DR. MACARTHUR CHAMPIONS ROCKEFELLER

Says He Has Found Financier's Dealings to Be of High Moral Standard.

ATTACKS ARE CRUEL.

Also Defends the Baptist Church Declaring that Its Approval Could Not Be Bought.

The recent criticisms of John D. Rockefeller, growing out of his gift of $100,000 to the American Board of Commissioners of Foreign Missions, are declared in an article by Rev. Dr. Robert Stuart MacArthur, pastor of the Calvary Baptist Church, of this city, to be published to-morrow in the Examiner, a Baptist publication, to be coarse, cruel and perhaps criminal, and to have maligned the entire Baptist denomination.

Rev. Dr. MacArthur's article is entitled "The Baptist Brotherhood Defended," and is in part as follows:

"The recent coarse, cruel, and perhaps criminal, criticisms of Mr. John D. Rockefeller have maligned the entire Baptist denomination. His traducers are its defamers. Baptist pastors ought no longer to remain silent when their denomination is made the subject of such unjust criticism. As a member of the Baptist Brotherhood, I protest against the condemnation of our churches by these cowardly and utterly unjust attacks.

"I affirm that the censures inflicted upon the denomination and upon Mr. Rockefeller as a prominent member of a Baptist church are unjust. I have known Mr. Rockefeller for many years, and my intimate personal acquaintance with him has convinced me that he is worthy of the highest honor as a man and of the fullest confidence, esteem and affection as a Christian. I have taken pains to make careful inquiry regarding certain business transactions which have been the subject of fierce denunciation on the part of some of Mr. Rockefeller's critics; and I do not hesitate to declare on the basis of such knowledge that these transactions, when fully understood and fairly judged, are in accordance with the highest standards of commercial morality.

"My examination has shown me that many charges are based upon half truths and that when the full truth was ascertained these very transactions redounded to Mr. Rockefeller's honor as a leader in business and as a professor of the Christian faith. In so enormous a business as that of the Standard Oil Company it is inevitable that agents of the company perform acts without Mr. Rockefeller's knowledge and without his approval. A high officer of the Standard Oil Company, intimately acquainted for nearly a generation with Mr. Rockefeller's daily influence in its councils informed me recently that Mr. Rockefeller had always been quick to deplore and to correct instances of unjust and injurious over-zeal.

"Dr. Gladden in one of his defamatory articles quotes the denunciation of an Ohio Judge of a railroad officer for making a certain contract with an agent of the Standard. But Dr. Gladden forgets to state that this was nearly a generation ago, that the Standard was never a party to the suit, and, what is most of all to the point, that this very contract was ordered cancelled as soon as it was brought to Mr. Rockefeller's attention and before any complaint was uttered about it. Or, take the case of the Cleveland widow, now become celebrated. Any one who will take enough pains to read the affidavits printed and accessible, but ignored and suppressed by the hostile critics, cannot fail to see in Mr. Rockefeller's conduct the generosity, the courtesy, the magnanimity and the forbearance of a Christian gentleman.

"It has been affirmed by some of Mr. Rockefeller's critics that, by his gifts to the Baptist denomination, he has purchased its approval, or, at least, its silence. To say that such a body of Christians could be bought by Mr. Rockefeller's money is to excite the derisive laughter and to evoke the righteous indignation of every intelligent Baptist. No one knows better than Mr. Rockefeller himself that he cannot buy the approval of Baptists by his millions. There are Baptist leaders of to-day who would not hesitate for a moment to advocate the expulsion of Mr. Rockefeller from the Baptist denomination if it were proved that he acquired his money dishonestly or by means morally or socially destructive. The Baptist leaders are becoming thoroughly indignant at the malevolent spirit and contemptible methods of Mr. Rockefeller's opponents.

"Rev. Dr. MacArthur declares that the critics of Mr. Rockefeller appeal to the passions of the unthinking multitude and that this is assassination of character. He "repels indignantly" the charge that the Baptist denomination has solicited money from a man whose wealth has been dishonestly acquired, and points out that Dr. William J. Tucker, President of Dartmouth College, should not be branded as a criminal because Dartmouth College owned stock in the Northern Securities.

Dr. MacArthur says that the supposition that Mr. Rockefeller is worth a billion dollars is grossly false and that in the last two or three years his benevolent gifts were at least twice as much as the increase in his estate; asserts that he has made a gift of high value to humanity in revolutionizing business methods, and affirms that while some men have been crowded to the wall in the movements of the Standard Oil Company every competitor was invited to join it on fair and equal terms.

GOT JURY AND STARTED TRIAL IN 21 MINUTES.

All Records for Speed in a Murder Case Broken by This New Jersey Court—Johnson's Defense.

A jury was selected to try Ernest Johnson for the murder of Louis Rosendal on March 6 last and the trial was under way in the Hackensack Supreme Court within twenty-one minutes from the opening of the court. This beats all records in New Jersey murder trials.

Johnson is accused of having forced his way into the home of Miss Van Pelsie, of Ridgewood, where Rosendal was calling on a lady friend, a servant. She did not identify the stand as the man who had [illegible] hours and [illegible] Rosendal in [illegible] her he was shot and killed. Johnson's defense is an alibi.

