ESCAPING PRISONERS RETAKEN BY SHERIFF AT POINT OF PISTOL

Ride 20 Miles Back to Jail, Covered All the Time by Revolvers.

Four very downcast prisoners are back in the Sussex County (N. J.) Jail at Newton to-day with much restricted privileges and the memory of a twenty mile ride under the cover of Sheriff Wilson's revolvers as the end of less than three hours of freedom.

The four men escaped yesterday. They are Charles Murray, Arthur Mulholland, John Leffin and Peter Wolchisai. Murray had the liberty of the corridors Friday night. He improved it by removing the screws that held the lock bars of the second floor cells. Yesterday the men bound and gagged John McCormack, a prisoner who refused to join them, and escaped to the lower floor, where they beat and overpowered Frank Perry, a trusty, who had the basement keys. Then they made their way out through the basement.

The four men walked twenty miles to Swartswood Station, where the Sheriff, in a borrowed automobile, overtook them. The Sheriff hid on the floor of the car until it reached the station. Then, when the men started to run, he fired several shots that brought their surrender.

All four were bundled in the tonneau and the journey back was made with the Sheriff kneeling on the front seat, keeping his revolvers levelled at the four. The Sheriff is to ask for a pardon for McCormack because he refused to join the delivery.

MOTHER OF FOUR CHILDREN

How Lydia E. Pinkham's Vegetable Compound Kept Her Well and Strong.

Lincoln, Illinois.—"I have used Lydia E. Pinkham's Vegetable Compound for ten years with good results and I have four healthy children. This summer I was in a very run down condition and the very hot weather seemed more than I could stand, but I commenced taking your Compound in June, and from then until September 25th, when my last baby was born, I got along much better than I had before. My baby was a girl and weighed 14 pounds at birth, and I recovered very rapidly, which I am sure was due to your medicine. I am well and strong now, nurse my baby and do all my work. I had the same good results with your medicine when needed before my other children came and they are all healthy. My mother has taken your medicine with equal satisfaction. She had her last child when nearly 44 years old and feels confident she never would have carried him through without your help, as her health was very poor."—Mrs. T. F. CLOYD, 1355 North Gulick Ave., Decatur, Ill.

Expectant mothers should profit by Mrs. Cloyd's experience, and trust to Lydia E. Pinkham's Vegetable Compound.

RAY HARROUN, the only engineer that ever designed, built and drove the car of his own creation in an international sweepstake of 500 miles and won the race. Mr. Harroun is now—together with his associates—building Harroun cars at Wayne, Michigan. The handsomest and most efficient car in the world to sell at $595.00.

John Guy Monihan, president of the company, reports that definite foreign contracts—amounting to more than **Eleven Million Dollars**—and U. S. applications in hand, amounting to 53,000 cars, will take all the **Harroun** cars the factory can turn out for the 1917-18 season.

Based upon the above statements and figuring the estimated cost of manufacture and profits—shares bought now at $5.50 would—if all the stock were issued and outstanding—earn at the rate of 60% in dividends.
