THURSDAY, NOVEMBER 24, 1864.

TO-DAY'S WASHINGTON NEWS.

Special Despatches to Evening Telegraph.

WASHINGTON, November 23.

General Canby's Wound.

Information has been received at the War Department that General Canby is improving.

The "Florida."

Additional evidence in the *Florida* case was handed over by Mr. Weiles to Secretary Seward yesterday.

Commander Cushing.

Lieutenant Commander Cushing leaves for his fleet again to-day. They have a model of his torpedo at the Navy Department.

Indian Agent.

Charles S. Rich has been appointed agent for the New York Indians, vice Dennis E. Gill, incapacitated by a protracted illness.

The Vote at the Late Election.

It is an interesting fact that the recent Presidential vote is largely in excess of the popular vote of 1860, notwithstanding the number absent in and lost by the war.

Taxing Luxuries.

It is stated that in the forthcoming report of the Secretary of the Treasury, he will ask for an increased taxation on articles of luxury, with a view of augmenting the revenue.

From City Point.

There is information from City Point, dated yesterday morning, that but a short time will elapse before the Dutch Gap canal will be opened.

About fifty deserters from our armies arrived at City Point on Sunday from the valley, having been taken prisoners by General Sheridan in his late campaign. The larger number of them were substitutes, and had deserted and joined the Rebel army.

They were sent to the Shenandoah valley, as there was less likelihood of their being identified if captured.

A court has been organized at City Point to try them, of which General Collis is President.

The heavy rain-storm of the past four days in that quarter is over.

Arrival of Dead.

The City Point boat brought up the bodies of Lieutenant Riddle, 37th Wisconsin; Lieutenant James Kilbourn, 8th Connecticut; and Sergeant Deganon, 51st Pennsylvania, to be forwarded to their friends.

Land Certificates.

Under the Donation Law patent certificates were issued in the month of September, 1864, for actual settlement, claims amounting to twenty thousand three hundred and twenty-eight acres, at Roxbury, Oregon. The fees paid the Register and the Receiver for the same amounted to six hundred and fifteen dollars.

The Storm at the Front.

Persons at the front report the storm as having left the roads in a wretched condition, and drenched all the men and animals. The statement is current that a rapid rise of the James has caused breakage in the partition walls of Butler's canal, and the current was sweeping through the new channel.

FROM CALIFORNIA.

Heavy Receipts of Specie at the Mint—Arrival of an Overland Mail.

SAN FRANCISCO, November 23.—The steamer *Brother Jonathan* arrived here to-day from the North, bringing $400,000 in gold. The reception of specie at the Mint in this city to-day was the heaviest ever known.

The total amount of treasure received at San Francisco, for the past ten days, was nearly two and a half millions.

The overland mail, after a detention of two weeks, has arrived, with New York letters of October 20.

From Havana and South America.

NEW YORK, November 23.—The steamer *Eagle* has arrived with Havana dates of the 19th inst.

There was no later news from Mexico.

Sick and wounded soldiers continued to arrive from Saint Domingo.

The expedition to Puerto Cabello found no Rebel troops, and after destroying two large warehouses filled with tobacco and hides, returned to their vessels. The next day they landed again and met with some opposition, but drove the Rebels from their intrenchments.

Advices from Venezuela state that commissioners of peace were on the way to General Falcon.

The *Porvenir* of Carracas says that the whole republic is at peace except the State of Guayaana.

The Presidential election has resulted almost unanimously for General Falcon, and there is no doubt he will be elected.

The Nassau *Guardian* announces the arrival of the steamship *Laurel*, after touching at Madeira and Teneriffe, at one of which places she doubtless left Semmes and her crew.

Large mines of magnetic iron are said to have been discovered in Puerto Rico, the yield of which is reported to be sixty-five to seventy-five per cent.

INHUMAN CONDUCT OF ASEA-CAPTAIN.

NEW YORK, November 23.—The brig *Lady of the Lake*, from Jacmel, brings Captain Nickerson and the crew of the brig *Field*, of Halifax, sunk at sea.

Captain Nickerson reports that a few hours after his vessel sank he spoke the brig *Express*, Captain Howard, of Halifax, and requested that himself and his exhausted crew, who were in an open boat, might be taken on board; but Captain Howard refused, and also heartlessly refused to tow the boat in towards the shore. They finally succeeded in reaching the shore, but not before being exposed to a gale which burst upon them.

Action of the Canadian Authorities in Relation to Rebel Refugees and Pirates.

