MISSISSIPPI COLLEGE,
Clinton, Hinds County, Miss.
THE Sixteenth Annual Session of this Institution will commence on Monday, September 24th, 1866. As the endowment fund is not yet available, College classes cannot be reopened for one year more; but the Preparatory Department will be carried on with much greater thoroughness than usual. It is determined to make this a model Preparatory School, imitating, as closely as possible, the great national schools of England, such as Eaton College. As there is only one course, not a multiplicity of courses, each student receives two or three times as much attention as in the usual schools of mixed colleges. The experiment of a similar course, pursued with remarkably successful hitherto, will be continued.

FOREST HALL,
MARION, ALABAMA.
ON the first of October next, I will open in this place a private, select SCHOOL for GIRLS, offering unusual advantages for a finished education. The buildings are elegant and commodious; the grounds extensive and well improved. The school is fully furnished with Libraries, Apparatus, and every desirable appliance. It is especially adapted to advanced scholars—young ladies who are finishing their school studies previous to entering society. There are five Professors and Teachers of experience and most approved skill.
As the number of pupils is limited to 30, of whom 20 will board at the Hall, early application will probably be necessary to secure admission.

SUMMERVILLE INSTITUTE,
THE LARGEST AND MOST SUCCESSFUL
Boarding School in the Southern States
FOR BOYS AND YOUNG MEN.
This School has all the Advantages of a College with None of its Disadvantages.
This Summerville Institute is patronized by the best Men of the South.
THIS old and highly useful and popular Institution enlarged, refitted and re-furnished, and having the ablest corps of Teachers ever brought together in this country, will enter upon its Fourteenth Session on
Monday, the first day of October next.
The Principal has associated with him in the School, John M. Pattick, A. M., W. B. Kirkpatrick, A. M., and Mr. T. J. Williams; Prof. P. E. Holmes gives instruction in Music every day with commendable zeal and ability.
The School is situated in a high, salubrious region, known as the "Mountains," eleven miles from Shuqualak, on the Mobile and Ohio Railroad, and is almost the only School, of its grade, that went through the war. Since the surrender, large additions have been made to the buildings, and the term closing June 30th is the most prosperous and useful one known in the history of the School, successful as it has always been. Every branch of Mathematics, pure and mixed, including
Civil Engineering and Practical Field Operations
with a splendid equipment, is taught with the very first ability. The classics and the French language form an important feature in the regular course of study. All the English branches are ably and forcibly taught, including the Natural Sciences, illustrated by a complete apparatus. In short, the greatest care is taken with the training of all boys, at any stage of their education. Young men are carefully prepared for any particular calling in life, or to enter any class in any University. The Book-Keeping Course here, is as good as any in the regular Commercial Schools.
The most frequent instruction given students is, to maintain their self-respect and be gentlemen, indeed; and no pains are spared to assist them in every interest.
The charges are, for Twenty weeks, One Hundred and Twenty-five Dollars, invariably in advance. Music, which is optional, Washing and Fuel—extra.
To secure a room, or for other particulars address, Gholson, P. O., Miss.
THOS. S. GATHRIGHT.
Principal and Proprietor.
Catalogues furnished on application. je20dtol.

EDUCATIONAL.

CENTRAL FEMALE INSTITUTE,
Clinton, Hinds County, Miss.
THE FOURTEENTH ANNUAL SESSION of this Institution will begin on Monday, September 24th, under the same Principal, who has presided over it for the last ten years, who will be assisted by a full corps of teachers, of large experience and proved efficiency. Its friends and patrons, to whom its high character, before the war, was known, may be assured that it has lost nothing of that character, but now, as heretofore, stands second to none in the thoroughness of its discipline and instruction. For the truth of this declaration, we need only refer to its late closing exercises, which, by competent judges, were pronounced superior in excellence to any they had ever before witnessed. With its buildings put in thorough repair, (which is now in progress,) and furnished with every necessary convenience; with its extensive means of illustration and the successful experience of its teachers, we cannot too warmly commend it to those who, for themselves or others, would enjoy the benefits of an educational institution of the highest grade.
Terms, and other information, can be obtained on application to the Principal, Prof. Walter Hillman.

The magnificent collection of Shells and Minerals, excites the admiration of visitors, and perhaps has no equal in the South or West.
All the facilities for acquiring a thorough education, are offered in this Institution. It is located in a healthy country—amidst a moral and intelligent community, and is accessible by railroad.
