"SEC. 4. The business of the company SHALL be conducted on the plan of DISTRIBUTING TO THE POLICY-HOLDERS THE PROFITS of the business, as hereinafter provided, unless by the consent of the assured the policy is non-participating."

"SEC. 15 This company may issue policies on the lives of husbands and parents, or others, for the benefit of wives and families, or other beneficiaries interested in their lives—as ancestors, descendants, creditors or dependents, and the same shall not be liable for the debts or contracts of the assured, except as provided in the policies issued."

"SEC. 16. The company may issue policies payable IN GOLD: *Provided*, Premiums are paid in the same."

"SEC. 10. The permanent investment of funds shall be in mortgages or liens on UNENCUMBERED REAL ESTATE WORTH DOUBLE THE AMOUNT LOANED."

We would also call attention to the rights *secured in policy as part of the contract.*

Rights of party to non-forfeiture in *all* its policies.

Rights of party to re-instatement—paid up policy, and surrender value where "intervention of armies" or any other cause cuts the insured off from home office. This feature, omitted in policies of Northern companies, cost the Southern people very heavily in the late war, and should make them seek the *only* company that provides against such contingency in futre. Some companies now have *in their policies*, that parties who "take up arms against" certain named States, "or the United States," render their policy null and void. This is making certain what was before uncertain, and is too great a mingling of politics, war and life insurance.

"THE PIEDMONT AND ARLINGTON" has a *model charter* and *model policy*, plainly state *rights of parties* and *guarding those rights* against sacrifice.

It gives dividends at the end of the first year, when all cash is paid, and of second year, when part loan is taken. The all cash plan is unreservedly recommended as in every way most satisfactory.

We now confidently appeal to every one interested in Southern prosperity to look to their own interests, by sustaining their own institutions, and thereby establishing that self-confidence without which there can be no permanent prosperity. Bear in mind that already over $10,000,000 *are annually sent North for Life Insurance*, taking so much from our strength, and thereby giving additional power to our competitors.

We offer a solid, reliable Life Insurance Company, thoroughly Southern, in the hands of men of the highest integrity, with abundant assets, recent risks, the most secure of all investments, *pledged to retain within the State of South Carolina* all funds accruing therein, and, indeed, presenting every advantage that can be desired; and we only ask a full examination into the superior merits of the "PIEDMONT AND ARLINGTON LIFE INSURANCE COMPANY" to insure your patronage.

The Company has complied with the law of the State, requiring a deposit of $50,000 in State bonds, with the State Comptroller, for the better protection of policy holders.

WASHINGTON, March 7.

In the House, the Committee on Territories were instructed to consider the propriety of abrogating the tribal character of the Indians between Kansas and Texas, and the erection of a territorial government.

In the House, a resolution from the Mississippi Legislature was presented, asking for a speedy removal of political disabilities.

In United States *vs.* Grossmyer, it was held by the United States Supreme Court, to-day that after the commencement of the war, a creditor at the North could not authorize a debtor at the South to invest the amount of the indebtedness in cotton for the benefit of the creditor; and if such a purchase was made, at the request of the creditor, through an agent, no title was there by vested in the creditor, and he could not claim the proceeds of the cotton—it having been seized and sold under the captured and abandoned property Act.

SUDDEN DEATH.—Mr. Isaac Woolfe, an old citizen of Charleston, was found dead in his bed yesterday morning. He was eighty-nine years of age at the time of his death.

In the Senate, Harlan presented a joint resolution from the Indiana Legislature in favor of the removal of the capital, and against further appropriations for public buildings.

It is stated that the Ways and Means Committee have agreed to abolish the income tax.

Wells introduced a bill to reclaim the swamp lands of the Mississippi Valley, and to promote the commerce of the North-west.

Doty's Washing Machine,

Lately Much Improved—and the new

UNIVERSAL CLOTHES WRINGER

IMPROVED with Rowell's Patent Double Cog wheels, and the Patent Stop, are now unquestionably far superior to any apparatus for washing clothes ever invented, and will save their cost twice a year, by saving labor and clothes.

