CABANAS CIGARS—300 BREVAS SUPERIOR, OR Pressed Cigars, of the above celebrated brand. For sale by BARELLI & CO. my7 1t

COMPTROLLER--OFFICIAL.

Comptroller's Office,
City of New Orleans, July 13, 1860.

[No. 5241.]

Resolved, That the Comptroller be and he is hereby authorized to adjudicate to the lowest bidder, after ten days notice in the official journal, for each separately, the two following contracts for improvements to streets; the work to be done in accordance with specifications of the Surveyor, and the adjudications to be subject to the approval or rejection of the Common Council, viz:

1st. A contract for constructing brick sidewalks, bordered by curbstones and wooden gutters, on the northwest side of Franklin street, from Calliope to Erato street.

2d. A contract for paving with round stones Tonti street, from Bayou Road to Ursulines street.

[Signed] LEA F. BAKEWELL, President Board of Assistant Aldermen.
[Signed] J. O. NIXON, President Board of Aldermen.
Approved June 23, 1860. [Signed] JOHN T. MONROE, Mayor.

Notice is hereby given that on THURSDAY, July 26, 1860, I will adjudicate at my office, at 12 o'clock M., the above contracts.
jy13 12t V. DUPLESSIS, Comptroller.

SPECIFICATIONS FOR THE CONTRACT

for the construction of brick sidewalks, bordered by curbstones and wooden gutters, on the northwest side of Franklin street, from Calliope to Erato street.

Width of the Sidewalks.—These sidewalks shall be twenty feet in width.

Curbstones.—Hewed and dressed curbstones shall line the sidewalks, of North river blue stones or other stones of equally good quality with them, levelled, dressed on the top to answer the slope of the sides, from three to six feet long, from sixteen to thirty inches wide, and not less than 3½ inches thick. They shall be well set in good joints and in a workmanlike manner, and shall end with apertures nicely cut through the same, where desired for draining lots. They shall be duly interspersed in lengths of from three to six feet throughout the work, according to the directions and levels which shall be given by the Surveyor, and each curbstone shall have a slope of three inches for every foot of its hight towards the line of the adjoining houses; shall also be solidly fixed and backed in the most approved manner, to prevent erosion and sinking of bricks, usually experienced from negligence in this respect; and no curbstones less than 3½ inches, or shorter than three feet, and having in no case less than six inches below the upper surface of the adjoining gutter, shall be admitted in the work.

Wooden Gutters.—The gutters shall be made of the best saw mill cypress, twelve inches wide by four inches thick, in lengths of not less than twenty feet, (except in cases where shorter lengths are necessary) halved and scarfed ten inches at the joinings, pinned there and at every intermediate space of five feet, with oak pins not less than four feet long by two inches in diameter, driven through suitable auger holes in the gutter planks, pierced slanting. The edge of the planks nearest the curbstones shall be beveled to suit, and on the other or outside edge it is to have notches of eight inches long by two inches deep, cut out at every eight feet thereof, and in these cypress braces of not less than four feet long by eight inches wide and two inches thick, pointed at the end which enters the ground, will be firmly driven down and spiked with said gutter plank, with at least three of five inch cut spikes to each brace; and over these there will be a verge or facia of cypress sunk or ten inches wide by two and a half inches thick, well nailed to the gutter plank aforesaid with six inch cut spikes. The gutter bottoming shall be of dry river sand, four inches thick and solidly bedded before the pins are driven. The top edge of the facing board shall project one and a half inches above the surface of the gutter plank, and the latter shall be laid with a slope of one inch towards the curbstones. Wooden boxed gutters for draining lots shall be built by the contractor. They shall be four inches wide by eight inches deep, and shall be made of one and a half inch cypress plank for the sides and bottom, with two by four inches cross pieces on the top, to keep the sides from being displaced, and said gutter shall run through the whole width of the side walks.

