Some of the papers call Parson Brownlow "hot headed." He isn't hot-headed at all. The whole of his fiery hot-headedness, is a mere show and trick, a sham, an imposture, a make-believe, a thing got up as a simple matter of calculation. Brownlow is far more anxious to be thought a fiery and impetuous fighter than a Christian, and he is as little the one as he is the other. He is a hypocrite both as to Christianity and his hot headedness.—Louisville Journal.

A Washington dispatch to the St. Louis Republican, says: "It has transpired officially that the Tennessee Legislature made no ratification of the Constitutional Amendment. The State Department has received no official notification of the fact, and reliable intelligence from Nashville adds that the matter will now go over to the next session of the Legislature."

The Red Jacket Bitters is no worthless article, but is what it claims to be, a real, genuine medical preparation, of sterling virtues. The name "Bitters" is too often used to cover a villainous compound of poor whisky and some bitter drug. Do not confound Red Jacket with this class.

THE YEAR OF JUBILO.—An old and esteemed friend of ours, formerly one of the largest planters in North Mississippi, informed us yesterday, that one of his former servants, with his wife, a few days since, besought him to allow him to come back home.—"Home," said the planter, "you don't belong to me, and this is not your home now." "Yes it is master, if you jez so," replied Sam, "fur I's tired obein' mixed wid dese had fetched up white folks.—Memphis Appeal.

Sidney Smith was once looking through the hot-house of a lady who was proud of her flowers, and used, not very accurately, a profusion of botanical names.

"Madam," said he, "have you the *Septennis Mortalis?*"

"No," said she; "I had it last winter, and gave it to the Archbishop of Canterbury; it came out beautifully in the spring."

Septennis psoriasis is the medical name for the seven year itch.

HUMBLE LIFE.

Tell me not that he's a poor man,
That his dress is coarse and bare;
Tell me not his daily pittance
Is a workman's scanty fare.
Tell me not his birth is humble,
That his parentage is low;
Is he honest in his actions?
That is all I want to know.

Is his word to be relied on?
Has his character no blame?
Then I care not if he's low borne—
Then I care not wh nce his name
Would he from an unjust action
Turn away with scornful eye
Would he, then, defraud another?
Sooner on the scaffold die.

Would he spend his hard-gained earnings
On a br ther in distress?
Would he succor the afflicted
And the weak one's wrongs redress?
Then he is a man d serving
Of my love and my esteem,
And I care not what his birth-place
In the eyes of man may seem.

Let it be a low thatched hovel—
Let it be a clay built cot—
Let it be the parish workhouse—
In my eye it matters not.
And if others will disown him
As inferior to their caste,
Let them do it—I'll befriend him
As a brother to the bot

MEDICAL.

DR. SAMUEL GILBERT'S

PREPARATIONS.

DR. SAMUEL GILBERT, so celebrated as having had for the last twenty-five years, in the treatment of

CHRONIC DISEASES,

the most lucrative Medical Practice in the South, has at last consented to allow several of his most esteemed remedies to be prepared and sold as proprietary medicines. This resolution has been engendered by the repeated solicitations of those who have experienced the benefit of his remarkable professional skill, and by the impossibility of giving especial attention to each of the written applications made to him for prescriptions by those whose pecuniary circumstances or business habits, preclude the possibility of applying in person to him.

THE PUBLIC

May rest assured that the manufacturers spare neither pains nor expense in the preparation of these remedies. They are made of the very best medicines known, in a highly concentrated form, upon strictly scientific principles.

DR. SAMUEL GILBERT'S

GENERAL ALTERATIVE

Acts directly upon the Glands and Mucous Membranes—stimulating them to additional activity in their natural functions of eliminating from the Circulating Fluids the usual Effete (and in disease, Morbid) Matters, and expelling them through the Skin, Kidneys, Liver, and Alimentary Canal from the system. It is, therefore, adapted for the relief of chronic diseases affecting those organs, and of the mucous membranes lining them such as

ERUPTIONS, TETTER, ULCERS, SCROFULA

JAUNDICE GOITRE,

CHRONIC INFLAMATION OF BLADDER AND UTERUS, ETC.

