New Orleans Daily Crescent.

FRIDAY MORNING, SEPTEMBER 21, 1866.

New Orleans Money Market.

CRESCENT OFFICE, No. 91 CAMP STREET, Thursday Evening, Sept. 20, 1866.

The movement in financial circles to-day has disclosed no variation of any kind that calls for special notice. Gold ruled throughout at about yesterday's figures, despite advices of a downward movement in prices at New York, but this was doubtless due to the reduced character of the supply of cash Gold upon the market. At the same time the demand was quite limited from the opening to the close of business, as may be readily inferred from the falling off in the aggregate sales, which can be ascertained by footing up the following amounts; as they comprise the whole of the day's operations, viz: $10,000 at 144½; $1000, $4000, $7000, $10,000 and $15,000 at 144¼, and $9000, $10,000 and $10,000 at 145. Sales of Silver comprised some trifling lots of American and Mexican coin at previous figures, and the market closed flat at 144½@145 for Gold; 134@135 for American Silver coin, and 145@145½ for Mexican dollars.

FOREIGN EXCHANGE.—There is a slight but not quotable improvement in Sterling and France, which, however, in view of the very restricted movement in cotton and other leading Southern products, on foreign account, may indicate that, with an even ordinary demand, it would soon lead to higher quotations. The inquiry is still of a very restricted character, however, and previous figures have been barely maintained to-day. We subjoin the operations as they have been reliably reported to us, viz: £3000 bill of lading bills at 149, £750 clear at 150½, £380 and £3000 do. at 151 and £850, £3000 and £3500 A1, private, at 152. Sales of francs have been confined to 50,000f. and 65,000f. at 5.22½f. and 100,000f. at 5.23¾f. for commercial bills. There is no alteration whatever to note in quotations, and we therefore repeat yesterday's figures, as follows, viz: Bank Sterling at 153@154, Clear Bills at 150@152, Bill of Lading Bills at 147 @149. Bank Francs at 5.17½@5.15, and outdoor Francs at 5.17½@5.22½.

DOMESTIC EXCHANGE.—The recent heavy sales of cotton in this market for the North and East begin to affect rates of Domestic Exchange, and all of the banks have freely checked on New York to-day at ¼ ⅌ cent. prem. The demand for remittance purposes continues exceedingly light, however, and offerings of private and commercial have not yet disclosed more than a partial increase, while it should be observed, nevertheless, that large accessions from this source are daily looked for with unabated confidence, which, of course, is the cause of the bank checking rate having been relaxed. The only outdoor purchases that have come under our notice to-day were $20,000, $40,000 and $65,000 New York sight at par, $15,000 fifteen days' sight at ¼ ⅌ cent. dis., and $30,000 sixty days' sight at ½ ⅌ cent. dis. The ruling quotations this evening are par@¼ ⅌ cent. prem. at bank, and ¼ ⅌ cent. dis. to par in the outdoor market for sight checks on the Northern cities. The movement in short sight and in time drafts is still of too restricted a character to establish reliable quotations for these classes.

UNCURRENT NOTES AND SECURITIES.—Transactions in the former to day have been confined to a few lots of State and city notes, including $2000 of the latter at 99½; while operations in stocks have again been heavy, especially in one description, as will be seen by the following, viz: 3, 8 and 17 shares City Railroad stock at prices that have been withheld; 275 shares Bank of Louisiana do. in three lots, at 11; 100 do. on private terms, and 1346 shares of Bank of New Orleans stock, in several lots, at 40¼, 40¾ and 40¾. We would remark that the latter include 850 shares bought on the 18th, and reported by us in yesterday's paper, which, with several lots previously purchased, were all resold to-day.

BOARD OF BROKERS.—The movement at the board to-day was of a rather restricted character, and the only transactions that we have found recorded on their exhibit, were: 17 shares Canal Bank stock at 60; $4500 Gold at 144¾; $5000 Gold at 144¼, and $5000 Gold at 144¾.

Commercial Intelligence.

CRESCENT OFFICE, No. 91, CAMP STREET, Thursday Evening, Sept. 20, 1866.

COTTON.—Increased firmness and activity are the leading features of the market, and despite the ambiguity of the cable dispatches, received last night, the upward tendency of prices, which has been noticeable from the opening of the week, has culminated to-day in an advance of fully one cent per pound upon previous prices for all classifications. In fact, the lowest grades are now in as good, if not better request, than the best, while the supply of the latter continues of too restricted a character to admit of heavy operations. The demand has been very general since our last, and the aggregate sales, which amounted to 7338 bales, would doubtless have been much heavier but for the limited and poorly assorted supply upon the market. We have revised our figures, and now quote ordinary at 27@28c., good ordinary 29@32c., low middling 33@35c., and middling at 36@37c; with the remark, however, that the latter quotations cannot be regarded as much better than nominal.

