by its hue into a crown of beauty. WOMAN'S RINGLETS, if prematurely frosted by care or sickness, or naturally of an unbecoming color, are changed to a rich, warm brown, or a splendid and life-like black in ten minutes, by this wonder-working preparation.

Sold everywhere, and applied by all Hair Dressers.