It is particularly useful in Suppressed Menstruation, Hereditary Taints, Syphilis, and maladies arising from long-continued use of Calomel, Blue Mass, Corrosive Sublimate, Fowler's solution, Donevan's solution, and other preparations of mercury and arsenic.

DR. SAMUEL GILBERT'S

TETTER OINTMENT

Is a most excellent preparation for the cure of that class of maladies usually termed

DISEASES OF THE SKIN.

and which are popularly known as Chronic eruptions, Tetter, Pimples, Blisters Scabs, Scald-Head, Milk-crust, Ring-worm, etc., etc.

It will also kill Itch and other local vermin which prey upon the skin. It softens and detaches the excrementitious matters deposited upon the skin; heals the cracks, blisters, and pimples, and renders the cutaneous surface smooth and pliable. It has been used by Dr. Gilbert with most satisfactory results, for many years. It is offered for sale, in this style, from the firm conviction that it must necessarily meet with the hearty approbation of those who make use of it.

Full directions for the method of using these remedies, a plain and accurate description of a number of the different varieties of skin diseases, and many valuable suggestions in regard to their cure, will be found printed on circular accompanying each package. These suggestions are the fruit of most ample experience acquired by Dr. Samuel Gilbert during his extraordinary professional career in the treatment of this class of diseases in the cities of Memphis, New Orleans and New York; and will, it is expected, enable most unprofessional persons to treat their own cases with much greater success than that which usually falls to the lot of ordinary physicians.

DR. SAMUEL GILBERT'S

HEALING OINTMENT

Possesses peculiar tonic and astringent qualities which cause it to be admirably adapted to the cure of

Various Kinds of Ulcers.

Especially those which are of an indolent nature, and which are usually denominated "Old Sores." It is confidently believed to be much superior to any other preparation made for similar purposes.

Full directions for the method of applying it, a plain and accurate description of a number of the different varieties of Ulcer, and valuable directions in regard to their cure, will be found printed on the circular accompanying each box, which remarks, it is hoped, will enable most unprofessional persons to treat their own Ulcers with greater success than is usually experienced from the attention of ordinary physicians. A CERTAIN CURE! Gallighan's Pills are composed simply of Vegetable Medicines. They are Cathartic Pills, acting upon the Stomach, Liver and Bowels; containing no Arsenic, Calomel, Blue Mass, or any other Mineral substance. Follow the directions, and you will find they will do all that is claimed for them. Try one box, and their own merits will recommend them ever afterwards.

MISSISSIPPI COLLEGE

Clinton, Hinds County, Miss.

THE Sixteenth Annual Session of this Institution will commence on Monday, September 24th, 1866. As the endowment fund is not yet available, College classes cannot be reopened for one year more; but the Preparatory Department will be carried on with much greater thoroughness than usual. It is determined to make this a model Preparatory School, imitating, as closely as possible, the great national schools of England, such as Eaton College. As there is only one course, not a multiplicity of courses, each student receives two or three times as much attention as in the usual schools of mixed courses. The same general system that has been so remarkably successful hitherto, will be continued.

JOHN PATTEN, Jr., Proprietor

The Pacific Hotel is well and widely known to the travelling public. The location is especially suitable to merchants and business men, it is in the centre of business, and the cars pass the door for all the lines of Southern and Western travel—and connect at all the principal Railroad and Steamboat depots.

The Pacific has had large accession to its lower rooms, it is well furnished, and contains every modern improvement for the comfort and convenience of its inmates. The rooms are airy, and well ventilated; provided with [illegible] water, and the attendants are prompt and respectful, and the table is generally provided with every delicacy in the market.

The subscriber who, for the past few years, has been the lessee, is now the proprietor, and intends to identify himself thoroughly with the interests of the house. With long experience as a hotel-keeper, he trusts, by moderate charges and liberal policy, to maintain the favorable reputation of the Pacific Hotel. April14d1y