Southern people who have used them testify as follows:

They save three fourths of the labor and cost, and pay for themselves both in money and contentment. Let every young lady learn to use them, and every married one keep them in her house.—*New Orleans Picayune.*

"An excellent Washing Machine. We have tried it. The Clothes Wringer is very superior. A good hand will wash a large number of pieces in a few hours."—*Raleigh (N. C.) Episcopal Methodist.*

"The Machine is no humbug, but a necessity in every family."—*Georgetown (N. C.) Kaleidoscope.*

"We would not part with it for anything, and be compelled to do without it." *Morganton (W. Va.) Post.*

"We have one, and speak from observation. It works admirably. In one year it will pay for itself."—*Cleveland (Tenn.) Banner.*

"We have one of Doty's Clothes Washers, and our household are in ecstacies over it. They are great economizers of time and labor."—*Edgefield (S. C.) Advertiser.*

"Far superior to any apparatus for washing clothes ever invented, and an indispensable institution in every family."—*Marlboro (Md) Gazette.*

"No one, after fairly testing their capacities, will be willing to do without them." *Fayetteville (Tenn) Observer.*

"We have one of these excellent Machines in use, and we cheerfully commend it for all that is claimed for it."—*Rutherfordton (N. C) Vindicator.*

"A child ten years old can do the washing just as well as a grown person. Every good husband should secure one for his family."—*Morganton (W. Va.) Constitution.*

"After over two years' experience with a Doty, we are assured that it is the greatest help and economizer of time, labor and money, we have yet had introduced in our household."—*Williamson Smith, New Orleans.*

"I have had a Doty Washer in my family for some time. It gives entire satisfaction, and I take pleasure in commending it to the head of every household."—*R. Towers, Jefferson, Texas.*

"I have had one of Doty's Clothes Washers in use for a year, and am perfectly satisfied with it. My family have tried it faithfully, and have never known it to fail to accomplish all that it professes to."—*Prof. J. F. Stevens, Concord Female College, Statesville, N. C.*

PRICES—A Fair Offer.

If the Merchants in your place will not furnish, or send for the Machines, send us the retail price, Washer $15, Extra Wringer $10, and we will forward either or both machines, free of freight, to places where no one is selling; and so sure are we they will be liked, that we agree to refund the money if any one wishes to return the machines free of freight, after a month's trial, according to directions.

No husband, father or brother, should *permit* the drudgery of washing with the hands, fifty-two days in the year, when it can be done better, more expeditiously, with less labor, and no injury to the garments, by a Doty Clothes Washer, and a Universal Wringer.

Sold by dealers generally, to whom liberal discounts are made.

THE symptoms of liver complaint are uneasiness and pain in the side Sometimes the pain is in the shoulder, and is mistaken for rheumatism. The stomach is affected with loss of appetite and sickness, bowels in general costive, sometimes alternating with lax. The head is troubled with pain, and dull, heavy sensation, considerable loss of memory, accompanied with painful sensation of having left undone something which ought to have been done. Notice.

COLUMBIA, S. C., January, 1870.

The Charlotte, Columbia and Augusta Railroad Company having been formed by the consolidation of the Charlotte and South Carolina and the Columbia and Augusta Railroad, and having executed a first and only mortgage on its entire property of 195 miles, including equipment, is now redeeming all the bonds formerly issued by said two companies by an exchange of its first mortgage bonds. These bonds bear seven per cent. interest, payable in January and July, and are amply secured by a mortgage on property which cost per mile more than three times the amount of bonds so issued.

The present price of the stock and the business of the road give ample guarantee of the security of the obligations for a permanent investment. Indeed the opinion is freely expressed, that there is no safer bonds issued by any party or corporation in the State, and they are cheerfully commended to capitalists as a safe investment.

For the purpose of funding the floating debt of the Company, $50,000 of these bonds are offered for sale to the public, at the Treasurer's Office in Columbia.
