GENERAL ITEMS.

Marion, N. H., exports daily fifty bushels of blueberries, on which the first buyers make a profit of $64.

The compositors in Brooklyn are on a strike for the New York scale of prices. Their places are filled by boys and young women.

A hundred and twenty-five thousand baskets of peaches were received and marketed in Chicago during the few days ending on the 10th.

Notwithstanding the shipments of flour and grain from Chicago during the past month, there is now on hand 104,103 barrels of flour and 1,093,279 bushels of grain more than it had at this time last year.

In the composition room of the Cincinnati Commercial, on Wednesday, the 9th inst., three hundred and ninety four thousand six hundred ems of matter were set. The average is three pieces to the "em," so that the printers handled one million one hundred and eighty-three thousand eight hundred pieces of type metal. The composition bills for the day are $197 30. We presume, says the Commercial, this is the largest day's work ever done in a newspaper office in the United States outside of the city of New York.

CAFE IMPERIAL.—The attention of connoisseurs of wines and lovers of good eating is called to the fact that Mr. Anton Offergeld, the incomparable host, has taken charge of this popular saloon, and, after refitting it, has replenished its larder and cellars with everything that is choice to eat and drink. Besides his competency as a caterer, Mr. Offergeld is a prince of good fellows. There are hundreds who will recollect him as a member of the Continental Guards, 7th regiment Louisiana volunteers, and as having done good service for four years among the bravest, where all were brave. In visiting his house, every gentleman may expect to meet with that urbane attention so characteristic of "mind host," and depart with the satisfaction that he has partaken of the best of good cheer at the most reasonable charge. Mr. Henneberg, his partner, is a generous disposer of good things, and would be pleased to see his friends and the public generally at the "Cafe." See card in another column.

QUEER RUMORS ABOUT GRANT.—A Washington special of the 10th, to the Louisville Journal, says: It appears that the talk some time ago about Grant's withdrawing from the presidential canvass was not without foundation. It seems that during the month of June, just before he started West, he was laboring under severe mental disorder, superinduced by a free use of stimulants. During one of the attacks of nervous prostration he actually wrote a letter declining the contest. He was hurried off to Cheyenne to put a stop to gossip. The story has leaked out, however, and now receives the addition that he will withdraw if Indiana and Pennsylvania vote the Democratic ticket in October. Grant is said to be really a conservative at heart, and is already sick of the Radical company he is compelled to keep. The reason he does not return here is that his friends are afraid to trust him. Latterly his health has been very good.

BIG LUCK.—The Aberdeen Examiner of the 10th says:

Our young friend H. A. Knowles, is the hero of the "biggest streak of luck" of any man we know of. Last Tuesday he drew four $1000 bills from the bank and started home with them, but had not proceeded far before discovering their loss. Well, on Wednesday evening a young freedman brought one of the bills to Mr. John Walker, at Morawski's store, and, ignorant of its value, exchanged it for a dozen marbles, giving Mr. Walker a clue, which he actively followed up, recovering the whole amount. The little boy had picked up the bills, and they were surrendered, we are informed, without hesitation.

The Kentucky State Fair opened at Louisville on the 9th, brilliantly.

New Orleans Money Market.

CRESCENT OFFICE, No. 94 CAMP STREET, Monday Evening, Sept. 14, 1868.

We have nothing special to notice in the general tone of the money market. Gold opened in New York at 144¼ against 144, the closing rate Saturday evening; at 12 M. it was quoted at 143¾, and at 3 P. M. closed at 143½. We have no improvement to notice in the demand or supply in this market, and total sales have been confined to the following, viz: $2000, $5000 and $15,000 Gold at 142¾; $4650 do. at 143; $1400 and $2000 do. at 143¼; $2000 do. at 143¼; $12,000 do. at 143¾; $10,000 do. at 143¾; $1000, $2000, $3500, $5000 and $10,000 do. at 143½. Nothing reported in Silver. We quote: Gold, 142½@142¾; American Silver coin, 136@137; Mexican dollars, 147@147½.