POLICE LINE UP 35 WELL-KNOWN CROOKS.

Detectives Ordered to Rearrest Them if They Do Not Leave City at Once.

As a result of a dragnet by the police yesterday there were thirty-five well-known crooks lined up in the Detective Bureau early to-day for the police to look over. Orders were issued to the sleuths that as soon as the prisoners are discharged, if they do not leave the city, to arrest them again on sight. One woman was in the crowd, she being Grace Newton, said to be a woman thief.

Among the best known of the prisoners were William Davis, a pickpocket; Charles Burke, alias Fisher, and John Grant, alias McCormick, two Western pickpockets; Julius Frank, pickpocket; Joseph McLean and William Gunn, two burglars; Michael Berger, a burglar; Joseph Dayton, alias Carlton, a notorious burglar, and Frank Miller and Frank Fox, also burglars.

Most of the prisoners have their pictures in the Rogues' Gallery. Acting Capt. McCauley said.

When Japan Conquers Russia.

WILL SHE SEEK TO OVER-RUN THE REST OF THE WORLD?

This is the uppermost question in the minds of leading Europeans to-day, but to our mind it does not compare in importance with this:

"SHALL WE PERMIT THE GERM OF DISEASE to gain such a foothold in the human system that it cannot be driven out?"

No doubt a magnificent, well-equipped and well-manned navy is the strongest possible safeguard against any serious attempt to subjugate the United States by any foreign power. As long as we maintain such a navy we have not the slightest reason to fear any one or even a bunch of them together.

The human body will best resist disease when it is healthy, strong, active and with all of its functions fully alive and working.

The best aid to this condition is a vegetable tonic and alterative that will first put the stomach and blood right, for these are interdependent. GOOD STOMACH means GOOD BLOOD, and likewise, GOOD BLOOD means GOOD STOMACH.

DR. PIERCE saw, when he began his medical career forty years ago that it was extreme folly to depend upon alcoholic stimulants at such times for they were sure to do much more harm than good.

He, therefore, went to nature and called upon her immense and well-filled laboratory and storehouse for THE BEST REMEDIES which she had accumulated in such abundance.

Selecting from the best of these:

Golden Seal (*Hydrastis Canadensis*).
Queen's root (*Stillingia Sylvatica*).
Stone root (*Collinsonia Canadensis*).
Cherrybark (*Prunus Virginiana*).
Bloodroot (*Sanguinaria Canadensis*).
Mandrake (*Podophyllum Peltatum*).

And making from them non-alcoholic extracts by peculiar processes of his own invention and perfecting, and combining them with the utmost exactness and care and preserving their medicinial qualities without the use of alcohol, he produced a harmonious combination, constituting a superior and effective tonic and alterative that is unequalled in power to ward off attacks of disease, and which has become known throughout the world as DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.

Its non-alcoholic and absolutely safe composition warrant its continuous and steady use as long as conditions call for it.

Its tonic, restorative and tissue-reconstructive action are promptly shown by increased appetite, better digestion and return of muscular ability.

It has saved thousands of lives by putting the system in condition to ward off attacks that otherwise might have proved fatal.

If in doubt as to your real condition or what you had best do for yourself you may write freely, without charge, and consult Dr. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, 663 Main Street, Buffalo, N. Y.

Invest a postage stamp in this way and see what good medical advice it will bring you that will be a great saving to you both in health and doctors' bills.

"Thirteen years ago I was wounded by a ball passing through my lung," says George H. Belcher, Esq., of Dorton, Pike Co., Ky. "I have had a bad cough ever since with shortness of breath, and it was very easy to take cold, the slightest change of weather would cause the cough to be so bad I would have to sit up in bed all night.

"I could not eat nor sleep at times; I was all run-down; I could not work at all. A few months ago I began using Dr. Pierce's Golden Medical Discovery. I have not used more than two bottles and now I can eat, sleep and work, and I feel like a new man. I cannot find words to sufficiently recommend Dr. Pierce's Golden Medical Discovery, or tell the good it has done me."

Dr. Pierce's Pleasant Pellets are of great benefit in connection with "Golden Medical Discovery" when the use of a laxative medicine is indicated.

ANKLE-FIT OXFORDS IN QUARTER SIZES

Regal Oxfords fit because they're made over special Oxford lasts:—one short statement that has upset the shoe business almost as completely as the Regal innovation of quarter-sizes.

In regular high-cut shoes the hardest part to fit is generally the instep. With an Oxford the instep is only one of *three* difficulties—the other two are the heel and the sides. If the heel isn't exactly right it chafes. If the sides aren't exactly right they "gape." The Regal Oxford is a *perfected* Oxford, because we have produced it as a shoe entirely distinct from the high-cut shoe, and its special requirements have been studied, found—*supplied*.

"SAXON"
Gun Metal Oxford

One of the most striking of our new Spring styles, an exact reproduction of the latest English style heretofore produced only in custom models. Made in the fashionable Gun Metal leather, also blucher cut in Patent leather.

The Regal Oxford fits at heel, sides and instep. It neither slips, chafes, "gapes" nor wrinkles. All this without any sacrifice of *wearing* qualities.

We *guarantee* the Regal Oxford to outwear any shoe sold at any price.
