THE ONLY PREPARATION

—That has—

STOOD THE TEST OF YEARS,

And grown more and more Popular every day!

And testimonials now, and almost without number, might be given from ladies and gentlemen in all grades of society, who failed to find any more convenient remedy, that Prof. Woode's Hair Restorative will restore the hair and strengthen and preserve the hair of the youth to old age, in all its youthful beauty.

CASTLE CURNE, Mich., Dec. 21, 1858.

Prof. Woode: This will please accept a line to inform the world that the hair on my head had all fallen off over twenty years ago caused by a complicated chronic disease, attended with severe fever on the head. A continual course of medicine through life having reduced me to a state of dependence, I have not been able to obtain yourself for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold. Your friend, now on my way from Belger & Hodges' store the last cent I had on earth for a two dollar bottle of your Hair Restorative, about the first of August last. I have faithfully followed the directions, and the bald spot is now covered with hair thick and black, though short; it is also coming in all over my head. I feel confident that another large bottle would entirely restore my hair to its youthful beauty. I feel anxious to persevere in its use, and being destitute of means to purchase any more, I would request that those who may not be willing to send me an order on the agents for a bottle, and receive in return the spirit therefore, "the reward is to those that are kind to the widow and the fatherless."

Thy friend,

SUSANNAH KIRBY.

LUDLOW, Noble county, Ind., Feb. 6, 1859.

Prof. O. J. Woode: Dear Sir—In the latter part of the year 1852, while attending the State of Indiana Medical Law School of the State of New York, my hair, from a name unknown to me, commenced falling off very rapidly, so that in the short space of six months, the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion over the side and back parts of my head shortly after became gray, so that you will not be surprised when I inform you that I was turn to the State of Indiana, by my own casual acquaintance, to make use of a lotion to discover his change in my appearance, as my more intimate acquaintances were to recognize me at all.

I at once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair could again be restored, I was forced to become reconciled to my fate until, fortunately, in the latter part of the year 1857 your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dollars worth of your Restorative, and as a result, have a rich coat of very soft black hair, which no money can buy.

As a mark of my gratitude for your labor and skill in the production of so wonderful an article, I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you, are using it with like effect.

Very respectfully, Your

A. M. LATTA,
Attorney-and-Counsellor-at-Law.