DOMESTIC EXCHANGE.—Nothing has transpired to materially alter the condition of the Domestic Exchange market. Offerings of commercial sight and short sight continue to exhibit a daily increase, but the demand by remitters is still of a limited character. Total purchases by banks and bankers to-day comprise only the annexed amounts, viz: $5000, $5000, $7000 and $15,000 New York commercial sight at ⅛ ₱ cent. discount; $50 000 bank check at ⅛ ₱ cent. discount; $3000 New York commercial sight at ¼ ₱ cent. discount, and $22,000 do. at ½ ₱ cent. discount. We now quote par at bank and ⅛@¼ ₱ cent. discount out of doors for sight checks on Northern cities.

FOREIGN EXCHANGE.—There is no alteration worthy of special notice in the movement under this heading. Offerings of commercial sterling and francs are light, and the demand also continues of a very restricted character, as will be seen by the actual sales as transpired to-day, viz: £600 bank sterling at 157; £700 and £5000 A 1 commercial do. at 155; $40,000, $50,000, and $70,000 private banker's francs at 3.63¾; and $50,000, $50,000, and $100,000 A 1 commercial at 1; commercial do. at 3.65. We now quote bank sterling 156½@157; commercial do. 155@156; bank francs 3.63¾@3.62½, and commercial do. 3.65.

UNCURRENT NOTES AND SECURITIES.—City and State notes are dull and unchanged. Bank of Louisiana notes continue wholly neglected, and the movement in all classes of stocks and bonds is still of a very limited character. Operations under the above heading include only the following, viz: $1500 city notes at 36, $10,000 do. at 35, $10,000 do. at 34½, $5000 do. at 34, and $15,000 do., buyer's option 20 days, at 33½ ₱ cent. discount; 50 shares Bank of America stock at $142 per share.

SPECIAL DISPATCHES.—We are indebted to the Western Union Telegraph line for copies of the following private dispatches received from that route to-day, viz:

New York, Sept. 14—10 A. M.—Gold opened at 144¼. 10:30 A. M.—Gold 144. Cotton dull and nominal; middling 26c.; Mobile 26¼c.; Orleans 26½c. Sterling 109½@109¾. 11:50 A. M.—Gold 144¼. Cotton unsettled. Accurate quotations cannot be given, nominally 1c. lower; middling 25c.; Mobile 25½c.; Orleans 25¾c.; sterling steady. 3 P. M.—Gold closed 143¾. Cotton dull and nominal. Sales to-day 600 bales; middling 25c.; Mobile 25¼c.; Orleans 25¾c. Sterling steady.

Liverpool, Sept. 14—11:15 A. M.—Cotton market flat. Estimated sales 8000 bales. Uplands 10¼d.; Orleans 10¼d. 1:20 P. M.—Cotton declining. Sales 8000 bales. Uplands 10¼d.; Orleans 10¼d.

London, Sept. 14.—11:15 A. M.—Consols 94@94¼. 5.20's 72.

Commercial Intelligence.

CRESCENT OFFICE, No. 94 CAMP STREET, Monday Evening, Sept. 14, 1868.

COTTON—Notwithstanding the continued unfavorable tenor of the Liverpool and New York advices, the inquiry here has disclosed more animation than any previous day this season. Early in the day buyers were busily engaged examining samples. Holders at first seemed desirous to realize at the inside figures paid Saturday, and considerable sales were made; but, before the close of business, in consequence of the diminished stock and a more active demand, prices inclined in favor of sellers, and extreme outside figures were paid. Sales amounted to 2170 bales taken principally for Liverpool and Havre markets, and we now quote the market very firm as follows, viz: low middling 22@—c., middling 22½@—c. and strict middling 23@—c.

COTTON STATEMENT.

