CUNDURANGO.
The wonderful remedy for Cancer, Scrofula, Ulcerous and other Blood Diseases. Dr. P. T. Keene, having just returned from Ecuador and brought with him a quantity of the genuine Cundurango bark, secured through the official recommendation and assistance of His Excellency the President of Ecuador and the government of that Republic, we are prepared to fill orders for it, to a limited extent, and at a price nearly one-quarter of that which the cost to the first very small supply compelled us to charge. Spurious articles are now advertised and sold as Cundurango. We have, at considerable expense, and with the co-operation of the authorities of Loja, Ecuador, the province where the plant grows, so directed the channel of our supply as to ensure that none but the genuine shall be sold by us, and we particularly call the attention of the public for their protection, to these facts.