QUEBEC, November 23.—Owing to reliable information that Southerners and Rebel sympathizers, in certain Western towns, are manufacturing clandestinely, and collecting at convenient points, shot, shell, and cannon, the Government issued, under chapter 4 of the Act of 1863, a proclamation prohibiting the exportation, or carrying coastwise, or by inland navigation, of arms or ammunition.

Fire in Cincinnati.

CINCINNATI, November 23.—The hub and spoke factory of Royer, Coleman & Co. was destroyed by fire last night. The loss is nearly thirty thousand dollars; partially insured.

The weather is very cold, and a slight snow fell yesterday.

Departure of the Steamer "Africa."

BOSTON, November 23.—The royal mail steamer *Africa* sailed this morning, with thirty-eight passengers for Liverpool and fourteen for Halifax; also $26,600 in gold for Liverpool, and $2500 in silver for Halifax.

Illness of Thomas D. McGee.

QUEBEC, November 23.—Thomas Darcy McGee is lying dangerously ill in this city.

Markets by Telegraph.

NEW YORK, November 23.—Flour unsettled; 22,000 bbls. sold; State, $9 00@10; Ohio, $11@12; Southern, $10 50@15. Wheat quiet; Western 2@3c. Corn advanced 2 cents; 15,000 bush. sold at 130@130. Oats unsettled and excited at 80@82 cents advance; Western 86@89. Beef firm. Pork heavy; mess $28 50@29 50. Lard quiet at 21½@22. Whisky firm at 1[illegible].

Gold was opened at 225, and since the Board declined to 222.

BALTIMORE, November 23.—Flour closed with an advancing tendency, and prices are 10@15c higher; Howard street super $11 75@12. Wheat advanced 2 cents; Southern red, $1 70; white $1 90. Corn firm, with a scarce supply, the new crop is quoted at $1 15@1 15. Whisky firm at $1 70 for Western.

FROM BOSTON.

Honors to Commodore Winslow—Close of the Sailors' Fair—The Total Receipts, etc. etc.

BOSTON, November 23.—Captain Winslow was a public reception by the citizens of Roxbury last evening in Institute Hall, followed by a grand banquet at the Norfolk House. Among the many agreeable features was the presentation of a silver tea service to the heroic sailor.

The receipts at the N. E. Sailor's Fair, which closed last evening, have not yet been correctly ascertained, but will exceed $250,000. The officers and crew of the steamer *Brooklyn* sent in a contribution of $[illegible] yesterday, which secured the novel sword to Captain James Alden, the gallant commander of the *Brooklyn*.

The second contest, up to this unexpected result, lasted quite even between Admiral Farragut and Captain Winslow.

The Conscription—Official Gazette—Correcting the Enrollment.

WAR DEPARTMENT, PROVOST MARSHAL-GENERAL'S OFFICE, WASHINGTON, D. C., November 15, 1864.—Circular No. 59.—Attention is again called to the necessity of correcting the enrollment lists in every district and sub-district. While the Board is responsible, as a body, for the enrollment, the Commissioner of the Board will be required to give his particular attention to the correction, revision, and preservation of the lists, and to the preparation of all reports and returns in regard to them; and he is hereby especially directed to see that monthly reports of the corrections made in the enrollment for the preceding month are promptly forwarded to this office on or before the 15 day of every month.

Circular No. 24, from this office, dated June 25, 1864, is reproduced and revised for the guidance of all concerned. It is as follows:—

The attention of the Boards of Enrolment is called to Section 6 of the Act amendatory to the Enrolment Act, which is in the following words, viz.:—

"Section 6. And be it further enacted, That the Boards of Enrolment shall enroll all the persons liable to draft under the provisions of this act, and the name by which this is an amendment, whose names may have been omitted by the proper enrolling officers; all persons who shall arrive at the age of twenty years before the draft; all aliens who shall declare their intention to become citizens; all persons discharged from the military or naval service of the United States who have not been in such service two years during the present war; and all persons who have been exempted under the provisions of the second section of the act to which this is an amendment, but who are not exempted by the provisions of this act; and said Boards of Enrolment shall telegraph discharges from draft of persons who, between the time of the enrolment and the draft, shall have arrived at the age of twenty years, and shall strike the names of such persons from the enrolment.

Attention is also called to paragraphs 55, 56, 57, 58, 59, 60, 61, and 62, Revised Regulations for the Bureau of the Provost Marshal-General.

It is to be borne in mind by the Boards that their duties, in regard to the correction of the enrolment, do not cease with its revision as recently completed or now in progress. On the contrary the revision of these lists is a continuous duty to which the labors of all Boards must be directed.

