STATE FAIR IN MISSISSIPPI.—We acknowledge the compliment of an invitation to the State Fair of Mississippi, to be held at Holly Springs on the 16th of October.

TALK ON 'CHANGE

The flags of rue Carondelet were well thronged on Saturday forenoon—a slight shower came up which rather interdicted the gatherings. At a subsequent hour the usual corners were well attended, and a good deal of confab followed. The recent storm and its effects seemed to be the chief topic of talk. Now and then something of a political nature was brought up, for be it known there are Breckenridge advocates, Bell supporters, and some Douglas frequenters appearing daily on the flags of cottondom. Possibly now and then there may be a Lincoln man, but such keep their mouths shut. Though some of the banks take bills on the Black Republican leaders in Northern cities, we do not positively assert that all drawers of such bills affiliate with the drawees, but some folks will talk as they please about these matters. There is no doubt whatever but what many of the leading Black Republican merchants of New York and Boston have their agents in our city dealing in cotton, sugar and bills of exchange; and it is useless to deny that many of the large clothing establishments have branches in the South—this city—the heads of which sympathize with Black Republicanism.

From Carondelet street we talked along through Canal street, but it was exceedingly dull on that great thoroughfare. Though there were fine and splendid assortments of merchandise, there appeared to be very few buyers. The magnificent building of Giquel & Jamison (next to the Union Bank) was in a great state of preparation, or rather the great stocks of dry goods were. This great building soars up five stories, and makes the banking house of the Union Bank look very diminutive. Now this building was considered the *ne plus ultra* of architecture and greatness some twenty-five years ago. The Union is, however, safe; but expressions were freely made that the great structure of Giquel & Jamison might tumble over and crush it. The crisis is past, however, but not so in regard to the political Union, which has to face the blow next month.

Well passing on to the great levee to the sugar depot, we regretted to find so sparse a number of the gimlet rangers on hand. There were only a few hogsheads of sugar and a few barrels of molasses to talk about; in fact, it looked gloomy and overcast on the sugar depot. The gimlet rangers have, we regret to say, a very poor prospect for action and briskness this season.

Well, if there is a great deficiency in the sugar crop, not only the planters will feel its effects, but steamboats, freighters, draymen, laborers, coopers, all will experience it. Sugar factors of course and consumers in general will experience the advanced prices. The cargoes of cotton begin to show some falling off. The light loads now coming in may be attributed to the storm of last week.

The last figures and talk about bagging and rope were, of course, influenced by the expected falling off in the demand for bagging and rope. The supply of gunny cloth is large. The quantity now in course of shipment amounts to 230,140 pieces, or nearly 20,000 bales, which will cover a good many bales of cotton. Sales have been made at 11½c., and it was talked of that two thousand bales were offered at these figures yesterday. Well, if there is to be a short crop of cotton, of course there will be less want of bagging.

The telegraph brings accounts of the receipt of advices from Liverpool by the City of Baltimore, to the 27th ult. Cotton market steady. Money easy. Political intelligence from the Continent not favorable. But the telegraph is an institution and operators are *well posted* up, as appears by the following:

The Receiver of Erie Railway has obtained an order from the court to pay the coupons of the third mortgage bonds.

Now, who the deuce cares in this community, about the receiver of the bankrupt, broken-down Erie Railroad company. The bonds with coupons could not be sold in this market. A cart-load of them would hardly sell for a bale of cotton.

THE MASS MEETING TO-NIGHT—*The Gathering of the Clubs.*—To-night the great Union Mass Meeting and demonstration will take place, and will doubtless transcend anything of the kind which has taken place during the campaign. The members of the many different clubs associated in the Union cause are referred to the notices of the meeting of their respective organizations, which will be found in our columns.

RECENT PUBLICATION.—We are indebted to Mr. Thomas L. White, bookseller and stationer, 105 Canal street, for a copy of T. B. Peterson's recent handsome edition of "The Mother-in-law," a Tale of Domestic Life, by Mrs. Emma D. E. N. Southworth. The book is well known to the fiction reading public as a work of much interest.

NEW ORLEANS, JACKSON AND GREAT NORTHERN RAILROAD.—Passengers for the New Orleans, Jackson and Great Northern Railroad are referred to the notice of arrangements published by T. S. Williams, Esq., General Superintendent, and which are rendered necessary by the damage which the road suffered during the late storm.

