**Tucker's Patent Spring Beds.**

WE have just received from the manufacturers fifty of these unequaled SPRING BEDS.

This Spring Bed combines more advantages than any other Bed before offered to the public. It is more portable, durable and cheaper, and requires less bedding than any other Spring Bed ever offered for sale.

A mattress of any description, of two-thirds the usual thickness and weight, laid upon one of these Spring Bottoms, will make a pleasant lounge, and take but a small amount of bedding laid upon slats or sacking. This Bed is so constructed that it can be taken apart and put together in two minutes, and when packed for transportation requires two-thirds less room than the most portable Spiral Spring Bed ever offered for sale.

As all parts of this Bed can be seen at a glance, it affords no hiding place for insects.

This Bed is capable of being stiffened, in case they require it, for the convenience of unusually heavy persons.

All of the above Spring Beds sold by us are warranted to be as represented. If they should prove otherwise, the money will be refunded. McKINNEY & CO.,

**THE SPHEREOTYPE.**

THE latest and by far the most important improvement in Photography to the recently patented picture known as the SPHEREOTYPE, which is not only new and unlike any of its predecessors, but greatly superior to all. The Spherotype is proof against TIME, AIR AND WATER, and for richness of tone, warmth of expression and distinctness has no equal—in fact the illusion is such that the picture, or image, seems suspended in air, entirely independent of the back ground

For this picture we have the exclusive right for Memphis. Specimens can be seen in our Gallery, where pictures are also taken in the various style by our Artist,

**PROF. REMINGTON,**

who combines herein with his Artist, which enables him at all times to produce superior Pictures.
