BY NIXON & ADAMS.

OFFICE - - - NO. 70 CAMP STREET.

Yearly Subscription, $10 - - - By the Week, 20 Cents.

THURSDAY MORNING, OCTOBER 27, 1859.

☞ We are indebted to Mr. J. J. McKeever, agent of Adams & Co.'s Express, for Vicksburg papers of yesterday.

THE MATHEMATICAL MONTHLY.—We have received a copy of "The Mathematical Monthly" for October. The monthly is edited by J. D. Runkle, A. M., A. A. S., and is very ably conducted.

THE PEIHO AFFAIR IN ENGLAND.

English sentiment is not exactly unanimous in endorsing the conduct of Admiral Hope in attempting to force a passage of the Peiho, for we have before us a copy of a London paper which dares to express views that are set forth in the following strong and bitter language: "Mr. Gladstone, in 1858, wished well to the Chinese arms. Being now a member of Lord Palmerston's cabinet, he can no longer rejoice with us in that blow (the repulse in the Peiho) which has fallen on those reprobates whom the majesty of the English law would punish were it not asleep; and who, having left our shores on an assassin's errand, have for once met with an assassin's reward." Such talk as this, right under the shadow of the palace of St. James, sufficiently indicates that there is a strong party in England which views in its proper light the piratical policy of England, in violating the sovereignty of any nation which she may be strong enough to impose upon when there is any object to be gained by such course. Great Britain is now the great pirate empire of the world, as Spain was a couple of centuries since, and recognizes no law of policy, no rule of conduct, save her own selfish interests. In her recent act of aggression the United States were disgraced by the conduct of a commodore and a minister plenipotentiary in aiding and abetting the deed, and for their keeping of bad company the nation which they represent is likely to suffer.

Documents are published which sufficiently prove that Admiral Hope is to blame only as the instrument in the attack on the Chinese in the Peiho, for the assault was meditated and the consequences foreseen by Lord Elgin and other high officials of Great Britain in those climes, who doubtless had their instructions to cause the commission of some overt act which would provoke hostilities. Great Britain probably had a double motive in this—the first, patent to all, being the desire to overrun China and obtain control of her trade; the second, more remote and shrewdly cunning, being the embarrassment of France with her in the Chinese quarrel, that the Anglo-French alliance might be cemented anew, and the tumultuous fears of trouble with France which pervade the English masses be quieted. It seems, however, that Louis Napoleon is as wide awake as his rival across the channel, and is not to be blindly entrapped into a distant and expensive war from which France has nothing to gain, for he very well knows that she cannot compete with England in the struggle for commercial advantages in the China trade, with the India possessions of that power lying right at the scene of operations. He is wise enough to hesitate before expending French blood and treasure for English enrichment, and is more likely to address a reprimand to his officers whom the English coaxed into participation in the Peiho affair than to endorse their action and stand up to consequences prolonged and arduous, the prosecution of which might be his hands when he would most desire them free from any entangling alliance, that he might use them at will in regulating European affairs according to his own notions of propriety, if not to those of Great Britain.

RENEWAL.—Mr. J. A. Braselman, with prompt enterprise, announces his re-opening at No. 185 Camp street, where he will offer for sale the goods saved from his stock at the late fire. He advertises great bargains.

THOROUGH RACE TO-DAY.—The various specimens of flying horse flesh known by the euphonious names of *Calamity, Shave Tail, Gray Dick, Smallwood-Go* and *Bill Squarefoot*, will show their paces to-day in trotting over the Creole Course to harness for a purse of $50. See the advertisement, in another column.

THE ARCHYMEDES.—The Buckleys had a good house last night, as usual, and gave it fits—of laughter, which did'nt hurt anybody. This evening they will be on hand with a grand programme of negro minstrelsy generally, giving their burlesque of Rossini's spectacular opera of "Cinderella" for a wind-up.

The steamship Cahawba, Capt. J. W. Smith, sailed at 5 o'clock this morning for New York via Havana, with 400,000 in specie for New York and the following passengers:

Office, Hall, Fox, R. A. Quig, Mrs. Kneer and child, S. F. Dillon, Mrs. Dillon, Mr. Thomas, and others.
For Havana—F. Fiquet, Mr. Brown, Mr. Alfonso, B. Oliver, J. Oliver, F. Brooks, W. H. Adams.

