HUPTURES

Letter from Dr. W. T. Mills to the Editor of the Vicksburg Daily Sun.

VICKSBURG, Miss., May 8, 1860.

Hernia can be Cured Without Needle or Knife!

Mr. Editor—I deem it due to those afflicted with this terrible and painful disease, to make the following statement: A negro boy, about 19 years of age, had been afflicted with the Hernia for the space of three years. The boy belonged to John Gordon, Esq., of Issaquena county. Two physicians examined him and pronounced his case incurable. At times was a difference of opinion about the mode of treatment, some suggesting the use of a truss, by which the other and myself objected. I took him to New Orleans and obtained the Patent Truss of Dr. J. A. Sharp, and after having used that instrument and the Doctor's Curative Mixture about three months, the boy was entirely restored and is now perfectly well. This was in the fall of 1858. For the last three years he has been busy on the plantation, doing all the work of a field hand, rolling logs, etc., without any inconvenience. I give this statement for the benefit of those who have the disease and for my gratitude to Dr. Sharp.

W. T. MILLS, M. D.

Extract from a Letter Written Three Years Previous to the Above, in reference to the same boy.

ISSAQUENA CO., MISS., May 2, 1857.

Dr. Sherman, New Orleans:

Dear Sir—The boy George is perfectly cured of the rupture, he is one of the finest looking men on Deer Creek, and can do as much work as any man.

W. T. MILLS, M. D.

Letter from Dr. Thos. J. Harper, one of the most eminent Physicians in the State of Mississippi.

VICKSBURG, MISS., March 30, 1860.

Dr. Sherman—Dear Sir—I send the boy Jim to attend your lectures; I cannot attend to him properly, and besides I am satisfied with my skill to do him justice. I can so stated your plan of treatment, and that you can cure him. Please write to me by the return of the post. Respectfully,

THOS. J. HARPER, M. D.

This letter was in reference to a slave boy about 16 years old, who was ruptured on both sides, and who was subsequently returned sound. The following explains itself:

VICKSBURG, MISS., May 7, 1858.

Dr. Sherman, New Orleans:

Dear Sir—I send you my son James to apply to him a suitable Truss. He has only been ruptured a short time. We can obtain at every drug store Trusses. In them, however, I have not little confidence; but having confidence in your skill in such matters, I send my son to you.

THOS. J. HARPER, M. D.

Dr. BELDEN'S OPINION,

NEW ORLEANS, Jan. 6, 1860.

Samuel Davis, Esq.:

Dear Sir—It is my opinion that Dr. Sherman's Truss, as applied by him, will give relief more effectually than any other. I have seen it tried to my entire satisfaction. I know of several cases of the use of it that have been cured, and I recommend you to get one, but be sure Dr. Sherman himself applies it, as much depends upon the fitting.

R. BELDEN, M. D.

Dr. SHERMAN respectfully informs ruptured persons that he has perfected his celebrated Truss, that he guarantees to retain any rupture, and that he will forfeit $100 to any person who can do the same. Dr. SHERMAN's Truss is the only one that has been tried in this city, and has proved a complete success
