THE IMPROVED
CHARTER OAK COOKING STOVE,
—WITH—
Reservoir Boiler,
—AND—
PATENT REFLECTOR GRIDIRON,
TIME, LABOR AND MONEY SAVED!

The ECONOMY is equal to a good AIR-TIGHT STOVE like the above is almost too apparent to need illustration. With the convenience attached to this Stove, a far greater amount of cooking can be performed in less time than in any other stove now in use, while the food itself is cooked in a more thorough manner. Being exceedingly simple in their construction, they are readily understood as the use of the old "Premium" Stoves.

The doors of this Stove being LINED, but little heat can radiate into the kitchen, and this less fuel is needed; while a constant supply of Hot Water, generated by the surplus heat not escaping into the pipe, renders the CHARTER OAK invaluable in every household.

Put up and delivered free of extra charge.