The names of all persons liable to military duty taking up their residence in a sub district, as well as all in the sub-district who from time to time shall become liable, shall be added to the enrolment list; and the names of persons who enlist into the military or naval service, or who remove permanently from a district, or whose liability terminates while in it, will be stricken off; and in case of removal, wherever it is practicable, the Board of Enrolment of the district to which the person removes will be notified, and he will be enrolled by that Board.

The Board of Enrolment shall have copies of the enrolment lists open to the examination of the public at all proper times, and shall give public notice that any person may appear before the Board and have any name stricken off the list, if he can show to the satisfaction of the Board that the person named is not properly enrolled, on account of—

1. Alienage;
2. Non-residence.
3. Over age;
4. Permanent physical disability, of such a degree as to render the person not a proper subject for enrolment under the law and regulations;
5. Having served in the military or naval service two years during the present war, and been honorably discharged.

Civil officers, clergymen, and all other prominent citizens are invited to appear at all times before the Board to point out errors in the lists, and to give such information in their possession as may aid in the correction and revision thereof.

To the duty of hearing and acting upon a claim for exemption, Boards of Enrolment are enjoined to devote all the time that can be spared from other less pressing duties. They will report to the Provost Marshal-General, for the purpose of correcting lists on file, at the end of each month, upon sheets of Consolidated Enrolment Lists, the names and residences of all persons who have been added to or stricken from the rolls during the month.

They will send with each report a recapitulation, showing, in concise form, the number enrolled at the time of forwarding the last list, the number stricken from the enrolment, and the number added to it since that time, and its actual condition at date of report.

JAMES B. FRY, Provost Marshal-General.

EXTRACTS FROM REBEL PAPERS.

The Dash of Iverson on Atlanta.

We published on the 21st an account of the capture of nine hundred Rebels in a dash on Atlanta, they supposing the place to have been evacuated. The Augusta *Chronicle* gives the following in addition to that account:—

On the 6th the 20th Army Corps relieved the 23d, which gave rise to a rumor that Sherman was being reinforced. Our cavalry captured a drove of five hundred mules near the Chattahoochee river recently.

A Rebel Telegraph Superintendent.

From the Richmond Whig, November 19.

Major Charles Merriwether, of the Telegraphic Corps, has been appointed Superintendent of the Telegraphic Division from Macon, Georgia, to Mobile and Mobilian—embracing the new military line from Selma to Blue Mountain.

Policemen Not Liable to Conscription.

A few days since the policemen of Selma, Alabama, were taken by the enrolling officer, and sued out a writ of *habeas corpus*, which resulted in the discharge of the City Marshal—the head of the force. The privates, however, were remanded back to the enrolling officer. Governor Watts then certified to all of them as State officers, and they were all exempted.

Deserters from Meade's Army.

From the Richmond Enquirer, November 19.

A large number of Federal deserters, desiring to avail themselves of the advantages afforded under the provisions of "Order No. 65," came into our line yesterday, and were consigned to Castle Thunder to await their turn to be forwarded home. One hundred and odd deserters were sent off yesterday under Confederate escort, in conformity with said order.

Raid on a New Line—Reported Invasion of Eastern Kentucky.

From the Cincinnati Commercial, Nov. 21.

General Burbridge has been put on the alert again by reports that General Breckinridge is attempting the invasion of Kentucky by way of Bull's Gap. The short allowance on which the Rebel General has been put in Southwest-ern Virginia, has, doubtless, whetted his desire for a dwelling-place again on the fat blue grass lands, but his undertaking, particularly at this season of the year, is one of the greatest temerity.

It is not, however, difficult to imagine that he will be in a desperate strait for winter supplies for his army, unless he makes some bold strike for a new source. Forces are, we learn, being concentrated rapidly at a point beyond Lexington, to counteract his movements; and there ought to be no great difficulty in keeping his hungry horde in the mud and knobs of the Cumberland's head-waters until they cave in or retire

—Latest news from Madagascar mentions grave disorders in the islands. Foreigners are forbidden to fire on any native, and are thus exposed to constant robbery. There is little security of life for Europeans at Tamatave.

—I remember an anecdote of Charles Kean. He was entertained at dinner by one of the great New York merchants. Opposite to him at the table there sat a gentleman who continued to observe him with marked attention, and at last called on the host to present him to Mr. Kean. The introduction was duly made, and ratified by drinking wine together, when the stranger, with much impressiveness of manner, said:—"I saw you in 'Richard' last night."

Kean, feeling, not unnatural, that a compliment was approaching, smiled blandly, and bowed.