SUGAR AND MOLASSES.—The receipts since yesterday comprise 15 hogsheads Louisiana sugar from the upper coast, and 50 half barrels of Sorghum Molasses. The market has been very quiet to-day, and we have not heard of any round lots changing hands, but there is a very fair retail business doing at 12@13c. for common, 14@c. for prime Porto Rico, and 16@17½c. ⅌ lb. for yellow and white clarified. Imported Molasses is retailing at 88@90c. ⅌ gallon, and is held by the cargo at 82@85c. ⅌ gallon.

TOBACCO—Buyers for both foreign and city trade have been looking around quite freely to-day, and several sales have been made. Negotiations were also pending for other large lots when we left the market. The stock on hand is only moderate, but is still of a very good assortment. We have no change to note in our quotations, which we give as follows, viz: low refused light and heavy, 3@5½c., common leaf 6@8c., fair do. 8@10c., good do. 11@14c., fine do. 14@16c., and choice selections 16@20c. ⅌ lb. in currency. The actual sales were 9 hhds. wrapping leaf at 15c., 1 do. at 22c.; 3 do. taken for the city trade on private terms, and 11 and 72 hhds. lugs and low leaf taken for export at prices within range of the above quotations.

FLOUR.—The market has been exceedingly quiet to-day, but prices remain firm and unchanged. Dealers are well supplied, and show no desire to operate at the present high figures. In fact, the demand, both from first and second hands, has fallen off so much, and prices rule so high, that those who are disposed to buy are holding off for a decline in the market. Sales are confined to 500 bbls., of which 100 choice family at $14 50, 100 do. at $14, 100 at $12 75, 100 low extra at $11 50, and 50 superfine (fancy brand) at $10 50 ⅌ bbl.

CORN—We have no alteration of any kind to notice in this article. Sales to-day embrace 5000 sacks, in lots, as follows: 4000 at auction at 75@79c., 100 white at 90c., 300 at 85c., 250 white mixed at 82c., and 250 and 100 do. at 80c. ⅌ bushel.

OATS—The market continues very quiet, but prices remain unchanged. Sales comprise 600 sacks in lots and 100 sacks at 50c. ⅌ bushel.

BRAN—Is in limited supply and demand, at previous prices. Sales to-day are 400 sacks inferior at $1 15, 100 and 135 at $1 20, and 100 at $1 25 ⅌ hundred pounds.

HAY—The market is well supplied but is mostly in store. There is, however, but very little demand, and that little is confined almost entirely to our local trade. We have not heard of any sales to-day, but continue to quote St. Louis at $20@$25, and prime Ohio river at $28@$30 ⅌ ton.

PORK—The market continues very dull. There is now a very fair stock on hand, but with little or no demand for round lots. In a retail way there has been a very fair business doing at $35 50@$35 75 ⅌ bbl. Round lots are quoted at $35@$35 25 ⅌ bbl.

BACON—Is in good supply, with a moderate retail demand. There seems to be but very little inquiry for round lots, and the only sale we have heard of is 28 casks of clear sides on private terms, said to be sold at a full price. We now quote shoulders, by the lot, at 18c., retailing at 18½c.; ribbed sides 21½c., retailing at 21¾@22c.; clear sides 22c., retailing at 22½c. ⅌ lb. Sugar-cured hams are selling at 20½@27½c. ⅌ lb.

LARD—Continues quiet. The stock on hand is ample, but the demand is confined almost entirely to our local trade at 22c. for prime in tierces, and 24c. ⅌ lb. for kegs.

WHISKY—Continues dull, with only a moderate retail demand, at $2 20@2 30 ⅌ gallon for Western rectified.

INDIA BAGGING—The supply of this article is quite light, and we are informed will not exceed 900 bales, which is almost wholly in the hands of dealers, who are supplying the demand for the country at 30c. ⅌ yard in rolls and 44c. ⅌ yard in bales. There were sales to-day of 50 bales, to arrive on private terms.

BALE ROPE—Is in good supply with a moderate demand at 13½ for round, and 13c. for retail lots.

GUNNY BAGS—Are in fair demand, and prices firm. Several lots have been sold to arrive at 30c. a piece.

STAR CANDLES—Are in fair demand and prices firm at 20c. ⅌ 12 oz., 21c. ⅌ 13 oz., 22c. ⅌ 14 oz., and 23c. for full weight. There were sales to-day of 200 boxes Schaefers' 12 oz. at 20c. ⅌ lb.

SALT—Continues in active demand, and prices are firm at 22@2 15 for coarse from store, and $2 10@2 25 for Liverpool fine. There are several buyers now here, but the prices offered do not meet the views of holders.

SUNDRIES—Eggs are selling at $20 22 ⅌ bbl., Potatoes at $2 75@$3 ⅌ bbl., Onions at $2 50@$4 ⅌ bbl., Apples at $2 50@4 ⅌ bbl., Chickens at $8@12 ⅌ dozen and Beans $4@$11 ⅌ bushel.

