CITY MAIL DELIVERED FIVE DAYS AFTER POSTING

Merchants' Association Test Shows Various Speeds of Letters Mailed Together.

Marked irregularities in local mail delivery are mentioned in a report of the Broadway Association, made public yesterday after an investigation in which test letters were sent to various sections of Manhattan.

"Six pieces of first class mail, mailed at 3.30 P. M., one Thursday, did not reach their destination within the limits of Manhattan until the following Tuesday. Letters mailed in Washington in the evening have taken thirty-six hours to reach their destination here.

"A series of letters mailed at 7 A. M. near 42d Street and Broadway, addressed between Chambers and Wall Streets were delivered as follows:

"Nine per cent. between 11 and 12 o'clock, 29 per cent. between 12 and 1 o'clock, 29 per cent. between 2 and 3, 3 per cent. at 3 P. M.; 4 per cent. at 3.30, 4 per cent. at 4, 8 per cent. at 8 A. M. the next day, and 14 per cent. at noon the next day."

Other sections tested are reported to have shown similar irregularities, and complaints from suburban localities are also mentioned.

A Message to Mothers

YOU know the real human doctors right around in your neighborhood: the doctors made of flesh and blood just like you: the doctors with souls and hearts: those men who are responding to your call in the dead of night as readily as in the broad daylight; they are ready to tell you the good that Fletcher's Castoria has done, is doing and will do, from their experience and their love for children.

Fletcher's Castoria is nothing new. We are not asking you to try an experiment. We just want to impress upon you the importance of buying Fletcher's.

Your physician will tell you this, as he knows there are a number of imitations on the market, and he is particularly interested in the welfare of your baby.

Genuine Castoria always bears the signature of Chas. H. Fletcher