Brick Pavement—Twelve feet in width next to the houses, and two feet in width next to the curbstones, shall be bricked, and the remaining eleven feet between said bricked portions shall be filled up and smoothly graded so as to correspond with the grade of the bricked portions. The walk pavement shall be laid with lake bricks of the best quality, in herring-bone, on a bed of lake sand or other sand of equally good quality with it, or on gas ashes, generally called "blue billy." The joints between the bricks shall be well filled with sharp sand, and a coating of it half an inch thick spread over the whole surface of the bricking. On the outside of the brickwork per lengths there shall be a row of bricks laid on end to prevent the bricking from caving in, and the whole of the intersections shall be bricked. Prior to laying the bricks, the earth or ground shall be cut up, broken and well rammed, and made level and graded smoothly, with a declivity or slope towards the outline of one-half an inch per foot. The ground where too low shall be filled up by the contractor at his own expense, and well rammed until completely solid. There shall be a bedding of one-half of an inch of sharp sand or "blue billy" under the bricks, and said bricks shall be properly bedded therein in herring bone, regularly laid in close joints, without any rugged or hollow places, so that the pavement will bear a straight edge, otherwise it shall be rejected.

General Clauses.—The whole work shall be executed to the entire satisfaction of the City Surveyor, who will be the sole judge of the quality of the same.

All the materials shall be of the best quality, and shall be furnished by the contractor, as well as the labor.

The contractor shall be bound to begin the work in the ten days following the approval of the adjudication by the Common Council, and to complete the same sixty days after, under a penalty of ten dollars per day for each and every day thereafter the same is not completed.

Good and solvent security in the sum of $1000 shall be required from the contractor to guarantee the faithful performance of the contract.

Payments to be made as follows, to-wit: the proportion to be paid by the city in cash, and the proportion to be paid by the property-holders in bills against said property-holders, to be made by the City Surveyor, in conformity with section 119 of the new city charter, said bills to be collected by the contractor, who shall be subrogated to all the rights of the city to sue and seize the property in case of non-payment of any or all of said bills; and the city of New Orleans not to be held liable or responsible for any of said bills should the same not be paid.

The contractor shall pay into the City Treasury, prior to receiving his certificates, the cost of publication of the petition of the property-holders, it being well understood that said contractor shall have the right of demanding of said petitioners the reimbursement of said cost of publication.

It is well understood that in case of failure by the contractor to begin or finish the work, or any part thereof, within the period fixed, or in case the Council be dissatisfied with the manner in which it is being executed, the Council shall have the right to annul the contract without putting the contractor in default, as required by article 1905 of the Civil Code, and without applying to a court of justice to annul the same; and it is also well understood that in case the contractor shall at any time abandon the work, or not finish and complete the same, in conformity with his contract, the said contractor shall forfeit all claims he may have for any part of the work done by him up to the date of the abandonment, and that the city shall be thereby discharged from any and all liability therefor; and it is also well understood that, in case the contract be resold, the contractor and his securities shall be held and bound in solido to pay unto the city all loss or difference between the price at which the contractor originally contracted to perform the work and the price at which it may be adjudicated at a resale or readjudication.

Bids to be per running foot of new sidewalk complete, including the turning of the corners.

New Orleans, June 28, 1860.
[Signed] LOUIS H. PILIE, City Surveyor.

Approved by the Committees on Streets and Landings of both Boards of the Common Council.
[Signed] BENJ. S. HARRISSON, } Chairmen.
[Signed] S. A. KINGSLAND,
Registered July 12, 1860. ALFRED A. DUCROS, Clerk of Comptroller.
jy13 12t

SPECIFICATIONS FOR THE CONTRACT

for paving with round stones Tonti street, from Bayou Road to Ursulines street.

The curbstones which may be necessary for the lining of the sidewalks, the wings of the bridges and the crossings, shall be of North river blue stones or other stones of equally good quality with them, hewed and dressed on the face and level-dressed on the top to answer the slope of the sides, measuring from three to six feet long, from sixteen to thirty inches wide, and not less than three and a half inches thick.

