SUMMER RESORTS.

ANNOUNCEMENT.—OPENING OF THE CLIFTON Springs Hotel and Air Cure combined with Water Cure Treatment.—This beautiful summer resort for invalids and pleasure-seeking excursionists, including all of the pure mineral springs in the place and beautiful natural grove of about twenty-five acres surrounding the premises, has been purchased and put in splendid repair and furnished anew throughout, at an expense of about $80,000, by L. B. Hotchkiss & Co., bankers, at Phelps, N. Y. This establishment will accommodate about two hundred and fifty guests, and the piazza surrounding the hotel and air cure measures about 500 feet, with sixteen feet columns. Arrangements have been made with Mr. Albert Cleveland, formerly of the Canandaigua Hotel, to be the proprietor. The hotel department will be opened for guests on or about the 25th instant, and the air cure department on the 1st July.

First class physicians will be in attendance.

This cool and delightful place is situated in the very best section of country in the State of New York, thirty miles east of the city of Rochester, half way between Canandaigua and Geneva and directly on the line of the great New York Central Railroad.

Persons can leave New York city in the morning and arrive at the Clifton Springs in the afternoon of the same day—visitors must bear in mind to take the Auburn road at Syracuse and Rochester—and those leaving Washington, Baltimore and Philadelphia should take the New York and Erie Railroad to Elmira, from thence to Geneva or Canandaigua, which intersects the trains directly to Clifton Springs, and only about fifteen minutes' ride from either place. Clifton Springs is situated within four hours' ride to Niagara Falls.

These large and excelsior mineral springs have been analyzed by Dr. Chilton and other distinguished chemists, and all agree stand pre-eminent for the cure of scrofula, rheumatism, disease of the liver and skin, and all diseases arising from impurities of the blood.

Mr. L. B. Hotchkiss having been awarded the first grand prize medals at London, Paris and also in America for his celebrated brands of essential oils, peppermint, spearmint and wintergreen, he is determined, through the influence of compressed air, wind and water, that the hotel and air cure shall be run in the same direction, and that Clifton Spring shall (as it so justly deserves) be appreciated, and shall be the premium watering place in the United States.

JUNE 8, 1868.