Stock on hand and on shipboard		9,961

SUGAR AND MOLASSES.—The movement in the former article continues to be of a very moderate character, and the demand limited to a jobbing and retail business, without disclosing any inquiry for round lots. The market for Molasses continues dull, without any quotable transactions whatever. Cuba Sugar Nos. 12 to 14, is retailing at 12½@13¼c.; Porto Rico, 14¼@14½, and Louisiana Sugar, prime to choice, 14¼@16½c. ₱ lb.

FLOUR—During the last two days the receipts of flour were much larger than in same period for some time previously, consequently offerings of all grades are ample, and rates of superfine, which, owing to its scarcity during the last week, ruled higher in proportion than better grades, have declined, and the general tone of the market was dull throughout to-day. Buyers, in view of the very liberal receipts, refuse to operate to any extent unless at reduced rates, while receivers and dealers do not seem desirous of parting with their stocks upon any concessions whatever outside of the decline mentioned in superfine. Transactions to-day were of a very limited character, and confined principally to a jobbing and retail demand, with few operations in a round way. 80 bbls. treble extra were sold at $10, 100 choice extra at $11, and 200 do. upon private terms. In the absence of any sales indicating ruling rates, we quote, nominally: Superfine $7 25, single extra $7 50@7 75, double extra $8@8 25, low treble $8 50@9, choice treble $9 50@11, and choice extra $11@13 50.

CORN—Receipts since Saturday last were heavy and the stock on the landing ample for the demand which was very light to-day. We note sales 100 sacks new creole at $1 65, 75 yellow at $1 15, and 100 and 185 white and yellow mixed at $1 15 per bushel.

OATS—In consequence of the very large receipts and little demand the market for oats was weaker to-day and sales of some 400 sacks were made at 62c. per bushel. We now quote oats upon the landing 62@63c. per bushel.

BRAN—Offerings, in consequence of late arrivals, are more than ample for the demand, which was of a very moderate character to-day. We note sales of 200 sacks ship stuff at $1 30 and 50 bags do. at $1 50, and quote bran $1 25@1 30 per 100 lbs.

HAY—Continues dull. Recent receipts have given very little impetus to the market. Business is confined to jobbing and retail lots. We quote prime Western $24@25 ₱ ton.

PORK—We have very little movement in this article to note. Business to-day was confined entirely to a retail demand at $31 50. There was some inquiry for round lots, but no sales consummated.

BACON—The market is quiet, but steady. Business to-day was confined to a retail demand. We continue to report shoulders 14@14½c.; clear ribbed sides 17@17½c.; clear sides 18@18½c.; and sugar cured hams 20@22c. ₱ lb.

LARD—Is fair. We quote prime, in tierces 20@20½c.; in kegs 22½@23c. ₱ lb.

FREIGHTS—The freight movement still discloses a very heavy and steady falling off. The tonnage in port on foreign and domestic account is reduced to the summer standard, while the demands for freight room indicate a corresponding or perhaps greater abatement. We now quote nominally cotton to Liverpool by steam, 9-16@⅝d.; by sail, cotton, 7-16d.; tobacco 35s.; flour 4s.; London ⅝d. for cotton, 37s. 6d. for tobacco. To New York by steam and sail ⅛c. for cotton, 14@15c. for corn, 60@75c. for flour, and $8 for tobacco. To Boston by sail ⅜@½c. for cotton, 15@17c. for corn and 65@70c. for flour. To Bremen by sail, ⅞@1c. for cotton, and 35s. for tobacco. To Havre by sail, 1⅛c. for cotton, and $12 for tobacco. To Philadelphia, by steam, 1c. for cotton. To Boston, steam, 1c. for cotton, flour 80c., grain 17c.