They shall be well set in good joints and in a workmanlike manner, and shall end with apertures nicely cut through the same, wherever desired for draining lots. They shall be duly interspersed in lengths of from three to six feet throughout the work, and each curbstone shall have a slope of three inches for every foot of its hight towards the adjoining sidewalk; shall also be solidly fixed and backed in the most approved manner and to the entire satisfaction of the City Surveyor.

No curbstone less than three and a half inches, or shorter than three feet, and having in no case less than six inches below the upper surface of the adjoining gutter, shall be admitted in the work.

The curbstones for the wings of the bridges shall be well jointed and laid in accordance with directions to be given by the City Surveyor, and those for the crossings shall be well jointed and laid on a bed of London gravel and sharp sand four inches thick.

The contractor shall be bound, without extra compensation, to take up and relay, according to the lines and grades to be given by the City Surveyor, all old curbstones of the sidewalks which may be found out of place, and also to repair the bricking of the sidewalks which may be disturbed or damaged by him.

The gutter stones shall be of North river blue stones of the best quality, hewed and dressed, measuring from three to six feet long, twelve inches wide and not less than four inches thick. They shall join in their length the curbstones, shall be well jointed in the best workmanlike manner, and shall be laid on a bed of London gravel and sharp sand not less than four inches thick, with a slope of one inch towards the curbstones.

The contractor shall be bound, without extra compensation, to take up and relay in their primitive line and grade, all old gutter stones which may be found out of place.

The round stones shall be either sea shore or bank stones of the best quality, measuring not less than six inches long. They shall be laid on a bed of river sand not less than four inches thick, in the best workmanlike manner, and so as to touch each other and make close and broken joints, and all stones shall be laid on their points, as all those laid on the flat shall be rejected.

Prior to laying the round stone paving, the roadway shall be picked and graded by the contractor, in accordance with the grade and rounding to be given by the City Surveyor, and shall receive a coating of river sand four inches thick. The round stone paving shall then be laid.

The joints shall be filled up with dry river sand, and after the rain has settled the same down, the paving shall be well rammed twice and the joints shall be filled with lake shells or London gravel and sharp sand mixed, and the paving shall be well compressed with a 6000 pound roller and covered with a coating of three inches of lake shells and sharp sand mixed, or London gravel and sharp sand mixed, and the street shall then be opened for travel.

The earth picked out of the street shall be the property of the contractor, and shall be removed and hauled away by him.

The contractor shall be bound to begin the work in the ten days following the approval of the adjudication by the Common Council, and to complete the same three months after, under a penalty of ten dollars per day for each and every day thereafter the same is not completed.

Good and solvent security in the sum of $1000 shall be required to guarantee the faithful performance of the contract.

The contractor shall be bound to keep the paving in perfect good repair and condition for and during one year after its completion; and to guarantee the faithful performance of this condition, the Treasurer will retain one-tenth of the amount of the whole work; which tenth shall be paid to the contractor at the expiration of said year, should the paving be then found in good order and condition, otherwise it shall be forfeited for the use of the city.

All the materials shall be of the best quality, and shall be furnished by the contractor, as well as the labor.

The whole work shall be executed to the entire satisfaction of the City Surveyor, who will be the sole judge of the quality of the work.

Payments to be made on the completion of the work and acceptance of the same by the City Surveyor, as follows, to wit:

The proportion to be paid by the property-holders in bills against the said property-holders, to be made by the City Surveyor, in conformity with section 119 of the new City Charter, said bills to be collected by the contractor, who shall be subrogated to all the rights of the city to sue and seize the property in case of non payment of any or all of said bills, and the city not to be held liable or responsible for any of said bills should the same not be paid; and the proportion to be paid by the city in cash.

The contractor shall pay into the City Treasury, prior to receiving his certificates, the cost of publication of the petitions of the property-holders, it being well understood that said contractor shall have the right of demanding of said petitioners the reimbursement of said costs of publication.

