NEW ORLEANS CRESCENT.

THE NEW ORLEANS CRESCENT.

OFFICE 94 CAMP ST., NEW ORLEANS.

J. O. NIXON, EDITOR AND PROPRIETOR.

Official Journal of the State of Louisiana.

To promote the social, material and political well-being of the city of New Orleans, the State of Louisiana, and the great Southwest, will be in the future, as it has been in the past, the purpose of this journal. The columns of each day's issue are referred to as an earnest of the faithfulness and success with which this design is executed.

While the stand-point of the CRESCENT is an independent one with reference to all the subjects of newspaper comment and discussion, its opinions will always be found to be candidly, definitely and fearlessly expressed.

A carefully selected corps of

Correspondents, Home and Foreign,

add to the usefulness of the CRESCENT, by impartial letters upon topics of moment to the people of this section. Its letters from the people form not the least interesting and valuable feature of its well-filled columns. A large share of each day's issue is given up to

SOUTHERN ITEMS,

carefully culled from our exchanges. In the selection, preparation, and arrangement of News and other Reading Matter, it is claimed that the CRESCENT is not surpassed by any other daily journal in the United States. The

Commercial and Monetary Reviews,

will bear the severest scrutiny as to the fidelity and judgment with which this important branch of newspaper duty is performed for the CRESCENT.

In brief, the proprietor of the CRESCENT proposes to continue to present to the public a LIVE, and, in every respect A FIRST-CLASS PAPER, properly supplying the imperative needs of the BUSINESS COMMUNITY AND FAMILY CIRCLE. It will be in the future, as in the past, influenced by the spirit of true progress, aiming at its own continual improvement for the benefit of its patrons.

The CRESCENT'S circulation and its line of advertisements are sufficient testimony as to the favor with which its efforts for the public have been appreciated and rewarded.

Dr. J. WHITE has had the advantages and experience which large cities, North and South, afford in an extensive practice in all forms of disease more than thirty years. This experience enables him instantly to perceive the remedies indicated—for either sex and all ages and conditions.

Private Diseases such as FEMALE AILMENTS, GENITAL WEAKNESS, PILES, SYPHILIS and GONORRHEA, in the most aggravated forms, are speedily cured and every vestige of taint and disorder eradicated from the entire system; the skin is restored to its native beauty and the entire organism to its normal health.

Persons desiring Dr. J. White's advice and remedies will call at the corner of St. Charles and Julia streets, as there are several Dr. Whites in the city.

EXTRA.....SPECIAL.

Dr. Howe's Mode of Using a Vacuum.

By removal of atmospheric pressure, local and internal congestions are instantly relieved, which restores health in a large class of diseases. It causes vigorous circulation of blood into and through a part operated upon, a course of which nourishes, invigorates and enlarges, permanently, small, weak organs, by restoring the equilibrium of nature's blood-food to them; by which it is a reliable remedy for Paralysed or Shrunken Parts, Impotency or Weak Sexual Power, Spermatorrhœa or Seminal Derangement; Diseases from Self Abuse, Painful and Incontinence of Urine, Enlarged Prostrate, Obstinate Gleet, Varicocele, certain forms of Stricture, etc., which other means rarely cure. Hundreds have been treated successfully.

His Medical Baths

Eradicate Constitutional Syphilis, Skin Diseases, Humors, Rheumatism and Mercury from the system, which medicines alone fail to reach; but used together effect wonderful cures.

FACTS!—Messrs. N. Kieffer & Hollander, No. 28 Poydras street, Manufacturers of the Malakoff Bitters:

Gentlemen—I have examined the patent that was granted you by the U. S. Government for manufacturing the Malakoff Bitters, and found in the ingredients employed a compound well calculated to excite and keep in good order the digestive organs. I have prescribed said Bitters several times, and in every instance I had occasion to ascertain their beneficial effect. I remain, gentlemen, very respectfully, your most obedient servant, A. MERCIER, M. D., 196 Canal street.

I have examined the patent you hold for the manufacture of Malakoff Bitters, and find nothing in the ingredients thereof calculated to act injuriously upon the human system, unless taken in inordinate quantities. Indeed, it is nothing but a cordial aromatic bitter. S. A. SMITH, M. D.

Your Malakoff Bitters, which I have examined, do not contain any ingredients injurious to health, and may be recommended to those who are in want of a good tonic.

Yours, M. SCHUPPERT, M. D.

RAMIE!.....RAMIE!

This new substitute for Cotton has been demonstrated to be peculiarly adapted to our climate, and to grow not only in our alluvial soil, but also on the uplands of Mississippi. That it is not subject to be destroyed by the caterpillar and other enemies of Cotton; that four crops a year may be cut and sent to the market, and each crop of more pounds to the acre than an ordinary yield of cotton; that its fibre is stronger and finer than flax or cotton; and that it is worth more than double in Europe than the best Sea Island Cotton; that it requires but little labor, and when once planted, will ratoon and propagate itself without further labor for a great many years—in fact, almost indefinitely. The subscriber has plants for exhibition, the result of his personal labor, and roots FRESH FROM THE GROUND, which are sure to live if properly planted. For sale at 127 Carondelet street.