NAVAL STORES—Rosin is very scarce and in request, and prices are firm at $2 25@$2 75 for common; $4 for No. 2, and $7 ⅌ bbl. for No. 1. Pitch is selling at $3 ⅌ bbl. Tar at $2 50, and Spirits of Turpentine at 57@60c. ⅌ gallon. There were sales to-day of 500 bbls. No. 1 Rosin at $8 50@$7 ⅌ bbl.

HOPS—Are scarce and dull at 80@83c. for Belgian, and 75c. ⅌ lb for American.

MALT—Is in limited supply, but dull at $1 for Western and $2 10 for Canada.

BUTTER AND CHEESE—Western Butter is in fair supply but quiet, at 22c. for common, 25c. fair, and 30@35c. ⅌ lb. for choice. Goshen is selling at 40@43c. ⅌ lb. Cheese is quiet at 15@18c. for Western and 25@23c. per lb. for English Dairy lots.

HIDES—Are in limited supply, with a fair demand at 10@10½c. for green, and 12½@15c. ⅌ lb. for dry.

COFFEE—Continues inactive demand, and prices remain firm at 27@29c. ⅌ lb for ordinary to prime Rio in currency.

FREIGHTS—The rate by sail to Liverpool is ¾d. ⅌ lb. for cotton, and 47s. 6d. ⅌ hhd. for Tobacco; and by steam ¾d. for Cotton; by sail to Havre, 1d. ⅌ lb. for Cotton. A PERFECT ANTIDOTE FOR ALL POISONS.—A plain farmer says:

It is now over twenty years since I learned that sweet oil would cure the bite of a rattlesnake, and knowing it would cure other kinds of poison. Practice, observation and experience have taught me that it will cure poison of any kind, both on man and beast. I think no farmer should be without a bottle of it in his house. The patient must take a spoonful of it internally, and bathe the wound for a cure. To cure a horse it requires eight times as much as it does a man. Here let me say of one of the most extreme cases of snake bites in this neighborhood: Eleven years ago this summer, where the case had been fairly days standing, and the patient had been given up by his physicians, I heard of it, carried the oil, and gave him one spoonful, which effected a cure. It is an antidote for arsenic and strychnine. It will cure blast in cattle by cating very freely of fresh clover; it will cure the sting of bees, spiders, or other insects; and will cure persons who have been poisoned by a low running vine growing in the meadows, called ivy.

HONEST GREELEY.—The New York Tribune, of the 12th inst. has the following article:

"As surely as the rebel States should obtain representation unconditionally in Congress would slavery be virtually established. Already Johnson's policy begins to make emancipation a farce. In Alabama, a few days ago, two negroes were sold into slavery for debts they had incurred before the war, amounting in all to thirteen dollars."

Mr. Greeley, is this honest? It is not a fact that two negroes have been sold into slavery in Alabama, and had you waited for an investigation of the truth of the matter you would not have had occasion to base an argument upon a falsehood. How is it possible for negroes to be enslaved under the Constitution of the United States has forbidden slavery forever? Have you not a civil rights act which prevents slavery from being virtually re-established, and have you not federal judges and a federal army to enforce the law? Why then do you catch up every rumor which is in itself preposterous, and make it the foundation of an argument which can only delude and deceive unthinking voters. Is this honest, Mr. Greeley?—Commercial Med.

MYSTERIOUS.—The Fredericksburg (Va.) Ledger says the remains of a woman, with long black hair, have been found in a concealed place near the road leading from Fredericksburg to Alexandria, at the ford of Aquia Run, and partly devoured by hogs. On examination a black lawn dress, calico underskirt, linen handkerchief marked S. K., and a small white and blue child's bead necklace were found. The remains were decently interred. On or about the 20th of May a man, woman and child (supposed to be Irish,) were seen near the spot, and stated that they were from Goldsboro', N. C., and on their way to Alexandria. The man had a rough appearance, and the woman was rather above the medium size, of thin visage and dark complexion. The child is supposed to be a girl about three years old. It is the impression that this man murdered the woman and child and placed their bodies in this lonely spot, and covered them over with some ten inches of earth.

COTTON IN FLORIDA.—We hear that the caterpillar has made its appearance in the cotton fields in many portions of this county. Their ravages are beginning to be serious. One planter informs us that his crop will be cut of a hundred bales by them; and if others suffer in the same proportion, the crop will be short indeed.—Tallahassee Floridian.

The first bale of long staple cotton of this year's growth was received at Lake City on the 3d inst. It was grown on the plantation of J. C. Thrasher, of Columbia county.—[Ibid.

It is reported that the caterpillar is in portions of Marion county, playing havoc with the cotton. We hope that the danger may prove lighter than is supposed. Cotton picking has generally commenced in earnest, and the staple is pronounced good.—[Gainesville New Era.