It is well understood that in case of failure by the contractor to begin or finish the work or any part thereof within the period fixed, or in case the Council be dissatisfied with the manner in which the work is being executed, the Council shall have the right to annul the contract without putting the contractor in default, as required by article 1905 of the Civil Code, and without applying to a court of justice to annul the same without indemnity; and it is also well understood that in case the contractor shall at any time abandon the work or not finish and complete the same in conformity with his contract, the said contractor shall forfeit all claims he may have for any part of the work done by him up to the date of the abandonment, and that the city shall be thereby discharged from any and all liability therefor; and it is also well understood that in case the contract be resold, the contractor and his securities shall be held and bound, in solido, to pay unto the city all loss or difference between the price at which the contractor originally contracted to perform the work and the price at which it may be adjudicated at a resale or readjudication.

Bids to be per superficial yard of round stone paving furnished and laid complete, and per superficial foot of curb and gutter stones furnished and laid complete.

New Orleans, June 29, 1860.
[Signed] LOUIS H. PILIE, City Surveyor.

Approved by the Committees on Streets and Landings of both Boards of the Common Council.

J. E. MATTHEWS & CO.—CARRIAGE TRIMMINGS, everything necessary for Building and Repairing Carriages, kept for sale. AXLES suitable for Cane Carts and Drays, with Linch Pins and Nuts, at No. 156 Gravier street, New Orleans. au11 1y

COMPTROLLER--OFFICIAL.

Comptroller's Office,
City of New Orleans, July 13, 1860.

[No. 5254.]

Resolved, That the Comptroller be and he is hereby authorized to adjudicate to the lowest bidder, after five days notice in the official journal, a contract for attending and running the draining machine of the third section, Third District, for one year, in accordance with specifications of the Surveyor, said adjudication to be subject to the approval or rejection of the Common Council.

[Signed] LEA F. BAKEWELL, President Board of Assistant Aldermen.
[Signed] J. O. NIXON, President Board of Aldermen.
Approved July 9, 1860. [Signed] JOHN T. MONROE, Mayor.

Notice is hereby given that on FRIDAY, 20th July, 1860, I will adjudicate at my office at 12 o'clock M. the above contract.
jy13 7t V. DUPLESSIS, Comptroller.

SPECIFICATIONS FOR THE CONTRACT

for furnishing all the materials, repairing and keeping in repair, and running the draining machine of the Third Section, Third District, for a term of one year.

The draining machine is located at the junction of Marigny Canal with Bayou St John.

The section to be drained includes all that extent of land comprised between Esplanade street, the river, Poland street, Claiborne Canal, the Pontchartrain Railroad on Elysian Fields street, Gentilly Ridge, Marigny Canal from Gentilly Road to the draining machine, and Bayou St. John.

The engine and building shall be delivered to the contractor in whatever condition they may be on the day of delivery by the city, and it shall be the duty of the contractor within forty days after, to have all necessary repairs done to the same, to always keep the same in the best repair and condition to the satisfaction of the City Surveyor, and at the expiration of his contract to return the same to the city in perfect order and condition.

The contractor shall be bound to keep at all times the section free from all rain, domestic and lake waters, and of all water coming from the pipes to the river, from all water-works which are or may be hereafter authorized to be constructed by the city, to a depth of at least three feet below the surface of the lowest ground.

The contractor shall be bound to clear, within sixty days from and after the signing of the contract, all the draining canals of the section to a depth of five feet below the surface of the lowest ground; also to always keep the same cleaned to said depth of five feet during the continuance of his contract, and also to repair and always keep in good repair and condition all the protection levees of the section; and should he fail to comply with these conditions or any of them, the Common Council reserves the right to have the work performed at the expense of said contractor and his securities.

The contractor shall clean and always keep cleaned the tail-race of the draining wheel, so that the flood-gateway, at all times, have free and proper action.

Whenever the Common Council shall order any of the draining canals to be deepened or widened, or any new canal to be dug, the contractor shall be bound to drain, daily, the water in said canals as low down as the wheel will admit, until said canals are completed.

All engineers, men, labor fuel, oil, etc., and all the materials requisite for the performance of the contract, shall be furnished by the contractor.

The contractor shall be liable to a fine of $100 for each and every neglect of duty, said fine to be retained by the Comptroller out of any of the monthly payments to be made to said contractor.