"Yes, sir," continued the other, in a slow, almost judicial tone:—"I have seen your father in 'Richard,' and I saw the late Mr. Cook"—another pause, in which Charles Kean's triumph was gradually mounting higher and higher, "Yes, sir! Cook, sir, was better than your father; and your father, sir, a long way better than you!"

COAL AT COST—$7·50 PER TON.—THE Consumers' Mutual Coal Company, incorporated under the General Mining Law of the State of Pennsylvania, October, 1861.

President, JAMES LYND,
Office, No. 216 S. SIXTH Street.

The Company is still receiving subscriptions to its stock at $10 per share, and supplying its stockholders with the best quality of White Ash Schuylkill Coal at $7 50 per ton.

In regard to the title to the Colliery, and to the corporate functions of the Company, reference can be made to Isaiah Cornish, DAVID W. SELLERS, Esq., and others, in the quality of the Coal, the capacity of the mines, and the productiveness of the entire enterprise, the following letter from STRICKLAND KNEASS, Esq., the able Civil Engineer and Surveyor of the City of Philadelphia, is submitted:—

PHILADELPHIA, November 21, 1864.—James Lynd, Esq., President Consumers' Mutual Coal Co.—Dear Sir—Having visited, at your request, the mines lately leased by your Company at Mine Hill, on Zachary's Run, I take pleasure in saying that I can see no reason why, with proper management, you should not have entire success in being able to deliver, at low market, and which will be acceptable to the consumer and remunerative to the stockholders.

The Skidmore and Mammoth Veins have worked by you have been operated for many years, at the site of your own Colliery, as well as at all other points. The coal is therefore well known in this city, and you have no new article to introduce.

The old Slope is in full operation, and the new Slope opened to the level of the gallery. Its improvement will be ready for operating, with a facility equal to your anticipations; and I believe that, judiciously worked, without interruption that cannot even be foreseen, you will be able to reach a company of 10,000 tons per month with your present machinery, the condition of which is such as not to require either much time or great expense, either to put it in first-rate working order. Very Respectfully,

STRICKLAND KNEASS, Civil Engineer.

The following testimonials, selected from a large number, show the appreciation of the enterprise by the citizens of Philadelphia:—

JAMES LYND, Esq.—Dear Sir—The coal I received from the Consumers' Mutual Coal Company, on my subscription, has given us entire satisfaction. It burns readily, burns well, is free from slate, contains white ashes, and is more evenly distributed. The price is low, and I can not but think our night or nine days' work a good one. Very truly yours,

WILSON JEWELL,
No. 421 N. SIXTH Street.

October 2, 1864.

PHILADELPHIA, October 10, 1864.—James Lynd, Esq.—Dear Sir—Until I became stockholder in your Company, I had been in the habit of buying Lehigh Coal. Since trying yours I find it for household purposes fully equal to Lehigh, and a very superior article indeed. Yours, truly,

SAMUEL HUNSEY,
No. 1106 Cherry street.

PHILADELPHIA, October 26, 1864.—James Lynd, Esq., President of the Consumers' Mutual Coal Company.—My Dear Sir—Our Coal has come to hand all in good order, and has been used to fill large and extensive orders, and has proved to be quite equal to any Coal we have ever used. I am informed that the quality is all that could be desired. Yours truly,

JOHN KERSHNER,
No. 107 Laurel Street.

PHILADELPHIA, October 26, 1864.—James Lynd, Esq., President Consumers' Mutual Coal Company.—Dear Sir—I have given the coal a fair rough trial, and find it a most splendid article. I am so much pleased with it that, if not too fine, I will increase my subscription to one hundred shares. Respectfully,

ALLEN C. WILSON,
No. 1805 CHESTNUT Street.

PHILADELPHIA, Tenth month 29th, 1864.—Friend Lynd:—The coal furnished me as a stockholder in thy Company gives entire satisfaction. It is well prepared and burns freely. I could not wish a better article.

R. F. FRALEY,
No. 42 S. THIRD Street.

PHILADELPHIA, October 22, 1864.—James Lynd, Esq., President Consumers' Mutual Coal Company.—Dear Sir:—It affords me great pleasure to announce to you my perfect satisfaction with the coal received from your Company under my order as a subscriber. I have been accustomed to use coal from the neighborhood of your mine, and also from it when in other hands. Its superiority heretofore was decidedly marked, but in its present hands I find the article in no way deteriorated, but on the contrary, so far as I am able to judge, for domestic purposes fully equal to any that I have ever used, or have analyzed.

