## St. Paul Skater Wins Over Norval Baptie

St. Paul, Jan. 16.—Making his debut as a professional, Everett McGowan, of St. Paul, international amateur skating champion, defeated Norval Baptie of Philadelphia, in three fast races here Sunday.

McGowan took the 220 yard, half mile and three mile events, but the judges disallowed the 220 yard race, claiming that McGowan started before the gun. All the contests were so close that the spectators were unable to determine who had won until the judges announced their decision.

Baptie and McGowan will meet here again Tuesday, skating the 220 yard event over; the 440 yard; the mile and two mile. The skater taking the most races will be matched to meet other prominent speed kings of the ice in what is planned as an "elimination" series which eventually will decide the world's championship.

The time for Sundays' races were: 220 yard, 19 1-5 seconds; half mile, one minute, 19 seconds; three mile, 10:29 1-5.

And get more genuine chewing satisfaction, when you use this class of tobacco.

This is because the full, rich, real tobacco taste lasts so long, you don't need a fresh chew nearly as often.

And a small chew gives more real satisfaction than a big chew of the ordinary kind ever did.

Any man who uses the Real Tobacco Chew will tell you that.

With Our Fur Collar and Sheep Lined Coats

Every day is Sunday.

A sheep lined coat is virtually a fur lined coat—minus the expense.

Five years back coats lined with sheep skin were worn exclusively to work—NOW if you want to be exclusive you must have a sheep lined to wear on Sunday.

Of course, there's a difference in the making—ours are tailored as carefully and have all the style touches that you find in a $100 overcoat—and on top of that they are warmer than wool—because the sheep's pelt is there to stop the wind just as effectively as when it was running around in the field.

There's a difference in the price of sheep lined coats, too.

We are selling ours at $32.50 to $60, while our original prices read $45 to $85.

## "PAIR OF SIXES" IS CLEVER COMEDY

### Associate Players Win Plaudits Sunday; Kast Takes First Major Role.

William Collier and his company in "A Pair of Sixes" kept the theater going public of New York City laughing for two years, and the Associate Players in the same comedy, kept the packed house at the Palace in roars of laughter for two hours Sunday night, with indications that the entire city will be laughing over this comedy before its week closes next Saturday night. The Eureka Digestive Pill company manufactured a good product but it is doubted that its pills accomplished as much good as the infectious laughter which the antics of the proprietors produce throughout the play.

Mr. Kast as George B. Nettleton, of the Eureka Digestive Pill company in "A Pair of Sixes," was seen Sunday for the first time in a major role with the Associate Players, and established himself with local theater goers as an actor with plenty of "pep" and ability. He plays opposite Mr. Gould who appears as T. Boggs Johns, the other member of the company. Ed Clisbee takes the part of Mr. Vanderholt, their attorney.

All members of the company were excellent in their roles. Mr. Foster, in the character of Mr. Applegate is exceptionally clever, and Jack Phipps is strong in the part of the star salesman of the Eureka company. Miss Pippin as Mrs. Nettleton is unusually capable, while Miss Neitz as John's fiancee displayed exceptional talent. Earle Moore was office boy; Miss Purdy, stenographer; Will Harlan, bookkeeper; and Miss Rundle, the English maid at the Nettleton home. The work was well divided among the members and the production is assured of good houses all this week.

Ray Eaton, member of the team which won the recent New York race was paired with Freddie Hill. Ernest Kockler, western amateur champion, made his first professional appearance riding with Charley Ostertitter of Australia.

The race will last until 10 o'clock next Saturday night.

## Harvard Virginia Track Meet Is Off; Color Line, Cause

Charlottesville, Va., Jan. 16.—The dual track meet between Harvard and Virginia, scheduled as one of the big sporting events of the spring season at the University of Virginia, has been called off. Just before signing the final contract for the meet, the Harvard graduate manager, it is said, informed Dr. Lambeth of the Virginia faculty that two of the best men on the Crimson squad had negro blood in their veins and that it was not deemed advisable to bring the squad south without them.

The manager stated that he realized the feeling prevailing in the south regarding the matter and desired to make the facts known. With this information, the Virginia authorities decided to cancel the meet.

## PLEA FOR SOVIETS ASKS FOR FRIENDLY POLICY BY AMERICA

### League of Free Nations Makes Public Letter to Acting Secretary of State.

New York, Jan. 16.—An appeal for a fair, free and honest attempt to reach a mutually friendly agreement relative to the attitude of the United States toward Russia was embodied in a letter sent to Acting Secretary of State Davis by the League of Free Nations association, just made public.

The communication was in the nature of an answer to the letter written by the acting secretary of state to Alton B. Parker, an January 8, which characterized as false the statements made by the association in an open letter to the presidential candidates under the date of October 29, 1920.

The association, in its letter to the presidential candidates, charged that the United States government had refused to permit Russian relief, had confiscated passports to Russia, hindering free communication, and had helped armed intervention there.

The recent statement of Mr. Davis to the effect that relief work in soviet Russia would not be hindered and that passports would be granted to the Russian frontiers, the association stated had been drawn since the time of its original letters to the candidates.

The new policy, if carried out, the association asserted, will facilitate relief work and lead to a frank discussion of an enlightened foreign policy between the United States and Russia.

Cleveland, Ohio, Jan. 16.—Scores of men and women, their escape cut off by flames and dense smoke, leaped from second story windows when fire threatened the lives of 500 people attending services in the Cory M. E. church this morning.

The property loss was small.

A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. —Adv.
