Y. M. C. A. CAMPAIGN IN COLUMBIA COUNTY
(By John Rudd)

Columbia county, which has ever been in the forefront of all enterprises looking to the welfare of the boys "over there" seems destined to attach first honors in the northwest in the institution of a program which is designed for the welfare of the boys "over here."

The program in question is that of the Y. M. C. A. county work, which is being introduced into this county and for which the budget has been pledged or guaranteed in every district in the county at this time with the exception of the St. Helens district. Here too, in spite of the fact that the destruction of our public school by fire has rather hindered the vigorous prosecution of the work, the committee in charge is determined that the necessary funds shall be forthcoming. In our desire to aid the boys "over there," it is pointed out, we cannot afford to neglect the boys "over here."

The introduction of the Y. M. C. A. county program into the northwest has been done at the specific request of the federal government, which recognizes the importance of the work in sustaining the morals and morale of the boys and young men. It is a program which goes hand in hand with the general scheme of winning the war.

Columbia county was selected as the first county in the northwest to receive the attention of the county work committee because of the fact that greater interest was manifested in the program among those in touch with the Y. M. C. A. work in this county than in any other county in Oregon, and because there was a real and insistent demand for the institution of the program here at this time.

At a meeting held in Rainier, on Tuesday, September 24, the organization of the county was effected by the election of the following officers: chairman, A. L. Suller; vice-chairman, J. W. Watts, Scappoose; recording secretary, W. C. Gaunt, Rainier; treasurer, Sherman Miles, St. Helens; committeemen, Fred Trow, Rainier; R. F. Niblock, Scappoose; C. A. Cassatt, St. Helens; D. C. Howard, St. Helens; C. S. Orwig, Clatskanie; B. G. Bayless, Clatskanie; W. A. Hall, Clatskanie; B. R. King, St. Helens.

Scappoose has already gone over the top with a full quota of the budget. Clatskanie is far enough along to see over the top. A committee of business men have guaranteed Rainier's portion of the budget. In St. Helens \$300 has already been pledged and the local committee of which C. A. Cassatt is chairman, is determined that the remainder shall be taken care of in time for this district to share in the full glory of the enterprise along with the other districts of the county.

A meeting has been called for next Tuesday night at the city hall for the purpose of enlightening the people of this district on the scope and object of the county work program. Thos. Davis, a Y. M. C. A. worker and an authority on the program in question, will be present at this meeting to which the general public is invited.

The importance of the work is reflected in a letter received by Mr. Cassatt from Governor James Withycombe, who is a member of the Y. M. C. A. state committee. The letter follows:

"As a member of the interstate executive committee of the Young Men's Christian Association on coun-

ty work, I take the liberty of addressing you as chairman of the campaign for county work funds in your community, urging upon you the necessity of making every reasonable effort to insure the required appropriation. I am familiar with the plans being advanced for the county work department and am free to say that I believe this branch of the Y. M. C. A. endeavor cannot be emphasized too much. I know you will put forth your best effort and feel confident that you will succeed splendidly, but I have felt that it might not be out of place to remind you that the record of Columbia county is being watched in other parts of the state."

The Y. M. C. A. county work program is designed especially for the boys and young men of the small towns and country communities. It is a strictly non-equipment work carrying on a four-fold program of religious, educational, social and physical activities. While the work in each county is headed by a paid secretary, volunteer workers are depended upon to a great degree in the successful prosecution of the program. The work is administered by a committee of business and professional men in each county.

The program is financed by voluntary contributions, a budget of \$3,500 per annum being estimated for the needs of Columbia county. This budget is expected to cover the entire expenses of the program, including the salary of the secretary and such other items as rent, heat, light, etc. For the sake of efficiency this county has been divided into four districts all of which, with the exception of the St. Helens district, have already taken care of their portions of the budget. And St. Helens will be in line with a report of "over the top" before the campaign closes.

Mrs. Smith Recommends Chamberlain's Tablets

"I have had more or less stomach trouble for eight or ten years," writes Mrs. G. H. Smith, Brewerton, N. Y. "When suffering from attacks of indigestion and heaviness after eating, one or two of Chamberlain's Tablets have always relieved me. I have also found them a pleasant laxative." These tablets tone up the stomach and enable it to perform its functions naturally. If you are troubled with indigestion give them a trial, get well and stay well.

Forward!

With no thought of bursting shrapnel and poisonous gases into which they plunge—with every muscle tense, with every faculty of mind alert, with one thought only—TO FIGHT AND WIN.

That is the way our men are going into battle. When the shrill whistle sounds the advance, out they go—their whole heart in the task before them. *No power on earth can hold them back.*

Forward!

The same sharp challenge to battle is sounding for us. We must answer in the same proud way—the way of our fighting men—the American way. *We must lend the way they fight.*

We must show the war-maddened Hun a united American people moving forward shoulder to shoulder, irresistibly, to Victory.

Our task is to supply the money, the ships, the guns, the shells that we must have to win. It is a tremendous task. We must do it as our fighting men do theirs—with the indomitable spirit of Victory.

We must work, and save, and lend with one thought only—TO FIGHT AND WIN.

Get into the fight—with your whole heart. Buy Bonds—to the utmost!

War Emergency Course and Certificate

OREGON NORMAL SCHOOL

Owing to the scarcity of teachers the Oregon Normal School will offer a War Emergency Course of twenty weeks outlined by the Superintendent of Public Instruction. The course will begin with each of the terms, commencing Nov. 16, 1918; Feb. 8, 1919 and April 12, 1919. The Superintendent of Public Instruction will consider it equivalent to the Teachers' Training Course and issue a certificate upon its completion valid to teach in the elementary grades for one year.

This Course will be open to those who have had two years or more of high school work or its equivalent and who are at least eighteen years of age.
