RUPTURES

RADICALLY CURED!

Letter from Dr. W. F. Mills to the Editor of the Vicksburg Herald.

VICKSBURG, Miss., May 8, 1860.

Hernia can be Cured Without Needle or Knife!

Mr. Editor: Some years ago I was troubled with this horrible painful disease, so much so that I was compelled to make the following statement. A more day than 12 years of age, had been afflicted with the Hernia, the left side, and was at a loss what to do. One day I saw a notice of Dr. Marsden's treatment of Hernia, in the Herald, with testimonials. I immediately wrote to the Doctor, and received a reply, with a pamphlet containing testimonials of cures of persons of my acquaintance, and a long letter from the Doctor, in which he gave me a full description of my case, and the manner in which he would treat me. I was so much pleased with the Doctor's letter, that I at once concluded to try him, and, after having had the instrument and the Doctor's Curative Mixture about three months, the boy was entirely cured, and has remained so ever since, a period of 8 years. For this benefit I feel that I have been only on the distribution, of my gratitude to Dr. Marsden, and, in the hope that it may be the means of relieving others from the same distressing affliction, I give this statement, that those who have this disease, and for my gratitude to Dr. Marsden.

W. T. MILLS, M. D.

Extract from a Letter Written Three Years Previous to the Above, in reference to the same boy.

JACKSONVILLE, Miss., May 2, 1857.

Dr. Marsden, New Orleans:

The little boy you cured of the rupture is perfectly cured of the rupture; he is one of the finest looking men on Deer Creek, and I have never worn a day such.

W. T. MILLS, M. D.

Letter from Dr. Thos. J. Harper, one of the most eminent Physicians in the State of Mississippi.

VICKSBURG, Miss., March 10, 1860.

Dr. Marsden:—Dear Sir: I send the boy that he is to you, as I can not attend to him properly, and besides I am not at home with him. I find he is doing as well as can be expected, and I hope that you can cure him. Please write me how the cure of the part. Respectfully,

THOS. J. HARPER, M. D.

NOTE.—This letter was in reference to a slave boy about 14 years old, who was ruptured on both sides, and who was subsequently entirely cured.

The following explains itself:

Dr. Marsden, New Orleans:

Dear Sir: I shall put my son James to apply to him a suitable truss. He is nearly 20 years of age, and has been ruptured on the left side ever since he was 3 years old. Hoping that the boy may be benefited by the treatment, I have sent him to you, I send my son to you.

THOS. J. HARPER, M. D.

Dr. BELDEN'S OPINION.

NEW ORLEANS, Jan. 8, 1858.

Mr. Dr. Belden, Esq.:

Dear Sir: I have to inform you that Dr. Marsden's Truss, as applied by him, will give a full cure of the rupture, and I have found it to be a very valuable invention. I have seen the cures of several cured persons, and I have every reason to believe that it will do the same for Dr. Marsden's Curative Mixture, I recommend you to get one, and use the Truss.

E. BELDEN.

NOTE.—Dr. Marsden respectfully informs ruptured persons, or persons having hernia, that he has arrived in this city, and may be consulted at his office, No. 5 CARONDELET STREET, New Orleans, prepared to relieve and cure all cases of rupture, with his celebrated Truss, and the PATENT SILVER WIRE and OUR ALIVE MIXTURE. 6ytf 1w
