Our Latest Improved

NEW SCALE PIANO-FORTE.

GROVESTEEN & CO.,

499 Broadway, N. Y.,

THESE instruments, after the most flattering testimonials from the first Pianists in the country, who, at our solicitation, have tested them in the severest manner possible, have been pronounced THE FINEST SQUARE PIANO-FORTE MADE IN THE WORLD.

It has always been our policy, during the thirty-nine years that we have manufactured Pianos, to put a thousand of which are now in use in the United States and Europe, to give the best instrument at the lowest cost. Our superior facilities enable us to offer them from one to three hundred dollars less than any other First Class House.

The tone of these instruments are remarkable for their peculiar sweetness and great brilliancy, never losing their quality when forced to their utmost capacity. The lower register retaining its full fullness, does not destroy the middle and upper registers by mingling with them in disagreeable confusion, the refined beauty of tone being equally delightful to the appreciated and to the most unskilled ear.

They are an entirely new style of Piano, finished in the most superb manner, each four frame corners fronted and back, heavily carved legs and Lyre Serpentine Base richly moulded, and each instrument is fully warranted for five years. sep24 dawly

MEMPHIS APPEAL

BY TELEGRAPH.

Noon Dispatches.

NEW YORK, July 14.—The heat yesterday was said to be the most intense that has been felt in New York for fourteen years. A very large number of persons fell in the streets, insensible, from the heat, two of whom died during the day. Thirty-seven persons were taken to Bellvue Hospital, and three of them died. At three o'clock yesterday morning the thermometer stood at 82°; at 4 p.m. at 97°, and at midnight at 88°.

Seven young girls went in to bathe last evening, at the foot of Fifty-sixth street, in East river, when one of them got beyond her depth, and, in her struggles to escape drowning, dragged three others into like danger. A boy fourteen years old, named Frank Beck, hearing the screams of the girls, came to their assistance, and succeeded, by persistent diving, in rescuing three of the four. The other, named Powers, was drowned.

MONTGOMERY, July 14.—Smith, Governor, and Applegate, Lieutenant Governor, were sworn in yesterday.

The Legislature adjourned and ratified the fourteenth amendment. Schofield, the commander of the District, wasted some powder in honor of the event.

CHARLESTON, July 14.—Gen. Canby has issued orders that civil authority will be paramount when the President proclaims the adoption of the 14th amendment.

ATLANTA, June 14.—The committee to investigate the eligibility of members of the Legislature, are making slow progress.

FINANCIAL AND COMMERCIAL.

OFFICE OF THE DAILY APPEAL,
MEMPHIS, July 14, 1868.

With the exception of the damage done to the corn crops by the long drouth we have cheerful news from all sections relative to the crops. The wheat harvest bids fair to be unusually large throughout the Northern States and California, while from Europe the accounts are scarcely less favorable. Harvest work has commenced in Germany, Italy and the South of France, and the yield of wheat is largely in excess of last year, though the quality is not so desirable. In the great grain districts of the Black Sea wheat is excellent both in quality and quantity. The harvest in England will be very good, with the exception of the Eastern counties, where the drouth has inflicted injuries. In Ireland for the first time in many years, no complaints are heard of the condition of any of the crops. From Spain and Australia alone do we hear a different story.

This has been a very quiet day in financial circles. The committee appointed by the stockholders of the Merchants' National Bank to visit Washington in reference to the resumption of business by the bank, were expected home to-day, and will no doubt make an early report.

A. Cordes, Esq., President of the German National Bank of this city, being absent on his way to Europe, where he may stay an indefinite period, tendered his resignation some days ago. At a meeting of the Directors, held yesterday, our well known fellow citizen and prominent merchant, E. M. Apperson, Esq., was elected President of the bank, and has assumed the duties incumbent thereto.

In stocks and bonds, owing to the light offerings, we have no sales of importance to note, further than a sale yesterday not before mentioned of 400 shares Memphis and Charleston railroad at 56c; other stocks and bonds are nominally unchanged.

Exchange is steady at our previous quotations, with supply fully up to the demand.

In coin the offerings exceed the demand, though both are light. Buying at 139 to 140c; a large lot would readily command the latter figure; selling at 140½ to 141c. Nearly all taken is shipped East. The New York market opened at 142½, but fell back almost immediately to 141½, closing at 142c.

The following are the closing New York quotations on Governments: Coupons, '81, 13½; do '62, 13½; do '64, 10½; do '65, 11½; new issue, 8½; do '67, 8½; 10-40s, 7½; 7-30s, 2d and 3d, 8½; Old Tennessees, 71½; new do 70. Government bonds dull.

City Scrip is quiet, with no demand, except from brokers, who buy at 72 to 73c, for small amounts; selling at 75 to 78c. A large order would be filled at less.

City Bonds are weak. We quote nominally at 75 to 77c.

County Warrants dull at 50c, buying; selling at 55 to 60c.

Police Scrip weak at 70 to 75c, buying; selling at 76 to 80c.

Cotton opened dull in Liverpool today, and prices were lower; Uplands, 11¾d; Orleans, 11½d, and closing dull with no change in quotations. Sales 8,000 bales.

The New York market was dull at the opening, with Middlings 32c, and closed with prices tending downward; Middlings nominally 31½ to 32c.

We have only a small sale to note, 8 bales barely Middling were taken at 29½c. There has been little or no inquiry during the day.