The contractor shall furnish good and solvent security in an amount of $5000, to guarantee the faithful performance of the contract.

Payments to be made monthly on presentation of the certificate of the City Surveyor.

The contract shall be adjudicated for a term of one year from the date of the delivery by the city.

It is well understood that in case of failure by the contractor to begin or finish the work or any part thereof within the period fixed, or in case the Council be dissatisfied with the manner in which the work is being executed, the Council shall have the right to annul the contract without putting the contractor in default, as required by article 1905 of the Civil Code, and without applying to a court of justice to annul the same, and without indemnity; and it is also well understood that in case the contractor shall at any time abandon the work, or not finish and complete the same in conformity with his contract, the said contractor shall forfeit all claims he may have for any part of the work done by him up to the date of the abandonment, and that the city shall be thereby discharged from any and all liability therefor; and it is also well understood that in case the contract be resold, the contractor and his securities shall be held and bound, in solido, to pay unto the city all loss or difference between the price at which the contractor originally contracted to perform the work, and the price at which it may be adjudicated at a resale or readjudication.

Bids to be per year for the whole work complete.

New Orleans, July 12, 1860.
[Signed] LOUIS H. PILIE, City Surveyor.

Approved by the Committees on Streets and Landings of both Boards of the Common Council.
[Signed] BENJ. S. HARRISSON, } Chairmen.

COMPTROLLER'S OFFICE,
City of New Orleans, July 7, 1860.

[No. 2129.]

RESOLVED, That the Comptroller be and he is hereby authorized and required to give notice, by a standing advertisement in the official journal, that in accordance with the ninth section of ordinance No. 1442, approved March 30, 1854, the Council will not pay any bill against the city unless contracted under authority of an order from the Comptroller, in accordance with the ordinance referred to.

[Signed] E. L. TRACY, President Board of Assistant Aldermen.
[Signed] L. H. PLACE, President Board of Aldermen.
Approved April 28, 1855. [Signed] JOHN L. LEWIS, Mayor.

The attention of the officers of the city and of the public is respectfully called to the foregoing resolution.
V. DUPLESSIS, Comptroller City of New Orleans.

MAYORALTY---OFFICIAL.

MAYORALTY OF NEW ORLEANS,
City Hall, July 14, 1860,
Common Council of the City of New Orleans.

[No. 5267.]

AN AMENDMENT to Ordinance No. 5216, concerning the Fire Alarm and Police Telegraph, approved June 7, 1860.

Section 1. Be it Ordained by the Common Council of the City of New Orleans, That it shall be unlawful for any person or persons, except those authorized by the Committee of the Fire Alarm and Police Telegraph, to be in possession of any key for any signal box of the said Fire Alarm and Police Telegraph, or to make or cause to be made any key or keys for the same; and that any person or persons violating the provisions of this ordinance shall, upon conviction thereof be subject to a fine of not less than $25 nor more than $100, recoverable before any Recorder or court of competent jurisdiction, and in default of payment to be imprisoned for not less than thirty days.

Sec. 2. That this ordinance shall take effect from and after its passage.

[Signed] LEA F. BAKEWELL, President Board of Assistant Aldermen.
[Signed] J. O. NIXON, President Board of Aldermen.
Approved July 13, 1860.
jy14 5t [Signed] JOHN T. MONROE, Mayor.

[No 5268.]

Resolved, That the City Physician of the Second and Third Districts of the city of New Orleans be and he is hereby requested and directed to pay monthly visits to the small-pox hospital kept by Dr. G. Audoux, in the Third District, and report to the Finance Committee at the end of each and every month the number of persons therein confined and treated at the expense of the city, as also the number of days they have there been under treatment.

[Signed] LEA F. BAKEWELL, President Board of Assistant Aldermen.
[Signed] J. O. NIXON, President Board of Aldermen.
Approved July 13, 1860. [Signed] JOHN T. MONROE, Mayor.
A true copy: W. S. PETTINGILL, Secretary to the Mayor.