The following extract from the Chicago Daily Commercial Report and Market Review, under date of September 1, kindly furnished to us by one of our leading provision houses, will be found interesting to this commercial community, who are directly concerned in the stocks of, and movements in, that great meat market of the West—Chicago:

Provisions—The only article of hog product that has attracted the attention of operators is Lard, which has been in good demand and advanced 1@1½c. since our last report. During the month of August there were shipped 5081 tierces, and last week 2000 tierces; the estimated stock on hand is between 5000 and 6000 tierces. Mess pork has ruled decidedly dull, and outside brands have been taken at lower figures; the shipments for the past month were 8000 bbls., and the estimated stock here on the first was 16,246 bbls. The shipments of bulk meats for the past month were 3,500,000 lbs., and the stock on hand here on the first is less than 6,000,000 lbs., if we reject the receipts by the northwestern road, and about 8,000,000 lbs. If those are included.

River Intelligence.

CRESCENT OFFICE, No. 94 CAMP STREET, Tuesday Morning, September 15, 1868.

The weather has been slightly moist since our last, in fact Pluvius has had everything his own way, and Helios has been forced to remain in the back ground.

The receipts of cotton are daily increasing and have given an impetus to business which has surpassed the expectations of the most sanguine. During the past two days our steamboat landing has presented a real business appearance. Eleven steamers have arrived since our last report, each one fully freighted.

Two thousand six hundred and forty-one bales cotton were received yesterday by the following named steamers: Robert E. Lee 1950 bales (the largest load of the season,) Gossamer 194 bales, Cuba No. 2 59 bales, Ruth 52 bales, and Nina Simmes 386 bales.

The low water packet Dixie, Capt. Thorton E. Jacobs, came to the wharf yesterday looking as bright as a new pin. She leaves at 5 P. M. to-day for all landings between this city, Shreveport and Jefferson. Mr. T. J. Reeder is her clerk.

The well known and deservedly popular light draft passenger packet Cuba No. 2, Capt. Geo. E. Wilkinson, leaves at 5 P. M. to-day for Jefferson and all way landings.

The peerless Robt. E. Lee, Capt. John Cannon, leaves at 5 P. M. to-day for Vicksburg and intermediate landings. The Lee and her officers are too well known for us to say aught in their behalf.

The A. G. Brown, Capt. W. S. Bassett, leaves at noon to-day for the lower coast.

The Irene, Capt. James Tucker, will be found at the wharf to-day, ready to receive freight. She leaves at 5 P. M. to-morrow for Shreveport, Jefferson and way landings, paying particular attention to all plantation business.

By an advertisement in an evening contemporary, we learn that the Gov. Allen will on Monday next enter the list as a regular New Orleans and Vicksburg packet, leaving this city every Monday at 5 P. M. Capt. John Smoker will command her.

The celebrated Lafourche came to the landing yesterday morning looking like a new boat. During her sojourn among the Algerines she has been docked and repainted, and to-day will compare favorably in strength as well as beauty with any boat afloat. She leaves at 5 P. M. to-day for Bayou Sara, under command of Capt. Heno, a veteran in the trade, and will continue during the season in this trade, leaving here every Tuesday at 5 P. M., and every Saturday at 10 A. M.

ARRIVALS.—Since our last issue the following named steamers have arrived:

Robt. E. Lee, Capt. Cannon, from Vicksburg, with 1950 bales cotton and several hundred tons of assorted freight.

Towboat Atlantic, Capt. Belt, with three barges from St. Louis. All her barges were heavily freighted. Their cargoes consisted in part of 5973 bbls. flour, 7714 sacks oats and 2966 sacks corn.

Aloe and A. G. Brown, from lower coast, with rice, etc.

Ruth, Capt. Pegram, from St. Louis, with a full freight.

Nina Simmes, Capt. Greathouse, from Bayou Sara, with 386 bales cotton and sundries.

Bismarck, Capt. Entricken, from St. Louis, loaded to her utmost capacity.

Cuba No. 2, Capt. Geo. Wilkinson, from Shreveport, with 59 bales cotton, 234 head sheep, etc.

Gossamer, Capt. Kouns, from Shreveport, with 195 bales cotton, lot hides and sundries.

