To Bank Depositors and Investors.

Unexpected Special Notice.

"At the last moment I ran up against an unavoidable obstacle, which compelled me to withdraw the statement intended for this space. I will print it later, and as fair return to the "System" for what it has done I will print it on a full page instead of a half, and make it cover all Europe, instead of London, Paris and Berlin. In the mean time I cannot be prevented from saying to those for whom the statement was intended: Since my warning in December to sell stocks, the "System," in desperation, has created an artificial market, the like of which has never been seen; but the public, for the first time in the history of stocks, has refused to be skinned. The "System's" votaries have the billions of stocks they have been compelled to buy, and they have them at the Banks and Trust Companies in place of the people's deposits, and these deposits are at last on record that if I am permanently prevented from saying to those for whom the statements are intended, that the "System's" votaries have the billions of stocks, and these deposits are at last on record that if I am permanently prevent the telling of truths to show the other side. Perhaps—it—can.

Experts who know about such matters are at last on record that if I am allowed to make certain statements a destructive panic will be with us.

* * * My final warning: Don't have stocks on hand at fraud-made prices after it is too late to sell them to the "System." If you do, don't say I caused the ruin, for you have now had since last December to exchange your punky stocks for real money.

Equitable Life.

To the thousands of policy-holders in the Equitable Life who have asked for my advice, I would say:

The present frenzied wrangle for the spoils should be no affair of policy-holders. I would advise all such against taking part in it, either directly or through any of the so-called reform committees. The end sought by each and all of the present wranglers, under whatever name they appear, is a selfish one and inimical to policy-holders. Presently there will be a sweeping movement which will right all the wrongs of the past and insure all policy-holders their rights for all time. Until then policy-holders should keep their policies paid up and steer clear of all schemes.

Everybody's Magazine Out To-Day

FOR APRIL.

MR. LAWSON WRITES:

I start this month on the actual crimes of Amalgamated.

I give names, times, places in detail.

No Wall Street man or investor can afford to miss the:

UTAH COPPER BUNCO GAME;

How SAMUEL UNTERMYER, ESQ., Clark, Ward & Co. and English investors were swindled;

The Munroe & Munroe-CITY BANK FLIMFLAMMING of two professional gamblers;

How one of the BIG THREE INSURANCE companies sold their stocks for $5,839,000.87 and made sworn statements to the Insurance Departments that the same was $3,075,392.

I describe the insurance trick of—"new business."

I make MY FIRST APOLOGY to those I have flayed—to Roger Foster, Esq.

I answer critics from Georgia, New York, Kansas, Tacoma, Boston and Philadelphia straight from the shoulder, calling SPADES BLACK SPADES.

If there is any LIQUID BLOOD left in the nation, it SHOULD BOIL. Record me, it will.

Garfield reports to Roosevelt, "Beef Trust all right."

If the American people, with this latest insult to their intelligence, and with Russell's facts in their hands, don't put another nail in THE "SYSTEM'S" coffin, I miss my guess.

IN MR. RUSSELL'S ARTICLE,

in the April number, a picture is given of sixteen great railroad presidents, terrorized by the BEEF TRUST, sneaking into a New York club, to rebel in concert against the Trust's gorging methods.

"The Experiences of a Nursery Governess," the many stories, and other striking features, will interest every woman.
