Patent Reissued October 23, 1867.

TO WHOM IT MAY CONCERN—I have appointed Mr. H. O. AMES my attorney, to represent my interest in the United States Patent granted to me for ROBT. B. BRASHEAR'S process for "SULPHUROUS FUMIGATION OF CANE JUICE," in the manufacture of Sugar, as per act passed January 25, 1868, before Andrew Moro, Jr., notary public in New Orleans.

NANCY POINDEXTER BRASHEAR.
Centerville, La., October 1, 1868.

In accordance with the above notice, and as joint owner in said Patent, I hereby notify all parties who use

Sulphur Fumes in Fumigating Cane Juice in the Process of Manufacturing Sugar

that the purchase of the Mechanical Contrivances patented by others for carrying into effect BRASHEAR'S PROCESS, does not secure to them the right to use said Patent without license from me. And all those who use SULPHUR FUMES, applied directly to the cane juice, without reference to its mode of application, without acquiring the legal right so to do, infringe the claims of the BRASHEAR PATENT, and render themselves liable to an action for damages in the District Court of the United States.

Parties wishing to acquire the right to use this

Invaluable Invention,

are informed that I will grant Licenses on very reasonable terms, viz: One Dollar per Hogshead of Sugar made of the crop of 1868, to be paid at the close of Sugar making. Licenses will be furnished on application to me, by person, at No. 4 Peters street, opposite the Custom House, or by addressing me through the Post-office, New Orleans, Box 672.

The Magnolia Washing Machine

Will do your washing with one-half the labor, less soap and no more water than you usually use; will save the cost of the Machine in the wear of clothes and in fuel in less than one year; makes no slop; does away with the necessity of standing over a steaming tub, and prevents the washer from inhaling the steam of filthy soap suds, also from getting wet, and will in many instances be the means of preventing sickness and saving a doctor's bill.