Hetty Gilmore, Capt. King, from Lafourche.

Towboat Mohawk, from St. Louis, with barges fully freighted. Part of their freight was 7836 bbls. flour, 3846 bags corn, 1634 sacks oats, 1335 bags bran.

DEPARTURES.—There was but one departure yesterday, the Nina Simmes, for Bayou Sara.

The officers of the Robert E. Lee, Nina Simmes, A. G. Brown and Cuba No. 2 have our thanks for favors. The following is the Cuba's memorandum:

Steamer Cuba No. 2 left Shreveport September 9th, at 6 P. M. In port steamer Glide, Right Way, Era No. 8, and George. 10th—Met Rose Franks at Coushatta; laid up all night at Campte. 11th—Passed Lizzie Tate at Grand Ecore; laid up that night at head of upper falls. 12th—Met Lulu D and Richmond pulling over the falls; Lotus No. 2 at Mrs. Vaughn's; Red river falling all the way down—30 inches on the principal bars. Sept. 13th—Met Wild Wagoner and Gen. Quitman just below Morganza, Mollie Able at head of Prophet's Island, Celeste below same point, Caddo five miles below Baton Rouge, Enterprise at Donaldsonville.

The weekly Ouachita packet Cleona will be found at the wharf this morning.

BOATS DUE TO-DAY.—Glide and Lizzie Tate from Red River, Telaquah from Cincinnati, Idahoe and Cleona from Ouachita river.

Capt. Wm. Brooks, one of the oldest Red River steamboat captains, died at his residence near Jefferson, Texas, on the 31st ult., of typhoid fever.

The Pauline Carroll and Kellogg and barges left St. Louis on the 10th for this city.

From the Vicksburg Times 12th inst.: "The trial of Capt. W. B. Donaldson is set for Sept. 25th. His boat, the Great Republic, has been seized by the United States marshal at St. Louis, a libel having been filed against her in the United States District Court."

From Cincinnati Gazette 12th inst.: "The Cora S. left last evening with about 325 tons New Orleans freight, and 25 tons for points on the lower Ohio. Included in her cargo are 800 boxes stareh, 500 pkgs. lard, 250 bbls. potatoes at New Albany. She may reship at Cairo, and may go on to Memphis. The Swallow came off the docks last evening, in first-rate condition. She will soon commence receiving for New Orleans, in command of Capt. Frank Maratta, formerly of the Alice Dean. The Westmoreland follows the Swallow on the docks. The Alaska will arrive from New Orleans to-morrow, and will immediately begin to receive for return trip. The Nich. Longworth, which has been undergoing material alterations and improvements at Madison, was lowered into the river on Tuesday. It is rumored that Capt. Gus. Everhart is in the city to try to purchase the Louisiana."

From the St. Louis Democrat, 12th inst.:

"The river came to a stand and was slowly on the decline yesterday. A fair stage of water in the river during the fall is anticipated. Several heavy showers of rain fell during the day. Warm and veryl wet weather has prevailed over the Northwest, giving improved water for steamboats in all the upper rivers. At Dubuque, for instance, the river is over half a foot, and in the Illinois about the same. At St. Joseph, the Missouri is reported rising rapidly, and there is a greatly increased volume in the Ohio. Business continues moderately lively at the wharf. Some big cargoes will be taken out to-day. The Omaha and Wyandotte packets will have all they want; the prospect of the Memphis packet is good; two boats and one towboat for New Orleans will have all the freight they want, and there will be the usual Saturday activity at the wharfboats of the upper Mississippi packet lines."

From the Louisville Courier, 12th inst.:

"The Milbrey left for Cairo with a good trip, including a large lot of Southern freight, which she will reship on the Belle Lee. The famous Louisville and New Orleans packet Indiana will come up on the present rise, and will leave here next Saturday for New Orleans. She has been laid up at Cairo during low water, and has been put in thorough repair. The Belle Lee will leave Cairo on Tuesday next for New Orleans."