I am, very truly yours, &c.,

The property belonging to the Company consists of One Hundred and Fifty Acres in the deepest, or valuable lubricating Oil Land, situated on Sugar creek, about two miles from its mouth, which empties into French creek, Venango county, Pa.

This property has been selected with a view to its valuable location, having its lines extended along and on both sides of the creek over three hundred rods, which, together with the large amount of Flat or Bottom Land, gives it superior advantages for drilling a large number of Oil Wells. At least One Hundred Wells can be located, with ample room for Tanks, Engine-houses, and Dwellings.

A good well, giving twenty barrels per day, is within one-fourth of a mile above it, also, several good producing wells on the creek below it.

The oil obtained on this creek is the Lubricating Oil, which commands a price one hundred per cent. above other oils, and is more in demand.

The Company can obtain a large revenue by parties wishing to sink wells, reserving from one-fourth to one-half of the oil, free of expense to the Company, in consideration of the revenue from their own wells, there being a large sufficiency of land for both purposes.

It is designed to give the contract to drill several wells in the best location at once. The title to the property is perfect and free of incumbrance.

The Stock Book of the Company is now open at the Counting Houses of Messrs. McCUTCHEON & COLLINS, No. 240 N. FRONT Street.

Subscribers upon receiving their names will be required to pay fifty per cent. of their subscriptions, the balance only upon, when the certificates of stock will be ready for delivery.

The lands of the Company have been selected with the greatest care, and are located at Congressional sale and confirmation of the property, and consist of—First, About one acre of land on Horse Area, upon which there have been sold, within the last year, oil enough to pay for the entire property, and which yet remains in the ground, as well as all expense of operations, and yet all the oil produced upon this land since it will be a large yielding well, as it flows now at an rate twenty feet above the well, and will fill tight Company's three of least fifty barrels per day, and which is worth more than the entire capital of the Company. We are now awaiting the arrival of necessary machinery to work the well.

Second is a tract of one hundred acres owned in fee by the Company.

Third is a tract of 618 acres, on a twenty years' lease, subject to one-eighth of the oil as a royalty. Both of these are on the same oil territory, and are in close proximity to the Horse Shoe and Egbert's Run farms, and to the lands of the Bullfinch Company. The work on both of these is progressing with vigor, and on tract No. 2 we are sinking a heavy engine to the depth of 400 feet.

OIL WELLS.

No. 496 WALNUT STREET,

Philadelphia, November, 18, 1864.

The undersigned is authorized to sell a limited number of Shares of an Oil Company whose property is mainly on Oil Creek, Venango county, Pennsylvania, and is believed to be of equal value to any upon the creek. The portion developed is of productive oil, from the beginning, secure to the Stockholders a Dividend of Three per cent. per Month, and these wells are increasing daily. In addition to these producing wells, they have a large interest in Eleven others in different stages of development, and several of them are only completed. There is room also for an equal number of wells upon the same property.

The Company own, also, over 200 acres of an adjoining property in the neighborhood of the others, upon which they propose sinking several wells, the money having been provided for the purpose.

Such an opportunity of obtaining at a low cost, a stock paying dividend from its outset a portion of the property is seldom offered.

DUNKARD OIL COMPANY.

CAPITAL - - - - - $500,000.

100,000 Shares—$5 Par Value.

The following is extracted from the Philadelphia "Inquirer" of September 17, 1864, prior to the organization of the DUNKARD OIL COMPANY:—

"On almost all the streams in Green County the lands have already been leased with a view to explorations for coal oil, and on one, particularly, the Dunkard's, the developments have been of the most encouraging character. The editor of the Waynesburg (Pa.) 'Messenger,' in referring to the subject, after a careful personal inspection of the region and its operations that are now taking place there, says:—

"'We are honestly of opinion that when capital and enterprise shall have developed the lands along the creek, that locality will be found to compare, to the extent of its Oil production, with the Venango district, while in the purity, quality, and value of its Oil, it is acknowledged to be indisputably superior. Our convictions on this subject are based upon actual knowledge and observation of both regions, and of the geological formations and surface indications. We are gratified to learn that we are not alone in these favorable impressions and anguries.

"'Scientific men and experienced and practical Oil operators concur in them, and are investing liberally of their own means, and directing the attention of capitalists to the promising character of the Dunkard country. Already several large companies have been organized in Pittsburg and the East, which will soon commence operations on an extensive scale. In the meantime individual energy and local enterprise are doing much to develop that favored locality. New derricks spring up every few days, and the process of sinking wells goes on in many instances without interruption, night or day.'"