ACADEMY OF MUSIC.—A great bill is offered to-night by Rumsey & Newcomb's Campbell Minstrels, and it is to be fairly supposed that the pleasant and cheerful Academy of Music will as usual be filled with a large and well entertained auditory. A variety of songs, dances and eccentric comicalities are offered for to-night.

REMOVAL.—Messrs. Giquel & Jamison, the prominent dry goods dealers of Canal street, announce that they will open in their splendid new store, 126 Canal street, on Tuesday, 16th instant, their present store being closed during removal from the 12th to that day.

NEW LUSITANOS BENEVOLENT ASSOCIATION.—Members of the above beneficent institution will please bear in mind that to-day, from 4 to 8 o'clock, the polls will be open at their hall for the election of officers of the Association; also of a Physician, a Collector and a Grand Marshal. Please see official notice elsewhere published.

MEDICAL.—By card this morning published, Dr. Brickley announces that he has returned to the city and resumed the practice of his profession. His office and residence are at 123 Canal street.

BELL CHAMPIONS.—See standing card of the youthful Bell Champions.

ONE OF THE NORFOLK QUESTIONS.—Senator Iverson, of Georgia, was asked at Waresboro' if he would advise a dissolution in the event of Lincoln's election? His reply, in substance, was that it would depend upon the size of the majority. How explicit!

It is said that Ex-President Fillmore will attend the great Bell and Everett mass meeting at Memphis, which begins on the 8th of this month.

☞ **Warranted Purely Vegetable—Five** Millions (5,000,000) of Boxes of BRANDRETH'S PILLS are sold yearly. The sale steadily increases, and yet thousands die from colds and fevers, which these pills could certainly cure. Brandreth's Pills are simple, but unmatched for efficacy. How important that we at once secure an advantage over sickness, when it can be had at an outlay of only 25 cents.

Mr. J. C. Rappelyea, of Monmouth county, N. J., writes, March 19, 1859:

"I was troubled in January last with costiveness for several days, and took ten grains of calomel to obtain relief. I caught cold, I suppose; at any rate a severe diarrhea set in, which my medical attendant found it impossible to arrest. This was followed by dysentery. My strength was all gone. Everything passed through me as I took it. A friend from New York, Mr. George Lewis, fortunately called on me, and advised Brandreth's Pills. I thought in my weak condition one pill would be enough, but he administered four, and the next morning four more. Much impurity came from me, and, to my surprise, the soreness and pain diminished. One box cured me fully. I am now hearty, with a good appetite.

These celebrated Pills are sold at 25 cents per box, with full directions, at 294 Canal street, New York, Dr. Brandreth's Office, and by J. WRIGHT & CO., Nos. 21 and 151 Chartres street, and by all respectable dealers in medicines.

That objection is obviated in the case of "Sir James Clarke's Female Pills, prepared after the prescription of Sir James Clarke, Physician to the Queen of England, and well known to be the only sure and safe remedy for female difficulties and obstructions from any cause." They can be sent in a bottle containing 50 pills, post free, by enclosing $1 and six postage stamps to any agent.

I feel just as sure that your Hair Coloring has strengthened my eyes, as that it has changed my hair. Three years ago I was grey. By accident I came across a bottle of your Restorative, tried it and found it what it was recommended—hence our trade. I am satisfied that with a little attention a large amount can be sold, for the worth of the article is only to be known to insure its use in almost every family in the country. Wright's Rejuvenating Elixir.

"Wash and be clean," said the Hebrew girl to Naiman, the Syrian. He was sceptical till he tried the sacred waters. That was three thousand years ago; it is the same now with the hard-to-be-convinced invalid. "What can do me good?" is the oft-repeated query. We will answer it—Are you worn down with prostrated powers of mind and body, perchance even wishing yourself free from this mortal coil." Try

WRIGHT'S

Rejuvenating Elixir.

You are not too late—it is but a simple vegetable liquid, but all-powerful to raise you from helpless imbecility and prostration to the proper equilibrium of mental and bodily vigor. These are no idle words, but verity indeed.

Sold by all respectable druggists throughout the United States and Canada.
