FURNITURE.

A. A. WELCH would call attention to the large and select stock of superior

inet Furniture, Chairs, Bedsteads, Mattrasses, &c. &c.

to be found at his Ware Rooms on the west side of Sandusky street, one door North of Chamberlain & Avery's Hardware store. His stock comprises a general assortment of City Made Furniture as well as articles of his own manufacture—all which will be sold for prompt pay at the lowest possible rates.

He has also received a supply of the celebrated Dodge & Co's. *Patent Spring Bedstead*, an article that will repay a careful examination, as they are the cheapest spring-bottom bedsteds manufactured. Please call and see.

UNDERTAKING.

He is prepared to respond promptly to all calls in this line—will manufacture to order Coffins of any desired style—and constantly keeps on hand a supply of the justly celebrated

Patent Metallic Burial Cases,

The superiority of this description of casement for the remains of deceased friends is universally acknowledged—where they have been used—being air-tight, they are especially well designed for keeping a corpse in warm weather or for an intmusal length of time, as well as in preserving from the encroachments of water &c. after interment. "True it is, the body so deposited in nothing but dust, and it is a wise and holy law of nature, that to dust it shall return; but still how much more consolatory to the surviving friends is the reflection, that this body shall be permitted to pass again into, and form a part of its native element by the aid of time and natural causes alone, instead of being immersed in water and exposed to the depredations of insects; by which the remains are consumed before their ordinary and natural decay; or how satisfactory it would be to feel assured, that it remained in the earth where it had been placed, without disturbance from the knife of the dissector, or any other human agency!!"

A HEARSE, accompanied by a careful driver, will at all times be procurable for funeral occasions.

Branwhite's Patent Self-Sealing AIR-TIGHT CANS,

FOR sale, Wholesale and Retail, at the large store and Tin store of Thomas Evans, Jr., Delaware, O.

These cans are the most simple and most convenient article of the kind now in use. They are easily sealed and opened; requiring no wax, solder or cement, and never fail to preserve fruit, vegetables, &c., in a perfectly fresh state.—They can be used year after year.

Directions for putting up all kinds of fruit, vegetables, &c., will accompany the cans.

I sold these cans last year, and they have invariably (as far as heard from) given the best satisfaction.

N. B. Every can is submitted to a process that thoroughly tests them, and consequently there is no danger of being honored with defective cans.

DENTISTRY.

THE subscriber, a Resident Dentist, has recently introduced into his practice several New Styles of ARTIFICIAL TEETH; and he is now prepared to make for those who may desire it, a superior style of

Porcelain Teeth,

according to the Gutta-Percha Patent. This work he will warrant to be superior to any other Mineral Teeth, and its advantages will be apparent on an examination of the work. He is also making the work in patent introduction denominated

Cheoplasty,

and in making this style of work, he can give better satisfaction to subscribers for less money than by any other style of work. The adaptation is perfect.

He has been making for the last three years, and is now prepared to make a superior quality of

Continuous Gum Work,

as patented by Dr. John Allen, of New York. And in this work he will defy the world to beat it for natural beauty and comfort. He has had this work in use in quite a number of cases for the last three years, and it is still giving the very best of satisfaction.

He is also prepared to furnish the VULCANIZED RUBBER TEETH, which are said by some to be the best.

He is prepared to make ALL OTHER KINDS OF WORK, usually done, and in addition in all styles and at all prices.

TEETH filled and extracted with the utmost care, and warranted for twenty years or thirty years. Children's teeth carefully attended to, and irregular teeth regulated. He will have on hand hereafter Material of all kinds, and will be prepared to do all kinds of work on the cheapest notice. All work will be done as CHEAP as can be had elsewhere when executing in the same workmanlike manner, and will be respectfully tendered for public patronage. He asks, all he asks is a fair and impartial trial to make it right, and if he does not, he will not ask or receive any money received. He will have on hand in a few days SASH. Work of all the above styles.

All those who may require the services of a Dentist will find it greatly to their interest to call and examine his sample work, and witness operating.

A CARD TO THE LADIES.

Dr. Duponco's French Periodical Golden Pills,

INFALLIBLE in removing stoppages or irregularities of the menses. These Pills are nothing new, but have been used by the Doctress for many years, both in France and America, with unparalleled success in every case, and he is urged by many thousand ladies who have used them, to make the Pills public for the alleviation of those suffering from any irregularities of whatever nature, as well as to prevent pregnancy in those ladies whose health will render it an increase of family. Pregnant females, or those suspecting themselves so, are cautioned against using these Pills while pregnant, and the proprietor assumes no responsibility after the above admonition, although their mildness will not cause miscarriage, unless the prescribed dose of Pills are recommended. Full and explicit directions accompany each package. Price $1.00.

Sold Wholesale and Retail by B. DICKINSON & SON, General Agents for Delaware County, Ohio; and also for Cardington, Morrow county. They will supply Dealers at the Proprietor's prices, and send the Pills to Ladies (post paid) by return mail, on receiving the money through the Delaware Post Office.

Delaware Carriage Manufactory.

Messrs. MOREHOUSE & EVANS,

RESPECTFULLY announce to the public, that they have issued the Carriage Shop formerly occupied by John McElroy, for a term of years, and have been engaged during the winter in manufacturing

Carriages & Buggies of every variety and style of finish,

so that any farmer can be suited. The completeness of their facilities for making the best quality of work cannot be surpassed, having had a long experience in the business; and as they have not yet hung one but the very best of workmen, at the several branches. And we are determined by strict attention to business to sustain and extend the high reputation they have so long enjoyed. Repairing of all kinds shall also be attended to.

All those who intend to purchase the above mentioned, will do well by examining our work before buying elsewhere, as we intend not to be undersold in quality or lowness of price by any shop in the Western country.

All work sold at this establishment is warranted. Repairing done at the shortest notice.