DOLBEAR COMMERCIAL COLLEGE.—We ask attention to the advertisement of this popular institution, which is this morning published by its President. It now occupies spacious apartments in the Story Building, one of the finest edifices in the city, and a large number of students are in attendance, pursuing the studies of book-keeping, penmanship, mathematics, German, French, Spanish, English, Latin and Greek, all of which are instructed by accomplished professors. The advertisement in question contains a clause to which we would peculiarly ask consideration, for it refers to the internal arrangements and mechanical departments of the institution, the prompt establishing of which should be an urgent motive for the taking of stock by subscribers.

SIGN PAINTING.—Whoever wants a sign done up in style and taste his desire answered by calling on Unlacke, 16 Exchange Place, for he is a real artist in that line, and throws off place or fancy signs with a speed and artistic perfection of execution alike creditable to his skill and satisfactory to his patrons, who are legion. We direct attention to his advertisement.

CAROLINA AND VIRGINIA NEGROES are offered for sale by Mr. R. F. Peterson, 18 Perdido street, who has just received a lively lot of fifty, comprising a number of mechanics and accomplished servants. See his advertisement.

HORSE FOUND.—See advertisement of a sorrel horse found on the Bienville street road, and which the owner can have by proving property.

CIGARS AT AUCTION.—We are requested to state to buyers of Havana cigars that the sale by D. R. Murphy, auctioneer, will take place this day at half-past 10 o'clock A. M. See advertisement.

REAL ESTATE AT AUCTION.—Messrs. Julian Neville & Co., auctioneers, sell to-day at 12 o'clock, at the St. Charles Exchange, the elegant residence of the late Logan McKnight, being one of the most desirable locations in this city. See advertisement.

AUCTION SALE OF BRANDY, WHISKY, ETC.—R. B. Byron, auctioneer, will sell this day at Messrs. W. F. Vredenburgh & Co.'s, No. 26 Old Levee street, a very choice lot of old cognac brandies in bond, worthy the attention of grocers and dealers. Also, wines, sardines, rum, Irish whisky, Holland gin; also a large invoice of green and black teas. Sale will commence at half-past 10 o'clock. For particulars, see advertisement and catalogue.

TRAVELING BAGS AND CLOTHING AT AUCTION.—The particular attention of buyers is called to the large sale of traveling bags and clothing, to take place this day at 10 o'clock, at the auction rooms of H. Roger & Co., No. 26 Old Levee street. Terms at sale.

BOOTS, SHOES AND BROGANS, AT AUCTION.—The particular attention of buyers is called to the large sale of boots, shoes and brogans, to take place this day at 10 o'clock, at the auction room of H. Roger & Co., No. 26 Old Levee street. Terms at sale.

REFERENCE AT AUCTION.—By reference to our advertising columns it will be seen that H. A. Kingston, auctioneer, sells to-day at 12 o'clock, at the St. Charles Exchange, a family residence on Poydras street, between Bolivar and Bertrand streets. This house is eligibly situated in an improving neighborhood and immediately in the rear of the business of the city. The buildings are of a substantial and durable structure, and well adapted for the accommodation of any family.

☞ **The wide reputation which Dr. J. Hostetter's** "Stomach Bitters" have attained during the past year, bespeaks its excellence in a more forcible manner than any words which we can offer. It renovates, purifies and strengthens the system, and aids the stomach in the performance of its functions. It is regarded on all sides as a sovereign specific; and, therefore, to procure it in the best possible way, should be the object of the public. We commend it with more than usual seal and confidence, believing and knowing, as we do, that it stands foremost among the many preparations of the day, for imparting strength, vigor and tone to the system, and possessing the curative powers for all similar diseases arising from a disordered stomach. In the most severe cases of cramps, diarrhœa, and weakness in the stomach, the "Bitters" have been rigidly tested, and always with the greatest success.

Sold in New Orleans, wholesale and retail, by J. WRIGHT & CO., 71 and 151 Chartres street, sole agents for the Southern States, and to whom all orders should be addressed, and by druggists and dealers generally everywhere.

☞ **Startling Discoveries have been made** within the past few years, by eminent French and German Chemists, concerning the great difference in the quantity and quality of Iron in the Blood, and it has been found that prevalent cases of Female debility, loss of healthy complexion—chlorosis, flour albus, etc.—impurities of the blood and general prostration, were occasioned by the diminished quantity of iron in the blood. The most eminent physicians of Paris, London, Vienna, and recently of New York, have adopted Dr. MOTT'S CHALYBEATE PILLS and Aperient and Stomachic Preparation of Iron, by Hydrogen, and are now prescribing them with most extraordinary success. Good appetite, complete digestion, rapid acquisition of strength, with an unusual desire for active and close fat exercise, immediately follow their use. Stockholders can take the amount out in tuition. The Trustees of course can put any other party at the head, if they deem best. The Charter is perpetual.
